

Spring Mills

A Collection of Newsy Happenings and Personals from Gregg Township's Metropolis.

Mrs. Erdley Died Sunday Morning.
The community was deeply moved on learning of the death of Mrs. H. F. Erdley, which occurred in the Centre County hospital on Sunday, after a prolonged illness.

The body was removed from the hospital to Lewisburg by representatives of the Strunk undertaking establishment, and burial was made Tuesday at 1:30 p. m., Rev. D. R. Keener, the pastor of the deceased, officiating. She was aged 48 years.

Mrs. Erdley came to Spring Mills with her husband, Henry F. Erdley, cashier of the Spring Mills First National bank, about twelve years ago. She was natural of a retiring disposition, but a person of a lovely personality, and a queen in her home, attracting the young and the mature.

Her parents are both deceased, and there were no children. The nearest relatives are aunts and cousins, none of whom live about here.

The funeral was largely attended those from this immediate vicinity including: Mr. and Mrs. Guy Cornman, Mrs. Russell Condo, Mrs. Greeninger, Mrs. Windom Gramley, Mr. and Mrs. C. B. Stover, Mrs. John W. Decker, Miss Josephine Stover, Mrs. Harold Meyer, Dr. and Mrs. G. C. Thomas, Mrs. Jack Mullinger, Mrs. Bruce Meyer, Thomas J. Decker, Wilbur Decker, Paul Weagley, Mrs. Sylvia Greenoble, Mr. and Mrs. M. T. Zubler, Mrs. John H. Rishel, John W. Zerby.

The First National Bank was closed during the time of the funeral.

Contract Let for New Gym and Auditorium.—The objective of the Gregg township school board and that of the great majority of its citizen taxpayers was advanced to a point from where the goal may now be more easily reached by the letting of a contract for the general construction of a gymnasium and auditorium, to a Tyrone contractor, Carl Fry, for the sum of \$15,973.

The general construction contract, of course, does not include equipment—heating plant, electric wiring and emergency lighting plant, plumbing, chairs, and other furnishings required, estimated cost of which is placed at approximately \$10,000. To provide these funds it is proposed to submit the question to the voters of the district. They will be asked to sanction a bond issue of say \$12,000, which request, it is predicted will be favorably acted on when asked to do so at a special election held in the near future. In view of the fact that the grant of almost \$7,000 by the PWA is dependent on the equipment of the structure by funds raised by the school district should be of sufficient weight to overcome any adverse opinions.

Assuming that precedents establish a rule to govern PWA allocations, it is contended the board has a reasonable chance to recover a forty-five per cent. grant on the cost of equipment as well as on general construction. Assuming that this can be accomplished the taxpayers' burden would be lessened by almost fifty per cent.

Even after the school board has fulfilled all its requirements in a general way there remains much to be done in the way of furnishing information to the various departments of Public Instruction and PWA heads, but these apparent obstacles can be ironed out if the board is persistent.

Spring Mills, like all towns and villages similarly situated, is in dire need of such improvements as are contemplated under this project, and since the Federal Government thru grants has made it possible to secure them, no community can afford to refuse to accept by shirking in producing its share of the cost. The prediction is made that Gregg township taxpayers will not be "pikers."

Prof. Wayne Bitting, who holds a place in the Gregg Twp. Vocational School faculty as a teacher in Agriculture, is taking a special course at Penn State, from which institution he is a graduate. To prevent interfering with his regular school work, a schedule has been arranged for him and others taking graduate work, on Saturdays.

As was predicted in this column a week ago, the Junior Young People's Organization, made up of members from the several local Sunday schools put over their sled ride and party last Thursday night regardless of the cold. The sled ride covered the way from here to the Harry Cornman home on the Farmers Mills road, and then to the M. T. Zubler home. Here the evening was spent in playing games etc., and consuming refreshments. The participants included Christine Noll, Dolores Condo, Mabel Johnson, Dorothy Smith, Lois Shook, Bernice Fetterolf, Barbara Fetterolf, Ruth Zubler, Sara Zubler, Lois Zubler, Betty Auman, Jean Watts, Isabel Musser, Marie Long, Betty Musser, Doris Musser, Marie Noll, Betty Robinson, Mary Oeman, Mary Zettle, Harold Kennedy, Randall Stump, Joseph Myers and Ralph Watts. Rev. and Mrs. Seth W. Russell, Mrs. Guy Cornman and Miss Josephine Stover acted in the capacity of chaperons, and Misses Ruth, Sarah and Lois Zubler played the part of hostesses in a charming manner.

Announce Marriage of Miss Bitner.—Mr. and Mrs. Bright Bitner announce the marriage of their daughter, Miss Geraldine, to James McDonald, in Philadelphia, where the bride has been located for a year or more with a sister, Mrs. Wm. Johnson. The bride was graduated from the Gregg Township Vocational School, class of '34, having been an honor

student, and was exceptionally popular as a school girl, taking her place not only in class work, but in all school and class activities. The young couple plan to make their home in the City of Brotherly Love. Her many friends join in extending congratulations and best wishes for a truly happy life.

The Spring Mills Vocational and Grade schools, it was announced on Monday, would open on Tuesday, after having been closed since the beginning of the blizzard.

Lois Meyer, young daughter of Mr. and Mrs. Harold Meyer, continues to improve from a serious illness.

Glenn Long, son of Mr. and Mrs. Austin Long, an F. & M. sophomore, was at his home for a few days, the time between semesters.

Melvin Grove, who operates a trucking business out of Buffalo, N. Y., is at home at present.

Christie Musser, employed as a miller in an extensive flouring mill at Muncy, was at his home here over the week-end.

Wayne Bitting took advantage of an opportunity to visit his home at Loysville during the time Gregg Vocational was forced to close.

Mrs. George Thomas spent several days with relatives in Sunbury, returning home on Sunday.

Miss Ruth Helsey, who underwent an appendectomy in the Centre County hospital, on the 26th ult., was brought to her home near Hershey Friday. Her condition is regarded as very favorable.

Mrs. Wm. Johnson and two children, of Philadelphia, who have been visiting with the former's parents, Mr. and Mrs. Bright Bitner, returned to their home.

The Spring Mills Fish and Game Association at a meeting announced to be held this (Thursday) evening in the Vocational school building, will hold its annual election of officers.

There were 43 patients in the hospital at the beginning of this week.

FLOOR LEADER BERT. SNELL

TO REP. ROBERT F. RICH

Representative Robert F. Rich, of Woolrich, Clinton county, Pennsylvania's leather-lunged New Deal foe, was sharply dressed down by Republican Floor Leader Bertrand Snell in a private cloakroom conversation. "You're a congenital objector," snapped Snell. "Stop yelling so much. You make us look foolish."

Ford led all other cars in 1935

THE TREND IS TOWARD THE V-8

NEWS of something good has a way of getting around. That is particularly true of an automobile. One motorist tells another. First thing you know, one car is way out in front.

That's what has happened to the Ford V-8. People bought it—saw the advantages of driving a V-8—told their friends. Production in the United States and Canada started going up and up and reached a total of 1,272,885 for 1935. This was a gain of 77% in a year—it put Ford sales more than 190,000 above any other make.

It takes an unusually good car to make a record like that. It is convincing proof of performance and satisfaction and good service—further evidence that the trend is definitely toward the V-8.

Modern motoring requires at least eight cylinders. And why not have them? The 1936 Ford gives you V-8 cylinder power, smoothness and ease of handling. On top of this it gives you the economy of operation for which Ford cars have always been famous.

We invite you to drive the new Ford V-8 and let it speak for itself. You can now buy any new Ford V-8 car for \$25 a month, with the usual low down-payment. See the nearest dealer for a demonstration.
