**GREGG TOWNSHIP VOCATIONAL SCHOOL NEWS.**  
Eighth Grade Entrance Examinations—Sergt. Lantz of the Pa. Highway Patrol, talked to the junior and senior classes of the high school on Monday. The two classes have for the past eight weeks been studying a course in automobile driving under the direction of W. S. Bitting. The primary object of the course is to study automobile driving practices that lead to greater safety on the highway. Much interest has been shown by the members of the two classes, and many helpful suggestions were made to the group by Sergeant Lantz.

The entrance examination for 8th grade pupils for admission to the Gregg Twp. Vocational School in the fall, will be held in the Grammar room at Spring Mills, Friday, April 24, at 9 a. m. Only 8th grade pupils may take the examination, and they will complete the test during the day.

The opening baseball game for the Gregg team will be with the strong Howard high team at Howard on Friday. Howard won the Eastern Division championship last year, and will again put on the field a strong team. The Gregg boys have practically the same team as last year with the exception of Wallace Skiles, pitcher, and Robert Corman. The boys feel the experience gained last year will help them to be up there fighting for recognition in the league this year. The team goes to Mill Hall next Tuesday and play their first home game on Friday, Ap-

ril 24, with Hublersburg at Spring Mills.

The Gregg seniors presented their class play "The Man in the Moon," before the Bellefonte Order of Woodmen in their lodge hall at Bellefonte Tuesday night. The play was successfully presented in the Spring Mills grange hall last week.

The grade schools in Spring Mills will close May 8 and the high school on June 5. The Baccalaureate sermon will be preached by the Rev. Louis V. Leshner on Sunday evening, May 31. Class Night exercises will be held in the Grange hall on Tuesday, June 2, and Commencement exercises in the Methodist church on Thursday, June 4. Dr. Gordenier, present manager of the Centre Teachers Agency, Harrisburg, and former president of Bloomsburg State Teachers College, will speak at the commencement exercises, June 4. Margaret Grenoble, Evelyn Brooks, and Ellsworth Stover have been selected as senior class speakers.

Miss Miriam Tschudy home economics teacher, and Wayne Bitting, instructor in agriculture, spent Easter at their respective homes, the former in Lebanon and the latter at Loysville.

Robert Slegal spent Easter with friends in Lock Haven.

The loss of the Christ Musser family who moved to Muncy is greatly regretted. Two of their sons, Cameron and Myron, will remain here for the present. The former is clerking in the Meyer store and the latter is a sophomore in Gregg Vocational and will stay with his aunt, Mrs. Paul Noll, until the close of the present school term.

**Two Homes Sold**—Al Mark purchased the Robert Musser home between Spring Mills and Penn Hall, for \$1215.00. The place has nine acres of tillable land in addition to the lot on which the buildings are located.

The home formerly occupied by Christ Musser was sold at the same time to Mrs. Paul Noll for \$1100. Both properties belonged to the Robert Musser estate.

The Benjamin Gentsch property, formerly owned by the Fishers, at Penn Hall, is also reported to have been sold by the administrator, Eug-

Mrs. Clyde Lingle became seriously ill late Saturday night at the home of her father, J. C. A. Hegeman, where she and her husband live. While the case was not fully diagnosed on Monday, there was some hint that it might be named appendicitis.

**Party for Former Silk Mill Foreman**—Employees of the Groce Silk Mill did honor to Jacob Sharer, long a foreman at the mill but now retired and living on his farm east of Centre Hall. To further show their respect for their once foreman, the mill workers presented him with a remembrance in the form of a telephone set—a table and chair. While the party was primarily for the head of the family, Mrs. Sharer, who for a long time conducted the telephone exchange at Spring Mills, was given pledges of continued friendship.

The evening was spent in playing cards and dancing, and consuming the elegant refreshments prepared for the occasion. The guests included

## Ford - FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

### AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a

gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car: More value for every dollar you pay. Lower cost for repairs and service. Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

\$25 A MONTH

WITH USUAL LOW DOWN-PAYMENT, BUYS ANY NEW FORD V-8 CAR ON NEW U.C.C. 1/2% PER MONTH FINANCE PLANS.
