State Dept. Approves Gregg Twp. School Bond Issue. The Pennsylvania State Department of Internal Revenue recently approved the \$12,000 school bond issue that was purchased by Leach Bros. Inc. of Philadelphia. The attorney for the school board received notification of the approval and expects to deliver the bonds to the Philadelphia Bonding House in the near future.

The last meeting of the home economics class held at the home of Mrs. C. M. Watts was lightly attended. The instruction was on upholstering. The next meeting also to be held at the Watts home is set for Thursday, April 16, 1:00 P. M.

Senior Class Play, Friday, April 3—The senior class of Gregg Vocational School will present the 3-act comedy drama, "The Man in the Moon," in the Spring Mills grange hall on Friday, April 3, at 8 o'clock P. M.

Sherwood Decker, 18 months old son of Hon. and Mrs. John W. Decker, was taken to the Centre County hospital on Monday, showing symptoms of having a case of diphtheria, but happily it was later discovered the symptoms were misleading.

Mrs. Harry Mensch and son Harry, Jr., of Milton, were visitors on Sunday of Mr. and Mrs. Bright Bitner. In the afternoon Mr. and Mrs. Bitner and their guests motored to Lewistown where they visited with relatives of the Mensch family.

Mr. and Mrs. Paul Swabik visited Mr. Swabik's sister, Mrs. Lenora Burd, in Millheim, on Sunday. Carl Bressler has been confined to bed for several days with gripe.

Jimmy Myers, young son of Mr. and Mrs. Randall Myers, is suffering from an ear condition which has necessitated the puncturing of the ear drum to afford relief. Algernon Brown and family have moved to Coburn.

Mr. and Mrs. Elaine Bitner have purchased a summer cottage of the bungalow type located northeast of Garry's, in Seven Mts., and also purchased the furnishings, which were complete. Mr. Bitner is the rural mail carrier from the Spring Mills post office, and when not on duty he and his good wife will likely be quartered in the quiet section at frequent intervals. The place was purchased from W. D. Shoop, Centre Hall.

Visit Flooded Area—Many of our townspeople, on Sunday, were out sight-seeing, most of them going to the flood-stricken areas. Among these were Mr. and Mrs. Bruce Meyer and family to Lock Haven, Jersey Shore and Williamsport; Jacob McCool and family to Lock Haven; Mr. and Mrs. H. M. Allison to Tyrone; Harold E. Stover and family to Lock Haven and Jersey Shore; The Smith-Corwan family to Clearfield, where Mrs. Smith's sister, Mrs. M. M. Overly, was visited. Mr. and Mrs. C. B. Stover, Miss Josephine Stover and H. F. Erdley to Lewistown; Huntington, Tyrone; Paul Wesley and John Albright to Sumbury.

The improvement at the Sheffield milk plant are discontinued for the present. The workmen have been removed to plants damaged by high waters. Work will be resumed again as soon as the plants in the flood areas, one of which is located in Coburn, are restored to their normal condition.

Miss Miriam Tachudy, home economics teacher in Gregg Vocational, attended a meeting at Penn State Saturday morning relating to school activities.

Mrs. Vernon Godshall has been ill for several days with an ear infection. Arthur Creager, a mechanic in the P. R. R. shops in Altoona, was a week-end visitor at his home here.

Miss Catharine Auman, daughter of Mr. and Mrs. C. W. Auman, employed in the DuBois WPA office under Mr. Freeman, visited her home here. Nevin Keller, employed at the Dairyman's League milk plant, was sent to Mill Hill to help in the reconditioning of the plant operated by the League at that place. The damage was done by high waters.

George Bartley, somewhat of a gentleman of leisure since being on the P. R. R. relief roll, would only be too glad to take up the spay if he were able. He has served enough time and has attained the age to be placed on the retired list, and is booked for it.

Mrs. Gertrude Martin, of Martinsburg, is visiting her brother, E. T. Jamison. She has lived in her present home for twenty-eight years and

for the first time in that period the water covered a part of the cellar during the week of the flood. Mrs. Martin is closely associated with the J. Paul Rearick family and reports them being well and happy. Mr. Rearick, more than a year ago, sold his interest in the undertaking business to his son-in-law, Kenton Miller, who is doing a fine business. He is being assisted by a brother-in-law, a son of Mr. Rearick.

John Fredix moved to the Evangelical parsonage on Selvingrove. He is filling the place vacated by Jacob Sharer in the Groce silk mill. Randall Meyer will occupy the Harry Corman property when vacated by the J. A. Wagner family. The Wagners are said to contemplate locating in State College. Mr. Meyer lives in the S. L. Condo property on the hill beyond Long's store.

Michael Hammer, of New York City, gave the Gentzel and Musger properties a critical looking over and may come back to buy. He wants to get out of the city and will give poultry some attention if he locates in this section. As his name indicates, he is a German.

The last meeting of the home economics class held at the home of Mrs. C. M. Watts was lightly attended. The instruction was on upholstering. The next meeting also to be held at the Watts home is set for Thursday, April 16, 1:00 P. M.

It appears to be well settled that Miss Lydia Ziegler, chief operator in the Bell telephone exchange here, will take over the contract to conduct the exchange in a similar manner as did Mrs. Jacob Sharer during the past number of years. Miss Sara Zettle will be an assistant operator and Myrtle Goodhart, the night operator.

At the last meeting of the Spring Mills Fish and Game Association, it was decided that although the high waters did much damage to the association's outfit for growing fish, an effort would be made to accomplish something during the coming season. Individual members expressed a desire to attend the Sportsmen's dinner at Nittany Lion Inn, Thursday evening, April 2nd.

Mrs. Wm. M. Fliegel, of Maywood, N. J., visited her father, W. A. Neese, over the week-end. She motored up from Wilkes-Barre where she is stationed in a Home Loan office.

Miss Sarah Enlist of Pottery Mills is living with the Coleman Wingard family since their illness of their daughter, Gloria.

Christ Musser and family will move to Muncy, as soon as the house they expect to occupy can be put into proper condition. Mr. Musser is an experienced miller and will continue to be employed by the City Flouring Mills.

Gregg Twp. Citizens Help Flood Victims.—Money, food and clothing was sent to the Selvingrove and Sumbury areas from residents of Gregg Township last Tuesday. Fine contributions were received from Georges Valley, Brush Valley and Spring Mills, Penn Hall and Farmers Mills communities, within the township, as well as articles from some residents in Centre Hall and Pottery Mills. The fine contribution that went to the stricken areas was possible because of the fine spirit of cooperation and helpfulness that existed throughout the communities and is a fine example of what can be accomplished with close community cooperation.

The following transported the articles to the Red Cross in the two communities: B. G. Meyer, G. Booth, Vera Myers' large truck, Groce Silk Mill truck and the car of John Robinson. Meyer Bros. Garage and S. Condo furnished gasoline for the trucks. Many other individuals kindly furnished cars that were used in bringing the goods to Spring Mills and the truck of Smith and Corman was given for the purpose of transporting the cans of milk and other food to the areas.

The Red Cross officials in both communities were extremely grateful for everything that was sent and roughly estimated the value of articles from \$250 to \$275. Among the articles were sixteen cans of milk, over forty bushels of potatoes, more than thirty pairs of shoes and thirty pairs of rubbers donated by one individual, and \$32.50 in cash. The cash is being sent direct to the Red Cross officials in the two areas.

It is impossible because of the large number who contributed food and clothing to print a complete list of names of the various persons who gave articles, but it is well known that all responded marvelously at a time when there was real need of aiding those in our neighboring communities.

The Vocational school athletic field was greatly damaged by the recent high water. The field had been much improved and brought to as near perfection as was possible under a PWA project sponsored by the school board. The ruin is to such an extent that it is uncertain whether an attempt will be made at this time to rebuild it. The loss of the field is greatly regretted by both the school pupils and citizens.

F. A. H. TO HOLD CONCLAVE AT PENNSYLVANIA STATE What the Federal Housing Administration may do in repairing flood damaged homes in Pennsylvania will be brought out at a conference on Low Cost Housing at the Pennsylvania State College April 16 and 17. Professor J. Burn Helme is acting head of the department of architecture, which is sponsoring the conference. Information on possible federal assistance will be given by Ernest M. Fisher, director of the division of economics and statistics for F. H. A. Mr. Fisher will speak on "The Role of Government in Housing" and answer questions relative to his paper and to the application of F. H. A. to the flood emergency.

LEGAL ADVERTISEMENTS.
