NEW CENSUS MAN MAY BE KNOCKING AT YOUR DOOR

It is probable that 23,000 census takers will in the very near future take a more complete census than has ever been taken before. Ninety per cent. of the enumerators will be taken from the emergency relief rolls.

It will not only be the customary notation of how many and age, but will cover the unemployment situation, past, present, and prospective future, as well as being an occupational and youth and educational census, as an aid to solution of the relief problem, and for cooperative information for the new \$50,000,000 National Youth Program.

Whether or not the census will be taken depends upon the President approving an allotment of \$16,000,000 from the four billion Works Relief Fund for that purpose.

121 NEW FACES ON CAPITOL HILL; 148 EMPLOYEES DROPPED

There were a total of 269 changes in Harrisburg capitol hill offices listed on Wednesday last week. There were 121 hired and 148 fired. In the Highway Department there were the greatest number of changes—seventy were added to the payroll and eighty-six dropped.

Charles W. Roberts, highway superintendent, salary, \$2820, was the only person in the county affected. His dismissal was noted some time ago.

BLIND FUND ACT.

Local administrative costs of the State's Blind Pension system are not to exceed 5 per cent. of the allocation to each county.

Concerning requirements for eligibility under the new law every blind person is entitled to receive a pension who:

(a) Has attained the age of 21 years or upwards.

(b) Has three-sixths, or ten two-hundredths or less normal vision.

(c) Has resided in the State for at least five years during the nine years immediately preceding application for a pension and has resided therein continuously for one year immediately preceding the application.

(d) Is not at the date of making application an inmate of any prison, jail, insane asylum or any other public reform or correctional institution.

The new pension law has been drawn to enable Pennsylvania to participate in any Federal aid to States for blind pensions, authorizing the Department of Welfare to co-operate and enter into co-operative agreements with and to receive financial contributions from the United States governments for financial assistance to the blind.

NEW CONSTITUTION URGED BY BARNES AT VOTERS' PICNIC

Social justice demands revision of Pennsylvania's antiquated Constitution, Justice H. Edgar Barnes, Democratic candidate for election to the State Supreme Court, told 20,000 Democrats at a rally in Rolling Green Park, near Sunbury, on Saturday.

Robert L. Myers, Democratic candidate for the Superior Court, also was a speaker. He emphasized Governor Earle's determination to carry out campaign pledges for labor and humanitarian legislation.

Other speakers were Ralph M. Bashore, Secretary of Labor and Industry, and secretary of the Democratic State Committee; Warren Van Dyke, Secretary of Highways; Mrs. Edith Dewitt, deputy Secretary of Welfare; Roy Brownmiller, deputy Secretary of Highways, and other party leaders.

Justice Barnes said: "In any program for social security an adequate workmen's compensation law can very well be the first step."

"In the Democratic party platform a major item in the nine definite and specific undertakings in behalf of labor, pledged by the Administration, was the promise to the working people of Pennsylvania of a stronger and more comprehensive law for workmen's compensation."

"Acting to fulfill this promise, the Governor caused such a measure to be introduced at the last session of the Legislature."

"The need for a just compensation measure can be understood easily when it is realized that Pennsylvania stands 35th among the States in workmen's compensation legislation."

A bill providing for the improvement or construction of a new post office building at State College was signed by the President, as per information forwarded to Postmaster Miller by Congressman Don Gingsery. The bill, it appears, provides an amount to be determined by the Treasury and Postal Departments.

President Roosevelt signed the bill establishing a 40-hour work week for postal employees. The measure applies to some 225,000 employees who now work 44 hours a week. It is expected to create employment for 15,000 to 20,000 substitute employees who now work part-time.

At present prices wheat is an economical feed for swine. It is cheaper than corn and has a slightly higher feeding value. When hoys sold at 11 cents a bushel, wheat is worth \$1.45 a bushel as feed. Coarse grinding of the wheat is recommended.

MR. YEARICK'S PETITION FOR COUNTY TREASURER FILED

The statement that the petition of Clarence Yearick, of State College, for a place on the Democratic primary ticket for county treasurer, was denied, appears to have been an error. The item appearing in the Reporter last week to the effect that the petition was not accepted was the result of a positive statement made by Mr. Yearick himself on Tuesday evening of last week. Mr. Yearick later learned that the section of an Act of 1841 prohibiting the election of an auditor to the office of county treasurer until a year after the expiration of his term, to which his attention had been called, was subsequently amended by striking that prohibition from it. With this information at hand Mr. Yearick's petition was filed.

DEMOCRATIC MEETING, GRANGE ENCAMPMENT, AUG. 28, 7 P. M.

The Democratic county committee and the Democratic Women's Club of Centre county will hold a meeting at the Grange Encampment, Wednesday evening, August 28, 7 o'clock.

Mrs. Edith B. DeWitt, State vice-chairman and Deputy Secretary of Welfare has accepted an invitation to be one of the speakers. Others invited have not yet been heard from.

Congressman Don Gingsery, Senator Thompson, Representative John Decker are among guests expected.

All candidates for county offices have been asked by card to be present and participate in making the occasion a memorable one. Dr. Frank K. White, of Phillipsburg, State committeeman, will preside in lieu of S. Claude Herr, county chairman.

UNITED METHODIST CHURCH APPROVED AN OFFICIAL NAME

"The United Methodist Church" was tentatively agreed upon as the official name for the proposed combined denomination, composed of three major American divisions of Wesleyans.

Meeting in the First M. E. church of Evanson, Ill., the joint commission of unity, consisting of 15 members from the northern and southern branches of the Methodist Episcopal Church and from the Methodist Protestant Church, settled three hours of debate by voting temporary approval of the name for the reunited church.

Members of the commission explained that another opportunity for objection to the designation would occur when the full constitution was offered for approval to the three-church group.

YOUNGSTERS ENJOY BIRTHDAY PARTY

Thursday afternoon of last week, Jean and Fern Hanna, young daughters of Mr. and Mrs. William Hanna, of Centre Hall, entertained their friends and classmates at a birthday party. Most of the afternoon was spent in playing games on the lawn, after which refreshments were served. Among the many useful gifts was a well-wrapped "joker" which caused peals of laughter among the group gathered to see the unwrapping ceremony.

Those who were present at the party were: Byrl Shaeffer, Betty McMarron, Richard Brooks, Jane Vogt, Anna Marie Whiteman, Grace Smith, Margaret Smith, Helen Smith, Evelyn Emery, Betty Sweeney, Evelyn Sweeney, Leta Bitner, Janet Runkle, Jean Bartholomew, Gloria Brooks, Sara Morrow, Virginia Morrow, Janet Lester, Glenwyn Goodhart, Beulah Bradford, Ellen Bradford, Barbara Potter, Eleanor Peter, Marjorie Emery, Isabell Emery, Martha Spyster, Ruth Spyster, Joyce Bradford, Betty Searson, Jean Hanna and Fern Hanna.

A LETTER FROM MINNESOTA.

Writing from Sebeka, Minnesota, under date of August 12, J. H. Mersinger, in making a remittance to the Reporter, says among other things: "I have been a reader of your paper ever since I came out here, and I sure would not like to give it up yet. Lots of names appearing in it are new to me, but I enjoy reading it just the same."

"We have had an awful hard time for three years; no money in this part, poor prices for our cattle, and not much feed. Cattle sold for 10 a pound; good cows sold for as little as \$7.00. I traded on feed, so I could keep others alive till spring. Tough, but we are having better crops this year."

The P. O. S. of A. will hold its seventieth annual State convention at Hanover, Monday to Thursday of next week. John White, State College, is the representative from the Centre Hall lodge.

LIGHT PLANT AT BROWNIE'S PLACE DESTROYED BY FIRE

The light plant at Brownie's Place, Seven Mountains, was destroyed by fire Thursday evening. While the wooden structure was not wholly consumed, the plant itself and sixteen new batteries not yet attached, were converted into junk.

From what can be gathered, Samuel Brown, son of the owner, and Harry Wilkinson, were in the act of cleaning up the light plant preparatory to hooking up the new batteries, when a spark from some point not fully determined ignited gasoline fumes and caused an explosion.

The Centre Hall Volunteer fire company received its first call for service when the flames became a menace to surrounding property. On arrival the structure was a mass of flames, which were quickly subdued with water from the booster tank. Later a line of hose was laid to the stream nearby. The equipment, largely of home construction, is said to have functioned to perfection.

H. E. FYE BUYS EUNGARD FARM; WILL OCCUPY IT

The farm owned by Mrs. Archie Eungard was sold last week to Harry E. Fye, of Centre Hall, the consideration being \$2800. The tract contains 330 acres, eighty of which are under cultivation, much of the remainder is covered with timber, some of it valuable at this time. The soil is soap, lime and free-stone type. Most of the tillable soil is free of stone.

The farm is located along State highway route No. 95, east of Centre Hall. The interior of the house has recently been put in good condition; there is a continuous flow of water and can be utilized on the second floor. The barn, a circular one, was built about thirty years ago. The stables are concrete, and lately a new silo was erected.

Mr. and Mrs. Fye and their son-in-law and daughter and family will occupy the place some time in November. Mr. Fye is now preparing to put out the fall crop and will also harvest the corn crop.

Mrs. Eungard, after making sale of her farm stock, will go to Madison, Pa. to live with a sister, Miss Estie Musser.

The Eungard farm was formerly the property of James Beck, who erected the buildings on it. Mr. Eungard having purchased it from the Beck estate through H. L. Ehrlich, who also handled the sale for Mrs. Eungard.

DRILLING IN LIMESTONE REGION YIELDS "SOFT" WATER

Going down into the earth a distance of 237 1/2 feet, a well on the farm occupied by Lewis Garbrick, the dairyman, west of Centre Hall, yielded "soft" water, after a strata of limestone rock had been penetrated. Mr. Gladfelder, who drilled the well, as well as farmers in the valley, look upon the "soft" water as a sort of phenomenon, since invariably "hard" water is found in this limestone region. Mr. Garbrick is pleased exceedingly with his "find," since the soft water is better suited in the operation of his dairy machinery.

This (Thursday) afternoon Bellefonte and Beech Creek baseball teams will play a benefit game on Hughes field, at 4:30 p. m., to defray medical services to Harry Auman, following his being struck by an automobile driven by Freddy Whippo, a member of the Bellefonte ball club, resulting in the fracture of a leg. The accident occurred at the home of Cleve Eungard, west of Spring Mills, where Mr. Auman and family live.

W. C. AUMAN FOR SHERIFF.

Walter C. Auman, Gregg township, invites Democratic voters throughout Centre county to look up his record as to regularity in Democratic politics. His record as a citizen will show him to have been a laborer from youth, of education amply qualified to hold the office to which he aspires; liberal in all his views—political, social, economical, educational and religious; always supported forward movements in his home community as well as the established institutions in it; sympathetic with the unfortunate as a citizen, he will be so as an official if elevated to office. SUPPLIES FOR LUTHERAN PULPITS DURING SEPTEMBER

The five pulpits on the Penns Valley Lutheran charge, during the month of September, will be filled by ministers who are tentative applicants to become pastor of the charge, according to information obtained following a meeting of the joint council of the charge held on Friday evening. Four ministers, with varied periods of service, from among fifteen applicants, have been selected to fill the pulpits during the month stated. They will not preach "trial sermons," but will fill the appointments as supplied, which obviates the necessity of accepting or rejecting the applicant before another minister can be heard, a rule laid down by the Lutheran Synod in calling pastors.

The four ministers, without regard to choice or rotation of supplying, are: Rev. Kauffman, Mifflin; Rev. Johnson, Altoona; Rev. Wagner, Danville; Rev. Held, Indiana county.

The Comptroller of the Currency this week appointed the law firm of Thompson & Litke as attorneys for the closed Moshannon National bank, succeeding Liveright & Smith, who have acted in that capacity since the bank was closed.

The West End Fair, Union county, held on Lincoln park, is scheduled for Sept. 5, 6, 7, which is earlier than heretofore. The object of the change is the result of a desire of holding the fair during warmer weather.

An humble bumblebee, buzzing about the head of Doro O. Smeltzer, of Zion, on Thursday, resulted in Mr. Smeltzer, who at the time was driving a car, to occupy more than his share of the road, and collide with a Philadelphia who was passing that way, Route 53, at the Brockerhoff farm, south of Old Fort. In the midst of the enjoyment of partaking of the luscious sausages, the light plant that brightly illuminated Locust State park took fire and was destroyed. While the flames from the brisk fire exceeded the mechanical plant in its illumination for the time being of the State's most beautiful park in this section, it virtually broke up the festivities.
