"LAST MONTH MY BILL FOR ELECTRIC SERVICE, INCLUDING MY ELECTRIC REFRIGERATOR, WAS LESS THAN FIVE DOLLARS. THIS CERTAINLY IS CHEAP ENOUGH.. MY COOKING COSTS ARE MUCH LOWER THAN YOUR REPRESENTATIVE ESTIMATED"

"New electric range is faster" CLAIMS MRS. WIGFIELD

"About eight months ago I purchased my second electric range. Since then I have marveled at the advances made by electric cookery in the last ten years.

"My new range is faster in coming up to cooking temperature, both on the surface units and in the oven, than I ever anticipated—giving me real 1936 electric speed performance.

"Last month my electric service bill for all appliances including my electric refrigerator was less than five dollars (\$5.00). This certainly is cheap enough and proves that my cooking costs are much lower than your representative estimated.

"I hope you can use this modest testimonial to prove to other housewives the value of modernizing their kitchens and cooking electrically."
