RED CROSS AID TO MORE THAN 500,000 DISASTER VICTIMS

Large Urban Areas Devastated As Elements Hit 20 States East of Mississippi

"The number of disaster victims assisted by the Red Cross during the fiscal year ended June 30, was more than four times the number aided in the previous twelve month period," Admiral Cary T. Grayson, chairman, said in commenting on highlights of the annual report just issued. "Over 131,000 families were given food, clothing, shelter and medical care, and thousands of homes were rebuilt or repaired by the Red Cross to enable them to carry on."

Pointing to the wide variety of types of disasters which occurred during the year, Admiral Grayson said, "The Red Cross sent hundreds of trained workers into 39 states to meet the many exigencies of catastrophes which included earthquake, epidemic, explosion, fire, hurricane, ice lock, landslide, refugee relief, shipwreck, tornado and typhoon. The Red Cross took charge at the scenes of 105 domestic disasters of major severity."

The report emphasized the marked value of Government-Red Cross cooperation when disaster strikes, giving as example the flight of Army bombing planes which dropped Red Cross food to marooned refugees at Renovo, Pennsylvania, during the Spring floods. More than 10,000 persons were rescued from the second floors of homes

in Wicks-Barre and Kingston through Coast Guard-Red Cross cooperation at the height of these same floods.

"Government agencies and relief groups were of invaluable assistance to Red Cross relief forces at all times," Admiral Grayson stated.

The complete resources of Red Cross leadership, training and disaster experience were brought into play by the Spring floods and tornadoes which took so heavy a toll of life and property in eastern and southern states this year, the annual report reveals. The Red Cross aided 77,000 families

Red Cross Nurses Combat Disease on Wide Front

At the close of the fiscal year ended June 30, there were 673 Red Cross nurses bettering health conditions and caring for the sick in 604 communities. These Red Cross public health nurses cared for a total of 233,616 persons during the year and made more than a million visits on their behalf.

The annual report of the American Red Cross states further that these nurses cooperated with doctors in examining 671,057 school and pre-school children, with 342,861 physical defects found and curative treatment arranged in 209,680 cases.

In 979 Red Cross chapters 1,733 graduate nurses taught Red Cross home hygiene and care of the sick, issuing certificates to 53,126 persons completing the courses. In addition, 1,777 Red Cross reserve nurses were called upon during the year for disaster and epidemic control work.

The Annual Holiday Cooking Spree

Mince-meat Pie, that perennial favorite, is a triumph at holiday time.

By Louise Brown

Holiday cooking is really an intoxicating business. Not only the Christmas dinner—the turkey and all the fixins' that go with it—but the other special treats that belong to the holiday season.

What shall we have this year? Shall we make some festive cookies and candies, shall it be plum or mince pies, and have you made your fruit cake?

Whatever we decide to have this year, let's resolve to plan and cook it early—it's just as important to our Christmas happiness as getting the shopping out of the way in good time. Sit down with pencil and paper and plan the menu and map out a cooking campaign.

Less Work and Worry

One way to enjoy your Christmas cooking and make it easier is to let your kitchen equipment do all the work possible. The mixer, for instance, is going to save you considerable so-called "elbow grease" when it comes to beating cakes, making cookie dough and candies, or stuffing up mashed potatoes.

Another servant that can save you much of the last minute rush is the refrigerator, for it permits you to prepare many dishes ahead of time and store them safely until you are ready to serve them.

There's a fairly new kitchen appliance—the electric roaster—that is going to be very helpful with the Christmas cooking in many homes this year. It can be used for so many things. Pies and cakes—even the holiday fruit cake—can be baked perfectly in it. It has plenty of room for a large turkey and will roast it to anybody's taste.

Since many housewives are interested in roaster recipes just now, I'm printing a recipe for that holiday favorite—Mince Pie. This recipe can be used with equal success in the roaster or in the range oven and it makes a pie that has a tender, melt-in-the-mouth crust and a juicy, spicy interior.

MINCEMEAT PIE

Pastry
 2 cups flour
 1 teaspoon salt
 ½ cup shortening
 ¼ cup ice water

Have all materials cold. Sift flour and salt together. Cut in shortening with pastry blender until mixture resembles coarse meal. Add cold water slowly, just enough to make a stiff dough. Chill in electric refrigerator. This recipe makes one 2-crust pie.

Mince-meat
 2 cups lean cooked meat (finely chopped)
 4 cups tart chopped apples
 2 cups chopped seeded raisins
 1 cup fruit juice
 1 tablespoon ground cloves
 2 cups currants
 1 cup chopped citron
 2 teaspoons salt
 1 cup chopped suet
 1 tablespoon nutmeg
 1 cup meat stock
 1 tablespoon cinnamon

Combine ingredients in order given. Simmer slowly for about one hour. To store the mince-meat, pour into hot jars and seal.

Line pie plate with pastry, and add a sufficient quantity of mince-meat filling. Cover with crust and seal edges well. Set the temperature control to 375 degrees F. and bake for 40 to 50 minutes.

Note: There are many brands of mince-meat on the market which can be used if one does not wish to prepare the filling at home.

James Brooks is substituting for A. L. Emery on the rural mail route; G. A. Crawford is taking Paul M. Fetterolf's place as clerk in the local post office, and Richard Brooks is substituting for John H. Knarr as mail messenger, this week. The cause of it all the deer season.

William Kerlin, Jr. was a guest of Philip Simmonds, at the home of his parents, Mr. and Mrs. George Simmonds, in Altoona, over the Thanksgiving season. The youths were tentmates during the former's first year as a student in Culver Military Academy, Craft Division, at Culver, Indiana.

Mrs. Glenn Tressler, of State College, entertained at cards on Friday evening. The following participated: Mr. and Mrs. Lester Weaver, Mrs. John Whiteman, Mr. and Mrs. George Sweeney, Mrs. Alma Schaeffer, Mrs. Roy Searson, George Reed, Mr. and Mrs. Harold Bradford, Mrs. E. M. Smith.

Rev. Jos. B. Hackett, of St. Agnes church, Lock Haven, has been appointed administrator of St. John's Evangelical church, Bellefonte, by Rt. Rev. Msgr. John Codori, administrator of the Altoona Diocese. Father Hackett will serve during the illness of Very Rev. William E. Downs, a patient in Mercy hospital, Johnstown.

Vinton McClellan, employed with a metal sash manufacturing company in Washington, D. C., was at his home here over the week-end. He returned on Sunday with Richard Bailey, of town, and Joe Prabus, of Bellefonte, who are employed with the Radio Research Company in the national capital, and make weekly trips home.

Lieut. James C. Crisman, who has 10,000 flying hours to his credit, and has flown more than a million miles, was an unexpected guest in Phillipsburg on Thanksgiving day. The Cessna plane he was flying needer repairs obliging him to land. He was a guest of William Knapper, a Phillipsburg pilot. Lieut. Crisman, a partner in the air of Wiley Post when both were learning to handle planes, was on his way to Milwaukee, Wis.

A review of "Out of Africa," by Emory Ross was given by Harvey W. Flink at the Thank-offering service held by the Young People's Missionary Society of the Evangelical church last Sunday evening. Mr. Flink was instructor of the Mission Study class, sponsored by the Young Woman's Missionary Society of the Lutheran church last fall, and "Out of Africa" was one of the text books used in the course. The lecturer pointed out that Africa is not remote and that it contributes to our daily lives; that failure of Missions in the past is largely due to a lack of understanding of the peoples being asked to accept Christianity; and that the World War and the Ethiopian conquest have been instrumental in retarding mission work.
