Gregg School Board Gets Second PWA Payment—G. Douglas Andrews State PWA Director, announced the payment of \$1,545.90 to the school district of Gregg township. This amount constitutes the second payment made by the Public Works Administration in the fulfillment of its promise to pay \$6,954, or 45 per cent, of the total cost of the project which amounts to \$15,454. This brings the total amount paid thus far by the Federal government to \$5,408.90.

This project is making possible the construction of a combination auditorium and gymnasium addition to the Spring Mills school in Gregg township, which will not only serve the school population but the entire community as well.

Although this new addition to the school building is estimated to cost approximately \$15,454, the cost to the taxpayers of Gregg township will be only \$8,500, or 55 per cent of the total cost of the project, the balance contributed by the Public Works Administration.

Open Home Basket Ball Season on New Floor Friday—The Gregg boys' and girls' basket ball teams will open the new gymnasium by playing the basket ball teams from Beaver Vocational high, on Friday, December 18, at 7:30 p. m. in the new building at Spring Mills. The Gregg teams have been practicing for two weeks for this opening game at home with the strong Beaver teams.

The Gregg boys dropped their opening game to a strong Petersburg team at Petersburg last Friday by a score of 22-24. The seating facilities at the new gymnasium are adequate to care for all who care to attend games. Bleachers have been provided and chairs will be placed on the stage for any who care to use them. It is hoped a large crowd will be out Friday night to give the team a good send-off in the new building for the coming season.
