Performance, Beauty and Safety Mark Chevrolet's Completely New Cars

Chevrolet's 1937 engine is completely new, but adheres closely to time-proved Chevrolet engineering principles. It is of six-cylinder valve-in-head type, smoother, more powerful, more economical, and lighter.

A representative model from Chevrolet's new line, typifying its beauty and grace—the Master De Luxe Sport Sedan with trunk. Note the distinctive "speed line" extending back from the side of the hood.

Beauty and utility mark the new Chevrolet instrument panel. The windshield is of greater area, with narrow corner posts, affording better vision.

Unisteel construction joins the floor, cowl assembly, panels, and Turret Top of Chevrolet's all-silent, all-steel body, to form one integral structure, welded in all joints, and reinforced and braced for permanent silence and safety.

New power, economy, durability, safety and comfort, coupled with striking new beauty, characterize Chevrolet's new models for 1937. They are offered in two series, Master and Master De Luxe, virtually identical in appearance.

Chevrolet's fully-enclosed Knee-Action is furnished at no extra cost on the Master De Luxe models; and new Syncro-Mesh transmission, and safety plate glass all around at no extra cost, feature all models of both series.

Don't Prolong The Agony!

Next time you suffer from Gas on Stomach, Headache, Sour Stomach, a Cold, Muscular, Rheumatic, Sciatic or Periodic Pains; That Tired Feeling, That "Morning After" Feeling. Get a glass of water and drop in one or two tablets of

Alka-Seltzer

The New Pain-Relieving, Alkalizing, Effervescent Tablet. Watch it bubble up, then drink it. You will be amazed at the almost instant relief.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

After trying many brands of medicines—so-called relief for gas, and all of them a failure. I gave up hopes. By chance I tried Alka-Seltzer—I am more than satisfied. Geo. Bennett, New York, N. Y.
