Mr. and Mrs. Guy Corman and Mrs. weighing 490 lbs. Annie Smith motored to Bigler, Clearfield county, on Sunday, where they were entertained by Mr. and Mrs. Wm. Adams.

Messrs. Randall, Harold ond Bruce Meyer and John Goodhart joined a hunting party in the Allegheny mountains.

Miss Miriam Tschudy spent the holidays at her home in Lebanon, and Wayne Bitting at his home in Loysville. Both are teachers in Gregg Twp. Vocational School.

Mrs. Melvin Grove and daughter Arline spent Thanksgiving with Mr. Grove in Buffalo, N. Y., and on Monday all returned to their home here. Mrs. W. A. Odenkirk, of Centre Hall, was a visitor on Sunday with her aunt, Mrs. C. A. Krape.

Mr. and Mrs. Ammon Baird, of Tusseyville, were visitors at the A. Graffmyer home on Monday/

The G. T. V. S. basketball squad will begin practice for the coming season this week. Margaret Grenoble will captain the girls' team and Wm. McCool the boys'. Cora McCool is student manager for the girls and Adam Condo the boy's manager. The first game will be played December 20./

Within the next week the boys and girls of the three lower grades will sell Christmas seals in the community. Last year \$30 worth of deals were sold bythe Grammar room, all of which was returned to the four grades in equal amount. The money means a lot in the health work of the schoo's and the cooperation of the people of the community will be appreciated again this year.

A report from the Gregg Township schools shows that nearly 100 adults visited the schools during the American Education Week Program in the high school on November 13 and in the elementary schools on Nov. 14. Teachers and pupils welcome visitors to the various schools of the township at all times.

A son was born to Mr. and Mrs. J. David Hosterman, Penn Hall, Nov. 23rd. The lad is the third child and weighed exactly eight pounds.

Visitors over the Thanksgiving season were Glenn Long, F .& M. student; Mr. and Mrs. Eugene Slegal, Misg Delsie Morris.

Mrs. Carrie Kane, widow of the late Hiram Kane, an elderly lady, living in Georges Valley at the home of Ammon Vonada, had the misfortune to fal' down an attic stairway and break an arm at two places.

Mr. and Mrs. Wm. Schmitt, of Philadelphia, were week-end guests at the home of the latter's parents, Mr. and Mrs. J. C. Robinson.

The Hunting Season is On! A well-groomed gun, keen eye and steady nerve are essential to the successful hunter. We extend our well wishes to every Nimrod who enters the woods and fields.

The successful poultry-raisers are those who receive the greatest number of EGGS daily. The full egg basket means SUBSTANTIAL PROFITS.

### **IT PAYS WELL TO FEED WELL!**

Just as science gave Thomas Elison new truths and basic facts which enabled him, with patience and tedious efforts, to invent-so science gives us all the important facts and truths about VITAMINS.

WHAT ARE VITAMINS? WHAT ARE THEIR PURPOSE and VALUE?

A noted scientist says: "Vitamins are 'unknown somethings' vitally essential to the diet of human, animal and bird life."

Arthur Brisbane says: "There are, three things we possess without knowing what they are-VITAMINS. ELECTRICITY and the SOUL OF MAN."

The U. S. Department of Agriculture states: "Vitamins have been found to be essential for normal nutrition, and to be responsible for the prevention of various pathological conditions known collectively as DE-FICIENCY DISEASES."

COD LIVER OIL :- All poultry raisers know the value of cod liver oil. We all know its favorable effects upon poultry, not because it possesses a disagreeable odor; not because it is an oil but BECAUSE it contains VITAMINS A and D.

BUT COD LIVER OIL IS NOT ENOUGH :- Poultry requires given amounts of protein, fat, carbohydrates and minerals for healthful existence,-but all these properties are HELPLESS WITHOUT VITAMINS! A deficiency of one vitamin invites low egg production, disease, and many times, death.

### We Are Feeding Our Birds a Vitamin-Mineral Balanced Laying Mash !

In order to assure a proper PROTEIN-FAT-FIBRE -CARBOHYDRATE-MINERAL-VITAMIN "balance" in this Laying Mash a total of THIRTY-TWO (32) INGREDIENTS enter the making of this scientifically prepared Feed.

We list here a number of these highly important ingredients,-study them,-compare them with the feed you are now using!

Concentrated Egg Yolk: Very rich contains Vitamins; 991/2 is composed est known sources of Vitamin C.

in Vitamins A and D, also fairly rich of fats or oil disagreeable in odor and Pure Kelp:-A rich source of sevtaste and not easily assimilable. The eral different organic minerals one of in Vitaming B, E and G. Oll of Wheat Embryo:-The rich. product we use is INTENSIVELY which is jodine.
