

ITEMS OF LOCAL INTEREST

Mrs. Candace Ream, widow of Michael Ream, one of the elderly residents in Millheim, is ill at the home of her daughter, Mrs. William Breen, in that town.

The Axemann school, taught by Ernest Frank of this place, was closed beginning of the week owing to high water which made holding of school impossible.

Laurence Musser and Mrs. Sarah Glasgow were two Coburn residents obliged to leave their home on Wednesday due to high water. The Sheffield Farms Company milk plant was also hampered by high water.

Max Miller of Hagersburg, has been named president of the Centre County Bee-keepers' Association, and M. L. Breen, Millheim, vice-president; A. R. Houser, Bellefonte, secretary.

Mrs. A. E. Mingle Coburn is caring for her mother, Mrs. H. S. Winkleblich, of Aaronsburg, who was stricken with paralysis ten days ago. The patient is making reasonable recovery.

Mr. and Mrs. George T. Stine, of Halfmoon Valley, celebrated the 63rd anniversary of their wedding, last Friday. Mr. Stine is 85 years old and his wife 80, and both are enjoying fairly good health.

For the month of December bounty claims for noxious animals in Centre county amounted to \$460, paid for 52 foxes, 4 goshawks, 232 weasels. For January, the sum paid was \$851, for one wild cat, 126 foxes, 327 weasels.

On Monday evening Mrs. W. A. Homan entertained sixteen ladies at bridge at her home in town. Room and table decorations were suggestive of St. Patrick's day. The refreshments were as tasty as their service was novel.

Mrs. V. A. Auman, who has been very seriously ill for several months is improved to the extent that she is able to sit up daily at stated periods. Mrs. Tressie McClellan, who was obliged to remain in bed for a few days due to a severe cold, has much improved.

In noting movings last week the Paul Zellers family was located in the Mrs. Mitterling place, which was an error. During the year following April 1st, they will be located in the Harry Cummings property, formerly the MacMorran home, on West Church street.

G. Frank Smith will become a patient in Aspinwall hospital, under Government supervision, Friday, for treatment. The institution is located in the Pittsburgh district. The high private was in the Second Division, 9th U. S. Infantry, Co. K, and did overseas service, in France, England and Germany.

To raise money for Commencement and the Washington trip expenses, the senior class of the Centre Hall high school will sell colored Easter eggs at a reasonable price, the Saturday before Easter. Orders may be given to any member of the class. A bread and bun bake sale will also be held Saturday, March 21, followed by a pie and cake sale at later date.

Mrs. S. M. Goodhart of Johnstown, was a motor guest of her next-door apartment neighbor, Mrs. Miller, on Monday, as far as Centre Hall, where she has since been at the home of her son, Franklin D. and Mrs. Goodhart. Mrs. Miller went on to Wilkes-Barre where she is visiting with relatives. Mrs. Miller's husband is the manager of the Woodworth 5 and 10 in Johnstown.

Edward R. Weber and sister, Miss Alice E. Weber, of Huntingdon, and their aunt, Miss Alice M. Weber, of Boalsburg, stopped off in Centre Hall for a few minutes on Tuesday. Mr. Weber had come over the mountain from Bellefonte, and declared if his train continued an hour longer, automobile travel across the mountain would be practically impossible, due to high water at Pleasant Gap.

Henry H. Houser, long a resident of Harris township, and one of its substantial and honored citizens, will locate above State College, April 1st, and will occupy a tenement house on the farm where his daughter, Anna, and her husband, John Dreifelblich live. The Houser farm will be tenanted by Waldo Homan, son of B. F. Homan. Mrs. Homan was formerly Sallie Burris. Although Mr. Homan, a graduate of the Agricultural Department at Penn State, has had considerable experience on the farm, this will be his maiden effort on the farm on his own hook.

Guy W. Jacobs, upon his return from a business trip to New York City, stopped off in Centre Hall from Saturday night until Monday, visiting his mother, Mrs. Lizzie Jacobs. His departure took him to Atlanta, Ga., to meet a group of loemen, in which business Mr. Jacobs is engaged, and holds a prominent position in the national association. At the present time the ice manufacturers are spending a fortune, in an attempt to make America ice conscious, and defeat the inroads of electric refrigeration. The ice men feel encouraged in their efforts to prove the superiority of ice as a preservative of foods as against any other form of refrigeration. They are now using the air in an aggressive campaign, and on Tuesday nights at 10 o'clock, if you turn your dial into the Columbia network, you will pick up the "Parties at Pickfair," sponsored by the ice manufacturers. Mr. Jacobs had a big part in the preparation of this program, which features Mary Pickford, screen star.

LOCAL PATIENTS IN THE CENTRE COUNTY HOSPITAL

The condition of Howard H. Spangler is unimproved since a hospital patient. Friday afternoon he was found prostrate on the floor of his apartment in the Penns Valley bank building in a helpless condition, presumably from the effects of a paralytic stroke.

He went to his room the night previous at about 10:00 o'clock, and since he was fully dressed, it is evident he fell shortly after entering there.

Upon his discovery his brother, Col. J. L. Spangler, was notified, and soon thereafter the hospital ambulance called for him.

William Parker, a pneumonia patient, is improving and is likely to recover.

On Monday night Miss Edna Meyer, 15, a freshman in Centre Hall high school and daughter of Mr. and Mrs. Orvis Meyer, was taken to the hospital where she is being treated. Her condition is favorable.

WOODWARD YOUTH HANGS SELF BY ACCIDENT IN PLAY

Eight-year-old John Sarockengast accidentally hung himself Monday afternoon while playing in the family washhouse. The boy, a son of Thomas Ellery and Sarah M. Shreckengast, had somehow tied a rope around his neck and secured it to a rafter overhead while standing on a five-gallon oil can. Losing his balance he was strangled to death when the oil can tipped over.

He is survived by his parents and two brothers, Warren and Ellery, and sister, Barbara. Funeral services will be held this (Thursday) afternoon; interment at Aaronsburg.

LEADERSHIP TRAINING SCHOOL BEING WELL ATTENDED

The community leadership training school, sponsored by the church schools of Centre Hall and community is being well attended and is going into the fourth week of the term.

Approximately sixty persons are enrolled in the various courses offered, with the largest enrollments in Rev. Wagner's and Prof. Wetzel's courses. These two courses, "How the Bible Came to Be," and "My Christian Belief," are of a more general nature than the other courses offered in the young people's field taught by Rev. Hosterman and Rev. Russell.

Demonstrations of school projects have been proving an interesting feature of the school. These demonstrations have been conducted during the general assembly period, held between the regular class periods.

HOSPITAL PATIENTS RETURN.

After being a patient in the Centre County hospital for four weeks and one day, Miss Helen Bartholomew was brought to her home here on Tuesday afternoon. (Although she suffers more or less pain, her condition is very favorable. She is being nursed by Miss Mary Garver, R. N., one of the nurses who attended her while at the hospital. Miss Bartholomew underwent an operation for the removal of multiple fibrous tumors.

Miss Ethel Durst, who became a patient in the same hospital several weeks ago for treatment, expects to come to the home of her aunt, Mrs. Harry Harper, in Centre Hall today (Thursday) where she will remain until fully recovered. Miss Durst had been living in Centre Hall, but later went to State College from where she entered the hospital.

BEST CORN VARIETIES DETERMINED IN TRIALS

Corn growing demonstrations conducted by the agricultural extension service of the Penna. State College have revealed several varieties outstanding in yield and adaptation.

Lancaster Sure Crop is widely grown for grain in the southern half of the state and for silage in the northern part. This variety also is used extensively in other states for silage purposes, according to J. B. R. Dickey, in charge of agronomy extension work for the College.

Golden Queen, a rather late yellow corn is well suited to the better soils of the southern tier of counties. In this section it has been consistently a higher producing variety. Learning, in the central part of the state, has been one of the highest average yielders in tests and is being more widely grown. Early Butler, an early variety, is well adapted to the northern counties and has been a consistently high yielder. Apparently it fits the long-felt need for a corn adapted to grain production for the short season section of the state.

TUSSEYVILLE.

Mrs. John Jordan and mother, Mrs. Meiss, of Colyer, Mrs. Annie Klinsfater and daughter, Ella, spent Tuesday quilling at the Mrs. Charles Slaterbek home.

Mr. and Mrs. C. W. Horner and daughter called at the Wm. Martz home, Wednesday.

Wm. Rocky, of Altoona, spent a day the past week at his home here. Mrs. Swayne, of Harrisburg, called at the A. W. Holderan home Saturday evening.

Mr. and Mrs. James Williams, Mr. and Mrs. Paul Bogdan and daughter, of Potters Mills visited with Mrs. Bodorf, Saturday.

Mr. and Mrs. Charles Neville and children spent the week-end in Clinton county with Mrs. Neville's parents, the Spichers.

Ammon Baird and family visited on Sunday at the Baird home at Pleasant Gap.

Is your subscription due?

HOME BUILDING SHOULD BE ENCOURAGED IN CENTRE HALL

Several young married men in Centre Hall who have regular employment are seriously considering the erection of modest yet convenient and substantial homes, provided they will be able to comply with the housing program backed by the Federal Government. Homes of this type are much needed here. It would appear the borough council could well afford to pass a rule making new homes free of borough taxes for, say, five years. Other inducements, such as grading streets, laying of water mains, adequate lighting, construction of sidewalks, could be offered. Home building should be encouraged,

especially in Centre Hall where the need is so great. The authorities cannot be too liberal in offering inducements.

TWO CHILDREN OF JAMES L. DECKER IN HOSPITAL

Two children of James L. Decker, east of town, are patients in the Centre County hospital, and while both were in a serious condition when taken there, are now improving.

Merrell Decker, a Miller Motor company employe, stricken with pneumonia, became a hospital patient on Sunday, and his sister, Helen, wife of Kenneth Brown, Bellefonte, was admitted earlier. She is suffering from complications following child-

birth last September. The child, Miriam Pauline, is being cared for by the grandparents, Mr. and Mrs. Decker.

R. Lynn Emerick, a native of Brush Valley, and one time Millheim grade school teacher, replaced John W. Keller, March 5, as state forester, the change being announced by Thos. C. Buchanan Secretary of Forests and Waters, as being made "to promote greater efficiency in the department's far-flung field force." Both Mr. Keller and his successor are well known in this locality.

After the personal property offered by R. M. Royer was sold, the real estate, located near the Spruce-town Methodist church, was put on to the block. Several bids were received, but none of them high enough in the mind of the owner to perfect a sale.

HOME GROWN onion sets: Yellow Danvers, Bottle and Banana. Glad-iolus bulbs, large blooming size, mixed colors.—Lilae Brooks, Centre Hall.
