Why and for What Are We Living?

Historian Advises We Stop and Ponder on What It's All About.

"Perhaps it would be a good idea, fantastic as it sounds, to muffle every telephone, stop every motor and halt all activity for an hour some day, to give people a chance to ponder for a few minutes on what it is all about, why they are living, and what they really want."

The historian, James Truslow Adams, is the author of those words. I believe they are great words, which should be passed on to every one who can read them. So says a woman writer of note.

To ponder on what it's all about, why we are living, and what we really want!

If every one of us periodically had an opportunity, or were led by circumstances, such as a complete stopping for a certain time of all activity, to stop and give thought of that kind, what might not be the result?

It might solve all our problems—it might bring us happiness.

Are not all our problems questions of human relationships of one kind or another—of our standing with other people on the road we are so hectically traveling? If we were to stop and think then on what it is all about, wouldn't that larger view inevitably take in the other person's side as well as ours—and so help to solve those problems in personal relationship? If we were to stop and think on why or for what we are living—wouldn't that inevitably make many big things seem too small to bother us, many neglected but easily salvaged things important enough to cherish and be grateful for? If we were to stop and think on what we really want, where we are going, wouldn't we inevitably stop short in the hectic chase and try skipping for as much as possible of the way?

Too Good

"That's a good horse—he goes 10 miles without stopping. Want to buy him?"

"No—he's no good to me. I live eight miles from where I work, and I'd have to walk back two miles every time after I rode him."

True Enough

The teacher of the second grade had been talking about great inventions. "Now," she said, beginning a review, "Tommy, tell us one important thing we didn't have 100 years ago."

"Me," said Tommy brightly.

From Your Doctor if the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well - Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.
