NATIONAL CONVENTION OF THE GRANGE AT COLUMBUS, NOV. 11-19

A great coming event of interest to members of the Grange everywhere will be the 70th annual convention of the National Grange, to be held at Columbus, Ohio, for nine days next November 11, beginning Wednesday morning November 11; with an expected attendance of from 12,000 to 15,000 members, who will represent a chain of 35 states, reaching entirely across the continent. This will be one of the greatest agricultural conventions ever held in the United States and with probably more states represented in the voting body than has ever been true in rural history.

While each of the nine days' sessions will be crowded full of interesting features, the climax on Thursday, November 12, will be the conferring of the Seventh Degree on an expected class of 10,000 candidates, in the Ohio Theatre at Columbus. It is the highest degree in Grange ritualism. Big classes for the supreme degree of the Order are quite the rule in Grange history, for at Boston, Mass., in 1920, the Seventh Degree class numbered 9,338; at Rochester, New York, in 1930 it reached 11,125; while at Hartford, Conn., in 1934 the total was 12,674 the largest class of candidates ever initiated on a single occasion by any fraternal organization in America.

Prominent speakers from the National Capital and elsewhere will address the Columbus convention and questions of public policy, the farm welfare and rural progress as a whole will be discussed. The fact that the Grange organization numbers fully 800,000 dues-paid members and that it has continued to increase its roll, even during the depression years, readily places it among the most successful of all American organizations, fraternal or otherwise. The growing prestige of the Grange as the spokesman of American agriculture and the best friend of the rural people, causes its declarations to be everywhere heard with respect.

One of the high spots at the Columbus meeting will be the annual address of National Master Louis J. Tabor, which is given at 2 o'clock on the afternoon of the first day, November 11, and widely broadcast.

BURTON SNYDER WRITES FROM PHILIPPINE ISLANDS

The Reporter received an interesting and well-typed letter from Sergeant C. Burton Snyder, son of Mr. and Mrs.

Floyd E. Snyder, Centre Hall, who is on the last leg of an enlistment in the U. S. Army, Sergeant in Headquarters Battery, 59th Coast Artillery, Fort Mills, Philippine Islands. The Reporter regrets that it cannot reprint the two letters referred to in his communication, which communication follows: "June 30, 1935.

"Dear Mr. Bailey: Inclosed you will find two letters that I think might interest you as I know of your liking of that great game, baseball. I wish you would publish the two inclosed letters in your paper as I think they might get a laugh out of men who know baseball.

"As you no doubt know, I belong to the 59th Coast Artillery. We had an exceptionally strong baseball team this year, and won the Department championship. Now I am not on the team but am a great fan and always back our team. The final games were played in Manila between the 59th and 60th Coast Artillery with the decision in our favor. As a result of that game, the author of the first letter, who no doubt was a five peso loser, had the sports editor in Manila publish his letter and the answer was prepared by one of the baseball team members, I think, and appeared in the Manila paper a few days later.

"As you will note by the first letter we have had losers in the Philippine Islands as well as back in the States. "Everything over here is going smoothly. I am thinking seriously of coming home soon, I've had quite a few breaks in the Army as I have reached the grade of Sergeant.

"Hoping this finds all well, etc., I am.

Very truly,  
C. BURTON SNYDER.

Exposition Horticultural Gardens

Looking down one of the long promenades in the Horticultural gardens of the Great Lakes Exposition, Cleveland, where millions of Americans are enjoying the cooling breezes off Lake Erie, the bustling, colorful activity of the gay crowds, the stimulating educational exhibits and attractive recreational facilities of the Exposition. The Horticultural gardens represent an expenditure of \$200,000 with an additional \$50,000 spent on the three-story Horticultural building which houses an ever-changing display of the strange, the colorful and the beautiful plant life. Period gardens, music and color fountains are among the attractions of the gardens.

JUST HUMANS By GENE CARR

"How About a Game of Chess?"  
"Nope, I Ain't Got No Time!"

**Nerves** Do they torture you by day? Keep you awake at night?

What is it that keeps hospitals open and doctors busy? NERVES. What is it that makes your face wrinkled and makes you feel old? NERVES. Nine times out of ten it's NERVES that make you restless, worried, haggard.

**Nerves** Do they make you Cranky, Blue—give you Nervous Indigestion, Nervous Headache?

When nerves are over-taxed, you worry over trifles, find it hard to concentrate, can't sit still. Nerve Strain brings on Headache. Nervous people often suffer from Indigestion. There may be absolutely nothing wrong with the organs of digestion, but the Nerves are not on the job to make the organs do their work properly.

**Nerves** Do they interfere with your work; ruin your pleasure; drive away your friends?

You're cheating yourself and the man who pays you if you work when your NERVES are not normal. You can't have a good time when you are nervous. You can't make or keep friends when you are keyed up and irritable. You may excuse yourself, but to others you are just a plain crank.

Quiet your nerves with
