Ivy Bartzes is building a new porch on his property now occupied by the Carl Myers family.

Mrs. and Mrs. Raymond Bowersox and son Clifford were Sunday guests of Mrs. Bowersox's brother, Miles Johnston, and family, in Spring Mills. A Duro pump, manufactured by the Duro Pump Co., Dayton, Ohio, is pumping water for distribution by the J. C. Lee Water company's piping system. The pump, electrically operated, was purchased from and installed by S. W. Heisy. The pump is now working at a 15-gallon per minute rate.

From information gathered the likelihood is that D. H. Slegal, Republican, and E. C. Hettinger, Democrat, will be the two overseers of the poor, elected in Gregg township. The mix-up comes through a previous error made when W. C. Auman was declared elected an overseer for a full term when in fact his certificate should have been for the unexpired term of his predecessor.

Residents here who had a personal acquaintance of Samuel W. Diehl, Milford, much regretted to learn of his death. Mrs. Diehl is a daughter of Mr. and Mrs. A. C. Dunlap, of Spring Mills. The funeral was attended by Mrs. Anne Elsenhuth and son, Guy; also by Mr. and Mrs. Charles Auman.

Members of the cooking class under the supervision of Miss Eleanor Smith, home economics extension worker for

Centre county, will meet on Tuesday evening, 19th, at the home of Roy Searson. A demonstration buffet lunch will be served. All ladies interested are invited to come.

Adam H. Hartswick, of near here, was accompanied by his brother, John Hartswick, of State College, to Tyrone, on Monday morning where he is receiving medical attention from Dr. H. H. Longwell. Mr. Hartswick has been in delicate health for some time, but indications point to improvement under Dr. Longwell's care.

Miss Lottie Snyder, of Lewisburg, visited her aunts, Mrs. Nathaniel Brown and Mrs. D. M. McCool. Mrs. Bright Bitner returned from Philadelphia where she had been during last week.

Mr. and Mrs. F. T. Reiter, of Karkaus, Clearfield county, were Sunday guests of Rev. and Mrs. Seth Russell at the Methodist parsonage. Mr. and Mrs. Curtis Watts were in State College, on Saturday, where Mr. Watts attended the Penn State-Villanova football game, the result of which was pleasing to him.

Mr. and Mrs. Sherman Slopas, of Philadelphia, made a short visit with Mrs. Pauline Rossman, on Sunday. Mrs. Roland Hoekman, of Philadelphia, a sister of E. T. Jamison, was an unexpected but highly welcomed visitor at the Jamison home, Sunday.

Mr. and Mrs. G. Blaine Bitner and Mr. and Mrs. Bruce Bailey spent Saturday in Sunbury. Mrs. Curtis Watts and son Ralph have returned from Rochester and Ithaca, N. Y., having been motor guests of Mr. and Mrs. P. P. Pierce, of State College, to the New York State cities named.

Wayne Bitting, teacher in the Vocational school, was a week-end guest at State College and on Saturday attended college sports events. Mr. and Mrs. M. M. Overly, of Clearfield, are guests at the Smith-Corman home.

Mrs. Rose Diehl, of Toledo, Ohio, is visiting with Mrs. Sarah Corman. Mrs. Diehl is a sister of Mrs. Corman's husband, Daniel Corman, deceased, and has been among friends in this section for a few weeks.

C. B. Stover, the local dealer in heating plants, installed a Sunbeam hot air furnace in the Rowe dwelling house, occupied by Mr. and Mrs. R. S. Jamison, in Centre Hall. Mrs. Amanda Bailey became ill during the latter part of the week, and on Sunday it became necessary to call the family physician, Mrs. Bailey is living with her daughter, Mrs. Clair Houser, at present.

Mr. and Mrs. W. F. MacMorrin and young daughter motored to Towanda on Sunday, where they were guests for the day of the parents of the couple.

A large number of members of the Spring Mills, GeorgesValley and Farmers Mills Lutheran churches, together with the councils from each of the congregations, attended the services incident to the installation of Rev. L. Arthur Wagner as pastor of the Penns Valley Lutheran Charge, Sunday morning, at Centre Hall.

Lee Brooks continued his good record as a wild turkey hunter when, on Monday, he returned to his home on the Royer farm carrying a fine and large bird.

Mr. and Mrs. Luther Martin, of Sunbury motored to Spring Mills on Sunday, bringing Mrs. S. L. Condo with them to her home here. Mr. Martin devoted a few days to hunting small game before returning to Northumberland county.

John Goodhart and D. W. Sweetwood had the good fortune to each kill a wild turkey. The Goodhart turkey furnished the substantial portion of a menu at an evening dinner served at the home of Mr. and Mrs. Randall Meyer.

Rev. S. F. Greenhoe spent a few days during last week with friends in the Farmers Mills section. Melvin Stover, Rebersburg, accompanied by Miss Bernice Smith and Mrs. Paul Grove and young daughter, of Spring Mills, motored to Rising Sun, Md., on Sunday, where they were guests of Mr. and Mrs. W. H. Haney, relatives.

C. P. Long has been confined to his home with a severe cold for a few days. Mrs. C. A. Krape is back to her home, and has arranged to have Mr. and Mrs. Willis Breon, of near Anronsburg, live with her.

Mr. and Mrs. Henry Bell and Miss Edna Krape, of Sunbury, also Mr. and Mrs. Morris Miller and Mrs. Annie Thall, of Bellefonte, were guests on Sunday of Mr. and Mrs. G. C. King. H. D. Slegal and son Fred, both of whom were poisoned from cornfodder, have almost completely recovered, but the former's brother-in-law, Wm. E. Shaffer, of Madisonburg, poisoned in the same manner, was not so fortunate, since one of the sores on the knee became infected, causing great pain.

Prof. C. M. Watts accompanied the architect of the proposed community building, a PWA project, to Harrisburg, one day last week, in the interest of the project. A pretty complete unified sentiment favorable to the movement is becoming more and more recognized.

Mr. and Mrs. C. M. Myers spent Sunday at the parental home of Mrs. Myers, that of Mr. and Mrs. Reed, in Milroy.

Mr. and Mrs. J. Clyde Brown and Mrs. Muriel Pool, of Williamsport, were visiting this place trying to locate the home where Rev. Kryder Evans was raised and where his parents lived.

Rev. Wagner preached his first sermon at the Lutheran church in Spring Mills, Sunday, since he was installed as minister of the PennsValley charge. The supervisors of Walker township, Messrs. Youm, Dunkle and Garbrick, and their secretary, F. E. Vonada, of Hubersburg, met in a special meeting with the supervisors of Gregg township last Saturday and transacted some important business.

Mr. and Mrs. Dick Mowery and niece of Burnham, spent Sunday at the Milton Kilne home.

Mrs. Charles Geary returned to her home in Altoona after spending the week with her sister, Mrs. John Wert, a patient in the Centre County hospital.

Mr. and Mrs. H. C. Grove and daughter, of Huntingdon, spent Sunday with the latter's parents, W. S.

IMPORTANT NOTICE TO ALL POULTRY FEEDERS

The Hunting Season is On! A well-groomed gun, keen eye and steady nerve are essential to the successful hunter. We extend our well wishes to every Nimrod who enters the woods and fields. The successful poultry-raiser are those who receive the greatest number of EGGS daily. The full egg basket means SUBSTANTIAL PROFIT.

IT PAYS WELL TO FEED WELL!

Just as science gave Thomas Edison new truths and basic facts which enabled him, with patience and tedious efforts, to invent--so science gives us all the important facts and truths about VITAMINS.

WHAT ARE VITAMINS? WHAT ARE THEIR PURPOSE and VALUE? A noted scientist says: "Vitamins are 'unknown somethings' vitally essential to the diet of human, animal and bird life."

Arthur Brisbane says: "There are three things we possess without knowing what they are--VITAMINS, ELECTRICITY and the SOUL OF MAN."

The U. S. Department of Agriculture states: "Vitamins have been found to be essential for normal nutrition, and to be responsible for the prevention of various pathological conditions known collectively as DEFICIENCY DISEASES."

COD LIVER OIL--All poultry raisers know the value of cod liver oil. We all know its favorable effects upon poultry, not because it possesses a disagreeable odor; not because it is an oil but BECAUSE it contains VITAMINS A and D.

BUT COD LIVER OIL IS NOT ENOUGH!--Poultry requires given amounts of protein, fat, carbohydrates and minerals for healthful existence--but all these properties are HELPLESS WITHOUT VITAMINS! A deficiency of one vitamin invites low egg production, disease, and many times, death.

We Are Feeding Our Birds a Vitamin-Mineral Balanced Laying Mash! In order to assure a proper PROTEIN-FAT-FIBRE-CARBOHYDRATE-MINERAL-VITAMIN "balance" in this Laying Mash a total of THIRTY-TWO (32) INGREDIENTS enter the making of this scientifically prepared Feed.

We list here a number of these highly important ingredients--study them--compare them with the feed you are now using!

- Concentrated Egg Yolk: Very rich in Vitamins A and D, also fairly rich in Vitamins B, E and G. Oil of Wheat Embryo:--The richest known source of Vitamin E. One pound of this oil has as many Vitamins as 1600 pounds of wheat. Pure Irradiated Concentrated Yeast:--One of the best known sources of Vitamins B, D, and G. Yeast makes fermentation. Food must be fermented to be digested. Extract of Blec Bran:--A very rare concentrate 10 times as rich as ordinary yeast in Vitamins B and G. Extract from Cod Liver Oil:--In ordinary cod liver oil about 1/4% contains Vitamins; 99% is composed of fats or oil disagreeable in odor and taste and not easily assimilable. The product we use is INTENSIVELY concentrated, ONE POUND containing as many Vitamins as 100 to 200 pounds of plain cod liver oil. Dehydrated Alfalfa Leaf Meal:--Due to dehydrating process one of the richest and most stable vegetable sources of Vitamin A with feeding value equal to fresh green alfalfa leaves. Dehydrated Spinach:--An excellent source of A, B and C Vitamins, also very rich in minerals. Dehydrated Orange:--One of richest known sources of Vitamin C. Pure Kelp:--A rich source of several different organic minerals, one of which is iodine. Manganese Sulphate:--Strictly a MINERAL--when fed in proper Vitamin combinations this ingredient is very essential and necessary for fertility and reproduction. Potassium Iodide:--Another MINERAL, very important to assure proper functioning of the glands. Iron Oxide - Copper Sulphate:--The chemical changes of IRON in the presence of the correct amount of COPPER is one of the outstanding recent scientific achievements.

There's No Guess-Work About This Laying Mash!

This Feed has been Biologically Tested for OVER EIGHT YEARS. We are feeding it to our own birds and shall continue to do so until science finds something better. This Feed is made under EXCLUSIVE MANUFACTURING RIGHTS, issued by ULTRA-LIFE LABORATORIES and sold under LICENSE granted by DEPARTMENT OF AGRICULTURE, STATE OF PENNSYLVANIA.

Every Poultry Raiser Can Now Purchase This Properly Balanced Laying Mash. This feed will be on hand at all times and is being sold at a SURPRISINGLY LOW PRICE AT OUR WAREHOUSES in

CENTRE HALL - REBERSBURG - MADISONBURG - MILLHEIM Treat your hens to this health-maintaining, egg-producing Feed. They'll repay you handsomely. ALL OUR CHICK MASHES will contain above listed ingredients for the 1935 Season.
