LET US BE FAIR.

[Editorial from Democratic Watchman October 11].
Mac Pearce, of Philipsburg, ought to be elected Sheriff. The southern section of the county holds the office now, the central section held it eight years ago, when H. E. Dunlap was elected sheriff, and the northern section is entitled to it by all the rules of fair play. Especially is this true when such a fine type of young manhood as Mr. Pearce has been named to represent it. Philipsburg, Rush, Burnsides and Snow townships, all lying north of the Bald Eagle valley, haven't had an important county office other than that of coroner, since Judge Fleming was elected eight years ago. That area comprises 9519 people, over one-fifth of the entire population of the county, yet it has been given only one-twelfth of the elective offices.
If you think we're wrong, get the census report of 1930 and the election returns of the last eight years and show us. And so far as the Democrats are concerned, we haven't given this area that has come through many times to save our county tickets, notably the present Sheriff from Penns Valley, even a nomination for a county office since 1928, when Curt Thompson, father of our Senator, agreed to run because no one else could be found to make the fight for Legislature against the Hon. J. L. Holmes, of State College.
The area that Mr. Pearce represents pays a seventh of all the taxes paid into the county treasury and certainly is entitled to representation in the 1st of county offices. It remained for the Democrats to give it that recognition by naming one of its most popular and outstanding residents the party nominee for Sheriff.
It should be kept in mind that we Democrats, on this side of the mountain, can't square our obligation to those north of the Bald Eagle valley by pointing to Judge Fleming or Senator Thompson. The former was a nominee of the Republican party, not ours, and Senator Thompson's is a District office, not an honor solely at the disposal of Centre county.
Some might say we are motivated by partisanship in making this claim

RURAL MAIL BOX CHECK TRIF CAPTURED IN TYRONE, TUES.

At Tyrone, Tuesday night, George R. Decker, of Pleasant Gap, a former Glenn Mills "student," was captured and imprisoned in the Centre county jail, charged with having stolen a number of checks from rural mail boxes.
The last offense was committed on Tuesday, when for the second time he took a milk check from the mail box of Harry Skyler, west of Centre Hall. The youth came to Centre Hall, and on the second attempt a local dealer cashed the \$15.00 paper. Decker represented himself as being employed by Mr. Skyler.
Shortly after the check was cashed the youth's misrepresentation was discovered, and a search was begun. Decker was traced to the top of Nittany Mountain, and on being approached became suspicious and sought protection in the mountains.
State officers took the matter up and following information as to the identity of the man learned further that he had been taken from Pleasant Gap by his grandfather, Perry Kriese, a month ago two milk checks were taken from the mail boxes of Mr. Skyler and Henry Houser. These were cashed by Bellefonte merchants. When searched by policemen before being jailed, a check for \$35.00 drawn in favor of Wm. Driebelbis, State College, was found.
The blue sweater Decker wore was one of the purchases made with one of the checks stolen a month ago.

BANKRUPTCY COURT TO HANDLE TIPTON RACETRACK

The affairs of George B. Stevens, of Tyrone, owner and promoter of the Tipton-Altoona speedway, are in the hands of the United States District court at Pittsburgh. There are over two hundred creditors in the losing sporting venture. At a meeting of the creditors held at Hollidaysburg last Saturday, it was decided to resort to the District court, in Bankruptcy proceedings. The majority of the creditors are wage earners, whose losses are heavy.
The creditors claim that over \$50,000 was expended in promoting the automobile races at Tipton last month. Most of those who lose in the labor end of the affair are from Tyrone and its immediate vicinity. Just how much they will get out of the tangled affair is a question. Some have as much as four hundred dollars coming. A number received a portion of their money before the races were pulled off.
All the money taken in at the races which was little over six thousand dollars, went to the prize winners.

Special Meeting Fire Co.

A special meeting of the Centre Hall Fire company is called for Friday night, 7:30 o'clock, to arrange details for the Elks' Halloween parade.

THE YOUTH OF TODAY MORE PROMISING THAN THE PAST GENERATION, SAYS DR. ADE

Dr. Lester K. Ade, superintendent of public instruction, told the Pennsylvania Education Congress at its session in Harrisburg, that the youth of today is more promising than the past generation.
"The youth of today, Dr. Ade said, "have a spiritual quality no code can produce." He said old codes, old conventions, and old traditions of behavior obviously are breaking down. If ever there was a generation that needed inward spiritual quality, fine judgment, high tastes, great faiths, in the midst of a situation where old codes have gone and new codes not yet come, it is the present generation.
He challenged the school to "assume a greater responsibility in interpreting the social order. Educators must have more understanding of the social sciences and assume their share of leadership in making plans for the enrichment of the common life."

for a district that is just as much a part of our county as Penns, or Nittany, or Buffalo Run or Bald Eagle Valleys. Even if such were the truth, there are none who can question its fairness. It is not the truth, however; for the Watchman would never actively support an unworthy candidate merely to give the people who had put forward such a one recognition.
Mr. Pearce is so much superior to his opponent in every essential qualification for the office of Sheriff that there should be no question as to his election. We bring the fairness of his claim to your consideration only because we know that there will be those who will be whispering in every ear ready to listen that the other side of the mountain has had more than its share, when, as a matter of fact, it has had no elective office in the county from the Democratic party since Dr. White was elected Treasurer away back in 1905.
