

THIS MAN...

Took hold of the job in which others had failed. **HE DID SOMETHING.** Mr. Banker, he opened the banks and **KEPT THEM OPEN.** Mr. and Mrs. Depositor, he protected your savings. Mr. Merchant, he brought customers back to your store and is making more of them for you. Mr. and Mrs. Investor, he is guarding your securities and protecting you against fraud and manipulation. Mr. Manufacturer, he has replaced collapse with restored markets for your products. Mr. Workingman, Franklin D. Roosevelt doesn't give mere lip service to "the Cause of Labor." He strives practically and fairly to see that **YOU** get the "**BREAK**" that every man who works with hand or brain is entitled to . . . And Mr. and Mrs. American--all of you together--he brought back Confidence, National Security and National Recovery.
