CENTRE HALL, PA., THURSDAY, AUGUST 15, 1935.

NO. 32

DON'T KEEP US IN SUSPENSE.

(Editorial, Philadelphia Record)

Out of 14,782 telegrams sent from 10 cities to Congressmen to protest against the Wheeler-Reynolds holding company bill.

Exactly 14,779 of those telegrams were paid for by the utilities.

And precisely three of the telegrams were bona fide.

So declare Senator Hugo Black, chairman of the Senate Lobby Investigating Committee.

The public will await with bated breath the disclosure of those three bona fide telegram senders.

Were all three widows? Were all three orphans? Were two widows and one an orphan? Or were two orphans and one a widow?

"CONSIDER THIS CRITICISM"

"There are only two unforgivable sins in the catalogue of the defenders of Privilege. They are (1) To impose taxes upon the basis of ability to pay and the benefits received, and (2) To separate monopoly from syndication the major portion of the national income produced by all of the people.

The moment Mr. Roosevelt said: 'Let wealth pay its share of the taxation,' there went up a syndicated propaganda that he was holding Congress in session to secure a half-baked tax measure.

Read carefully the criticism of Roosevelt's tax policy and you will see that it comes from those who would return to the old order where two-thirds of the wealth found its way into the pockets of 10 per cent of the people." — Raleigh News and Observer.

MINORS MAY NOT BE EMPLOYED

WHERE INTOXICANTS ARE SOLD

The interpretation of an amendment to the Child Labor Law by Ralph Bashore, Secretary of Labor, is to the effect that while minors may be employed in distilleries, breweries, etc. they must be 21 before they can serve intoxicants.

One section of the law says: "No minor under 18 years of age shall be employed in, about or in connection with any establishment where alcoholic liquors are distilled, rectified, compounded, brewed, manufactured, bottled, sold or dispensed."

The next section says: "No minor shall be employed or permitted to serve or handle alcoholic liquor in any establishment where alcoholic liquors are sold or dispensed."

EVAN. HOME CELEBRATS 19TH YEAR—DR. WINTER, SUPT.

The Evangelical Home at Lewisburg, which began in a most modest way in 1916, now has a modern home for the aged, a well-equipped children's home and a hospital, all combined, with total assets of almost a half-million dollars.

At the nineteenth anniversary celebrated, Dr. A. A. Winter was continued as superintendent.

The home farm contains 200 acres, and from this was raised 770 bushels of wheat, 117 bushels oats, 113 bushels barley, 65 bushels rye, 187 bushels potatoes, 200 bushels corn; also, 500 bushels apples.

There are seventy-five guests at the Home for the Aged and fifty children in the children's home. During the past year the home received two bequests totaling \$1632.27.

The anniversary was attended by about 500 persons whose offering was between \$700 and \$900.

There is nothing alarming in a Rhode Island Congressional district having elected a Republican congressman. The district has elected a Democrat but twice in a dozen years.

Smith, for President, although he carried the State, failed to carry the district in question. The election last week of Risk, R., was due more largely to family trouble in the Democratic party than to the New Deal.

H. Edgar Barnes was appointed Justice of the Supreme Court by Governor Earle. He was formerly Secretary of Revenue in the Earle cabinet.

He took the oath immediately after receiving the appointment, which holds to January 1st.

The 1935 tax duplicate will be issued within a short time. In times past, tax was considered the first financial obligation of the average citizen, but today it is different.

The tax bill is shunted into a corner like any other debt notice by an entirely too large percentage of persons who are amply able to pay, but simply resist with the expectation of being relieved—and he wins too often.

Mrs. Stanley Brooks was confined to bed during the beginning of this week from poison on the arms, face and upper part of the body.

62ND ANNUAL ENCAMPMENT

FAIR OPENS NEXT WEEK

Management Puts Finishing Touches to Program of Entertainment and Education for All Classes.

The committee in charge of the Grange Encampment and Centre County Fair met on Grange Park, Saturday evening for its final session before the opening on Thursday morning, August 22, of the 62nd annual celebration of this great institution, outstanding in interest and activities of value to the people of central Pennsylvania.

Superintendents and assistants, representing each department, expressed themselves well satisfied with the plans and arrangements now nearing completion and felt certain they will be in readiness on the opening day to present a well-rounded program, pleasing to all ages and all demands.

Grounds are in splendid condition clean, well drained and a fine close-cut sod everywhere. More shade in the outlying part of the ground makes camping anywhere on Grange Park a delightful experience. Tents have all been erected according to the accepted plan, along streets and avenues named in honor of early subordinate Grange organizations and leaders in Centre county, laid out in orderly arrangement. Each tent is furnished with bench, bunk, table and floor; also, wired for light. Campers on entering grounds are advised to report to headquarters where messengers will direct to tent location.

Rental, 12x12, \$7.00; 14x14, \$8.00; 15x20 current cooking.

The bustle and confusion of going into camp on Thursday and Friday presents a scene on Grange Park so unusual and so different from the calm routine of everyday life as 550 families leave their homes with truck loads of household goods and arrive on the grounds ready to begin a week of camp life.

With some degree of system soon all are comfortably settled with camping equipment arranged and when Friday evening arrives are in readiness to see the first play in the Grange play contest and make plans for week of pleasure.

Well known baseball teams have been secured and lovers of baseball are assured excellent games and good sport for each afternoon of fair week with the exception of Sunday.

The committee, certain that an abundance of music is essential to a well-rounded program, have engaged a number of popular bands who will furnish plenty of entertaining music in a number of concerts rendered each day.

Tuesday will be Junior Day, and we want you to particularly note that children under 14 years of age are admitted free each day during the week of the Grange fair as well as the day set apart for youth's activities and interests.

All 4-H club round-ups will be held this day and club exhibits will be judged. The Boys' and Girls' livestock judging contest will take place at 11:00 a. m. In addition, the Vocational contest will have a part in the day's program and its exhibit the attention it deserves. All these special features are of the utmost importance.

Wednesday, at 2:00 o'clock is set for an address by the president of the State Motor Federation and probably other well-known speakers will be present at this time.

On this day also the political parties having county organizations will have speakers present and at hours not conflicting will have addresses from out-door platforms, the Democratic organizations selecting 7:00 o'clock.

Do not forget Thursday, Grange Day when Charles M. Gardner, J. Audley Boak, John H. Light and Geo. Schuler will be here. A great day promised for the Grange fair.

54 YEARS IN THE MINISTRY.

Rev. S. F. Greenhoe Summarizes Ministerial Acts and Other Interesting Facts Covering Half Century in Church Work.

Rev. S. F. Greenhoe, until recently pastor of the Penns Valley Lutheran church, with residence in Centre Hall, reviews his ministerial work, beginning with his ordination fifty-four years ago, in an interesting short article prepared by him for the Reporter.

We permit the minister to tell it in his own words:

"Fifty-four years ago a bushful country lad was ordained to the Christian ministry of the Lutheran church. He received his training at what was then called the Missionary Institute, now called Susquehanna University, at Selinsgrove.

"My first charge was West Milton, where I labored 15 years. From there I went to Juniata, as a home missionary in a charge that became self-supporting. From Juniata I went to Stone Church, where I remained for three years; then to Dallastown, for 9½ years; to Orrostown for 12 years; and finally to Centre Hall for 10½ years.

"The following is a summary of my ministerial acts: Baptisms, 994; weddings, 1,242; funerals, 1,890; received into the church, 1,080; sermons preached, 8,909; pastoral calls and visits to the sick, 1,284.

"The York county built one of the most modern and best equipped Sunday school chapels, costing \$20,000. At Orrostown built the most up-to-date parsonage in the West Susquehanna Synod.

"No congregation can estimate the influence of a ministry of fifty-four years,—the lives touched. Influenced five young men to enter the ministry, two of whom are occupying city pulpits.

"Penns Valley parish is one of the largest in the Susquehanna Synod in membership, natural and material resources, and chances for a bright future. May God send them a tender shepherd who will lead them into fields of greater activity and success."

CENTRE HALL, 5; KATO, 6.

Durst, pitching for Centre Hall against Kato, on Saturday, allowed the visitors only five singles, and well deserved the shutout which was handed the Kato outfit. Meanwhile, Centre Hall got to Spot Williams after the third inning, and drove him from the box in the sixth, Shank finishing. The final score was Centre Hall 5; Kato, 6. The locals gathered nine hits—Bradford and Knarr each coming in for a pair. Only one error, made by Kato, marred an otherwise perfect fielding game.

'STATE' WINS IN CLOSE CONTEST

"Lefty" Pastorius, clever twirler of the Centre Hall baseball team, well merits the name, "hard-luck pitcher," Tuesday evening he again saw a game slip away from him in which he was master of the situation, but errors by his teammates undid his good work.

Allowing State College only three hits, Pastorius lost by a 2-1 score, both "College" runs being due to errors. Centre Hall found Gearhart for 7 hits. The game was played at State College.

Vandale with a peculiar bent

visited the dwelling house on one of the Stoner farms, long occupied by the late John Horner, but now vacant. The sashes and strips from six windows were removed, a half sash with a broken light was left. The putty was also removed from a large glass in the front door, but the glass itself was not taken out, probably due to being disturbed while in the act. The house stands close to the concrete road, Route 322, west of Tusseyville. The farm on which the house is located will be occupied next spring by Charles Stoner, who recently sold the farm where he now lives to C. R. Neff.
