 EAT *Electrically*
 COOKED MEALS!

"FRIENDS HAD LED ME TO BELIEVE THAT ELECTRIC RANGES WERE SLOW AND COSTLY. SINCE THE INSTALLATION OF MY ELECTRIC RANGE, I HAVE FOUND IT TO BE VERY ECONOMICAL AND FASTER THAN THE FUEL STOVE I HAD USED BEFORE"

MRS. JOSEPH M. FRIES' EXPERIENCE JUST ONE OF MANY!

"My friends had led me to believe that electric ranges were slow and costly, but nevertheless I purchased one.

"Since the installation of my electric range I have found it to be very economical and faster than the fuel range I had used before, just as the Electric Company had told me it would be. It gives me more time to do other things because of the electric automatic control. I can put my meal in the oven in the morning, set the control, go away for the day and when I arrive home in the evening the meal is cooked and ready to serve.

"Other things I like about my electric range are these: It is more cleanly, more healthful, and more certain.

"Truthfully, I like my electric range very much and recommend it very highly."

(Signed) MRS. JOS. M. FRIES
 128 Fallowfield Ave., Charleroi, Pa.

WHAT'S THIS ?

• This is a "hang-up handset"—a modern type of telephone instrument used on wall locations in kitchens, playrooms, garages, shops and stores or on the side of a desk or table where working space is limited. It provides handy telephone service within easy reach—yet it's never in the way.

Extension telephones save time and steps; give extra protection and privacy. For complete information call the Business Office or ask any telephone employee.
