

CHRISTMAS LIGHTING CONTEST

The Centre Reporter To Offer Prizes for Three Best Outdoor Lighting Displays.

Every year there is a genuine feeling of the true Christmas spirit in Centre Hall and almost every home does it bit toward making the community a picture of cheer and hospitality. The Centre Reporter feels that such enthusiasm should be rewarded, and so has decided to hold a Christmas Lighting Contest again this year. Prizes will be offered to the three best lighting displays at homes in Centre Hall.

If you decorated your home last year, you probably have already made plans to do it again. But if you didn't do any decorating, by all means try it this year. You'll have lots of fun and a chance to win a prize.

Any type of outdoor display is eligible for the contest. Decorate the porch, the window boxes, the entrance, the shrubbery, or the lawn. And do it in any manner you like—with colored lights, silhouettes or tableau effects—just so it expresses the Christmas feeling. It doesn't matter whether you have a small home or a large one—or whether your design is simple or elaborate—you have a chance to win a prize, for the decision will be made on effectiveness and beauty. Actually, some of the simplest effects are most charming—and certainly less trouble to the decorator.

The first prize winner will receive a beautiful Telechron electric alarm clock, one of the newest and smartest designs. The second prize will be one of the new Floor Lamps which would not only be an attractive addition to any living room, but is also approved by the Illuminating Engineering Society as one of the sight conservation lamps. The third prize will be an electric sandwich toaster which would be most useful now for holiday entertaining, or all year round for sandwiches and snacks.

As an inspiration and aid to decorators, the Centre Reporter is distributing a rotogravure Pictorial Supplement full of Christmas decorating suggestions with the December 19 issue of the paper. Watch for it!

PUBLIC SALE REGISTER.

THANK YOU, AMERICA,

for more than a Million cars
in 1935

This year Chevrolet has two very good reasons for saying, "Thank you, America."

One reason is that people have bought so many Chevrolet cars that production for the year will reach 1,040,000.

And the other reason is that they have placed a record number of orders for new

1936 Chevrolets during the first few weeks they have been on display.

Chevrolet is indeed happy to say, "Thank you, America," and to pledge continued adherence to the manufacturing and service policies which have won and held the friendship of the nation.
