Announcement is made by John W. Decker, supervisor of agriculture that the Vocational boys tied for 2nd place in the State project this year. This standing is to be commended, considering that there are hundreds of boys from many larger schools of the state competing in this contest. The school took first place in 1927 and since that time has been close to the top. Keen interest has been shown by boys and parents throughout the township in the project work and doubtless much benefit has been derived by the boys and the community from this extensive practical program.

Dr. and Mrs. G. C. Thomas, Spring Mills, on Saturday morning, left here on a motor trip to Florida. They will be gone until the middle of the week of the 24th.
