IRVIN HENNIGH IN HOSPITAL; RIGHT LEG BADLY MANGLED

Irvin Hennigh, of Potter township, was reported Wednesday morning as holding his own. Mr. Hennigh is in the Centre County hospital, due to an accident happening Thursday afternoon of last week. He was plowing a lot near the Centre Hall railroad station for George Ishler, using a small tractor for power. The small field borders on the P. R. R. right-of-way on the east, and in making a turn the tractor shot down an embankment, backwards, throwing the operator on the track and catching the right leg between it and a steel rail, horribly mangle the member between the knee and foot.

Mr. Hennigh was alone, but managed to crawl up the embankment and call for help, to which one of the Ishler family responded. An emergency nurse located on Grange Park at the time was notified and called the hospital ambulance. The shattered limb, the bones in which were reported to have protruded through the flesh, was placed in a plaster Paris cast on Monday. Mr. Hennigh lives near the Red Mill, is married and is the father of three children.

ATTENDANCE AT GRANGE FAIR LARGEST IN YEARS

The attendance on Grange Park during the Grange Encampment and Fair can only be judged, and judged only in comparison with attendance during previous years. There is no positive way of ascertaining the number who enter the gates. This is due to the fact that children under twelve years of age are admitted free, and no record made of the number thus admitted.

Mrs. Edith Dale, secretary of the association, informs the writer that the gate receipts for admission this year were considerably larger than for any previous year. This cue, together with other semi-official facts, leads to the conclusion that fifteen thousand would be a very conservative estimate of the attendance on Thursday.

The maximum age for free admission for children was reduced this year from fourteen to twelve years. Gatesmen, it is claimed, were unable in many cases to satisfy themselves as to the age of fourteen-year-old girls. The lifting of two years simplified the task and at the same time increased the gate revenue.

HUCKLEBERRIES, \$30 QUARTS PICKED IN PAST SEASON

Eight hundred and thirty quarts of huckleberries were picked during the past season by the children of Mr. and Mrs. Harry Moyer, living in the Yeager home west of Old Fort. The most prolific yield of berries was found on the Seven Mountains, back of Potlicker Flat, burned over a year or two ago. Most of the berries were sold at ten cents per quart.

TROOP 26, BOY SCOUTS, EXHIBITS AT GRANGE FAIR

The Centre Hall Boy Scout Troop 26, had an exhibit at Grange Fair of a miniature layout out of a farm. The display consisted of the house, barn, barnyard, fowls, animals, garden, fields, etc.

A large arch was erected over the farm and on this arch was placed a number of books explaining in detail how boys may win merit badges on the farm. From the title on each book, streamers were run to that particular section of the farm.

This was the first attempt on the part of Troop 26, organized less than a year ago, to present a display to the public.

The Troop is under the able leadership of Scout Master Ernest Wagner and is divided into three patrols, as follows: The Bears, under Patrol Leader Francis Snyder; leader of the Owl Patrol is Dean Bradford, and William Kerlin is leader of the Fox Patrol—Trooper.

CENTRE CO. BANK DEPOSITORS GET \$15,000; TOTAL \$394,527

The additional 3% distribution brings the total paid for expenses and to the depositors of the defunct Centre County Bank, Bellefonte, up to \$304,527.27, or 53 cents on the dollar. There yet remains for converting into cash and distribution 755 shares of Whiteoak Quarries.

The total amount accruing from the John A. Shugert estate, was \$56,933.26. After his individual creditors had been reimbursed 19 per cent there still remained a total of \$22,000 for distribution among the bank's depositors.

The Mary C. Harris estate brought a total of \$139,695.31, while the bank's assets made up the remainder. Out of the funds two 15 per cent and two ten per cent distributions have been made.

E. T. Jamison, on Wednesday morning, was reported to be "a little better." The information came from his home in Spring Mills.

AUTO CRASHES FREIGHT TRAIN; TAKES LIVES OF TWO YOUTHS

A Chrysler sedan, occupied by Carl S. Rossman and Arthur V. Hegedus, aged 19 and 20 years, respectively, crashed into a moving freight train as it was crossing State highway route 220, west of Snow Shoe intersection, at about 11:00 Thursday night. Both young men were dead before they reached the hospital.

When the sedan hit the freight car it became lodged and was carried some distance and hurled over an embankment.

Carl S. Rossman is a son of Mr. and Mrs. Harry A. Rossman, of Milesburg, and was employed by him in the Milesburg garage. He was on his way home at Julian where he and his wife lived with the latter's father, R. K. Matten, when the accident happened.

The young man and his wife were Penn State students and expected to enter the sophomore class at the opening of the college year.

Young Hegedus was a resident of Lackawanna, N. Y. The young men became acquainted when attending a military academy, a few years ago. He was paying his chum a visit.

Rossman is survived by his parents, previously mentioned, also by two brothers and a sister, namely, Herbert, Milesburg; Sheldon and Allison, at home.

Funeral services were held from the parental home Sunday afternoon, and burial made in the Union cemetery, Bellefonte.

In a verdict rendered by a coroner's jury on Friday, the P. R. R. Co. was charged with contributory negligence in the death of the young men, due to the fact that the railroad crossing did not have the proper signals.
