FRANKLIN DELANO ROOSEVELT

LOCAL SCHOOL DISTRICT GETS \$3,360 FROM PUBLIC WORKS ADM. FOR SCHOOL PROJECT

G. Douglas Andrews, State PWA Director, on Saturday announced the payment of \$3,360 to the School District of the Borough of Centre Hall. This amount represents the second payment made by the Public Works Administration in the fulfillment of its promise to pay \$15,120, or 45 per cent of the total cost of the project which amounts to \$33,500. This brings the total amount paid thus far by the Federal government to \$11,760.

Although the cost of construction this addition to the Centre Hall high school, which contains two classrooms, an auditorium and a gymnasium, will amount to \$33,500, the cost to the taxpayers of Centre Hall will be only \$18,480, or 55 per cent of the total cost of the project.

Many benefits are being brought to Centre Hall through this construction. Of great importance is the work that has been created in making these additions to the local school facilities available to the student population and community. It is estimated that nearly 20,000 man-hours were required to carry this work to completion. Local merchants, too, benefited through the growing purchasing power of these newly employed workers.

Similar benefits are being brought to thousands of other communities in the United States through the construction of municipal buildings, schools and other useful public structures encouraged and assisted by the Public Works Administration.

PENNS VALLEY METHODISM IS 150 YEARS OLD

The year 1936 marks 150 years of service for the Centre Hall Methodist Episcopal church. In the year 1886, at the home of Robert Pennington immediately east of Centre Hall, the first Methodist class in this section was formed. The congregation was ministered to by a circuit rider, whose parish consisted of several counties. Services were held for some years in the Pennington home. A church building was not erected until 1914.

The records and history of the parish indicate a large percent of the membership in the past to have been followers of industrial pursuits and the professions. The mobility of the membership has been high, many people having come and gone from the church and community. The industrial sections of the western part of the state became the homes of many of them after spending a period of time in Penns Valley. Hundreds of names on the old records have no meaning in Penns Valley today. Thus Methodism has always been numerically small in this section but has enjoyed a numerical consistency for the past century.

A new chancel, Anglican in type, has been built in the church and will be dedicated Sunday morning, Nov. 8. The Anglican chancel in Methodist churches is an evidence of recent emphasis on worship and conformity to suggestions from the denominational board of architecture. The New Methodist Hymnal, emphasizing the Wesleyan forms of worship, have been secured for use by the congregation.

The Rev. J. Merrill Williams, superintendent of the Williamsport District, will lead the morning service of dedication of chancel and hymnals. The Rev. Robert J. Sudlow of St. John's Episcopal church, Bellefonte, will preach the sermon at the anniversary service in the evening.

PWA WORKERS FIRED FROM ELECTION BOARDS IN CENTRE

Due to an order issued by Judge M. Ward Fleming, defining his view of the election laws, a large number of PWA workers resigned from election boards. The court was bound to rule that the successor to the fired PWA worker had to be one of the same political complexion.

MR. AND MRS. E. M. HUYETT MARRIED FIFTY YEARS

The fiftieth wedding anniversary of Mr. and Mrs. E. M. Huyett was celebrated in an informal way on Saturday evening by some thirty persons who gathered at the Huyett home in response to verbal invitation. The only immediate relatives of the couple in the group were their two daughters, Mrs. Leila Magee and Mrs. Harold O. Alexander, both of Wrenonah, N. J. Others included former business associates of Mr. Huyett and friends of the family. Among the guests two couples had already celebrated similar events.

The couple were married in Camden, N. J., by a Lutheran minister. Mr. Huyett had been a resident of Centre Hall for about a year prior to that eventful date, and after taking his bride to the home folks, the couple came to Centre Hall where for a few years they boarded at the Centre Hall hotel. They began housekeeping in Rebersburg, and later lived in Millheim, coming to Centre Hall again in 1931, where they lived continuously since except for a few years spent in Bellefonte.

Mr. Huyett was a lumberman and was associated in business with several different groups, finally the McNitt-Huyett Lumber company was formed which did an extensive and profitable business in a number of sections of the country. Since the dissolution of the lumber firm, Mr. Huyett has lived retired.

The evening was made pleasant by the most cordial reception extended the guests, all of whom extended sincere congratulations to the couple who had arrived at this important period in their married life.

The hour set for the guests was from 7:00 to 9:00 o'clock, but in characteristic remarks made by Mr. Huyett, the hour was extended to the end of the day. Refreshments were served prior to the recounting of the married life of the couple by Mr. Huyett.

An item on the State highway program that will soon be given attention is the erection of the familiar wood-slat fence along Pennsylvania highways during the winter months as a protection against snow drifting onto them. The "snow" fence was used first about fifty years ago, and has since been widely extended for varied purposes.

A Harrisburg newspaper published a brief account of Darlington Brown being found wandering about Harrisburg, unconscious of his whereabouts, following a motor wreck in the vicinity of the State Capital. He was brought to the Lewisburg hospital for treatment. The unfortunate young man evidently is a son of Mr. and Mrs. Jefferson Brown, the latter (Stella Krise) deceased.

The Harris township school board failed to accept any of the bids for the general construction of the proposed new high school building to be located near the aviation field, north of Boalsburg. The bids for ventilation, plumbing, electrical, and heating were held. The refusal of all general construction bids by the board will mean that an extension of time will need to be asked from PWA headquarters in Washington, D. C.

New Deal Sweeps Nation ; Roosevelt and Garner Carry Nearly Every State

With the exception of probably three or four states in the Union the New Deal carried the President and Vice-President to victory. From the very beginning the Democratic candidates lead Landon and Knox, even in Kansas, the Governor's home state.

Pennsylvania also swung into the Democratic column, and apparently gave the Democratic candidates for State Treasurer and Auditor General a majority, as well as it did for a majority of Democratic Congressmen in the State.

ROOSEVELT and GARNER. In Centre county received a plurality vote of between 1200 and 1500.

DON GINGERY, for Congress in the 23rd district, carried every county. He will have a majority in the three counties of between 8,000 and 10,000.

JOHN W. DECKER was re-elected to the house of representatives by a majority of about 1000. The voters fully appreciated his services during his first term.

OLD FORT-SPRING MILLS ROAD LIKELY TO BE BUILT.

The section of State Highway Route No. 45, lying between Old Fort and Spring Mills will be built, probably immediately. While this information is not official, it is reasonably correct.

An infuriated bull instantly killed Roy Erdley, 27, of Lewisburg, R. D., on the C. E. Erdley farm. The mutilated body was found in the bull's stall a very short time after the man entered it to remove the litter.
