

## PRESIDENT'S BIRTHDAY PARTY WAS A SIGNAL SUCCESS

The five-hundred meal set for attendance at the Birthday Party for the President was not only reached, but exceeded.

The party was a magnificent affair. Its patronage came from all parts of Penna and Brush Valleys, with a sprinkling from Nittany and Kishacoquillas Valleys. They came for a good time—to dance, play cards, and engage in social intercourse. There were some disappointed. Beginning at 8:00 o'clock, the music was silenced at 1:00 a. m. The Bill Bottorf Orchestra of fourteen pieces furnished the music for round and square dancing, the inimitable Rufus Hettinger being the master of ceremonies for the square dancing. The floor, approximately 54 by 66 feet, was completely filled at all times. The round dances were no less popular than the square variety.

The numbers rendered by the Variety Quartet were highly appreciated as was indicated by the rounds of applause. The two musical organizations of State College are outstanding in their line of music, and it is probably due to their engagement that many from a distance were attracted.

The audience was made up of young people, the average age of the group being around thirty-five years. There were but few children—probably a dozen—under high school age.

The general chairman, R. S. Jamison, the general committee and sub-committees, are all highly pleased over the success of the party and express appreciation of the wide and extremely liberal patronage.

From a financial standpoint the venture was also gratifying. A detailed report is appended.

The party was held in the Centre Hall-Potter high school building, the new and old sections being occupied. The sym was elaborately decorated and presented a delightful appearance.

The general chairman and the general committee are grateful for the loyal and highly efficient work of the sub-committees. Special reference is made to a detail of the Boy Scouts who so admirably handled the work in the checking room. Every garment was promptly delivered. Another junior division was the pages who kept the doors in proper position and directed "traffic" in the hallways.

Due to the illness of Daniel S. Daup, treasurer, a complete report of the finances of the venture are not obtainable. Gross figures, close to being correct, are these:

Gross receipts	\$254.90
Expenditures	169.40

Net balance \$195.50

## Many Telegrams Sent to President

Personal telegrams were sent to the President by those whose names are given below, each of whom paid twenty-five cents for transmission. The telegraph company handling the message refunded the whole of the charge to National Chairman Doherty, and finally seventy per cent. of the amount will come back to the Centre Hall organization's treasurer.

The telegrams forwarded read:

The President,  
White House, Washington, D.C.  
Happy Birthday, Mr. President. I am proud to participate in the sending of this personal greeting to you and thereby help in the fight against infantile paralysis to which you have given such notable leadership.

## 15 ROOKIES IN PRESENT UNITED STATES SENATE

Fifteen "rookies" are included in the United States Senate of the Seventy-fifth Congress. Four come to that august body via the House of Representatives, and four from the governor's chair in their respective states.

The four recruits from the House of Representatives, Guy M. Gillette, Democrat, of Iowa; Prentiss M. Brown, Democrat, of Michigan; Earnest Lundeen, Farmer-Laborite, of Minnesota, and Josh Lee, Democrat, of Oklahoma, merely moved to the north instead of the south end of the Capitol.

The four who stepped up from governorships to enter the national legislative scene are: Gov. Ed. C. Johnson, Democrat, of Colorado; Gov. Clyde L. Herring, Democrat, of Iowa; Gov. Hampshire, and Gov. Theodore F. Green, Democrat, of Rhode Island.

The remaining seven newcomers, most of whom are new names in the national political scene, are: Claude Pepper, Democrat, of Florida; Charles O. Andrews, Democrat, of Delaware; Allen J. Ellender, Democrat, of Louisiana; Wm. H. Smathers, Democrat, of New Jersey; Harry H. Schwartz, Democrat, of Wyoming; and Henry Cabot Lodge, Jr., Republican, of Massachusetts.

## NATION-WIDE VICTORY DINNERS TO WIFE OUT 1936 CAMPAIGN DEFICIT

The Democratic National Committee is completing plans for wiping out its 1936 Presidential Campaign deficit with a series of nation-wide Victory Dinners, according to a joint statement given out this week by Chairman James A. Farley and W. Forbes Morgan, treasurer.

The plan as outlined is similar to that followed last January when the Jackson Day dinners raised nearly \$350,000 with which the eight-year-old party deficit remaining from the 1928 campaign was wiped out. At that time nearly 2,000 dinners were held in every State in the Union as well as in Hawaii, Porto Rico, and the Virgin Islands.

In their joint statement, Chairman Farley and Mr. Morgan announced that March 4th, the fourth anniversary of Franklin D. Roosevelt's inauguration as President of the United States, had been decided on as the date for the dinners.

"We feel," said the statement, "just as we felt last January, that this is the most democratic method of raising party funds. In this way every member of the party, by attending one of the dinners, has an opportunity to contribute his or her share to the cause, rather than that a few should bear the whole brunt of it."

As was the case last year, arrangements are being made for the President to attend the Number 1 dinner at the Mayflower Hotel in Washington, from where he will address all the other dinners throughout the country by means of a nation-wide hook-up of all major radio networks. Tickets for this dinner will cost \$100 a piece, of which amount \$95 will be a contribution to the party's treasury.

A \$50 per plate dinner will be held in New York City at the Commodore Hotel. In Washington, for those unable to attend the \$100 dinner, a \$10 per plate dinner will be held at the Willard Hotel. The dinners throughout the rest of the country will be priced at from \$3 to \$25 per plate, depending upon the size of the community.

## BOMBS HURLED AT TITAN PLANT EARLY SATURDAY A. M.

Titan Metal workers were startled and somewhat frightened early Saturday morning when explosives were thought to have been dynamite were hurled at the plant, but both landed outside the high wire fence. The explosives evidently came from the high hill on the east side of the road opposite the plant. While none of the workmen were hurt window lights in several buildings were shattered.

Strikers complained to their organization—the American Federation of Labor—of the activities of the county sheriff, Harry Keeler, his deputies and the State police, in their connection with the strike. The labor organization in turn has made complaint to the Federal Department of Labor. The A. F. of L. are also soliciting unionized companies who buy Titan products to co-operate by refusing to receipt for their goods.

## FISH WILL LIVE ALTHOUGH COMM. DEIBLER IS OUT

Oliver M. Deibler, Pennsylvania's Fish Commissioner, is out, his six-year term having expired, but the fish will live and thrive, nevertheless. Commissioner Deibler is the last department head appointed by a Republican governor to serve under the Earle administration. He was appointed by Pinchot for a six-year term at \$6000 a year. Pinchot ousted Deibler, Deibler's predecessor, because he did not support the Pinchot faction in the Republican party. The fish also survived that shock.

In the western part of the State there is considerable opposition to the reappointment of Deibler. It is claimed he was extremely partisan before his appointment and from what can be gathered during his administration he continued to favor the G. O. P. after the Earle administration came into being.

There is no reason, political or otherwise, why a Democrat should not be appointed State Fish Commissioner.

## LOWELL ALEXANDER ASPIRES TO BECOME CONGRESSMAN

Lowell H. Alexander, twice elected a member to the State House of Representatives from Mifflin county by the Democratic party, aspires to represent the 18th, or "shoestring," district in Congress. A Republican candidate to oppose him will be Richard M. Simpson, of Huntingdon county, also a member of the lower house in Harrisburg. Ben Focht, the present congressman from the 18th, hailing from Union county, will likely be a candidate to succeed himself. Focht never was known to have missed an opportunity to run for office heretofore and will most likely keep an even record.

The arch-Republican Harrisburg Morning Telegraph, founded some four years ago by the Stockport family, publishers of the Harrisburg Evening Telegraph has discontinued publication.

## RED CROSS CONTRIBUTIONS FOR C. H. AND VICINITY OVER \$300 TO DATE

The contributions to the Red Cross flood fund from residents in Centre Hall and community have reached \$310.00. The solicitations are incomplete. The returns at hand are very gratifying and show the liberal and sympathetic spirit long prevailing among the residents in the Centre Hall area to be continuing.

Rural districts have not been completely canvassed, but the work is in progress. Anyone not contacted by the canvassers should bring or send their contribution to Miss Grace Smith, treasurer of the Centre Hall Red Cross Auxiliary. This auxiliary is a part of the State College Chapter, and it is to this chapter the funds contributed locally will be sent.

A complete report will appear in a later issue of this paper.

## GEORGE STOVER, 71, STRUCK BY AUTO, INSTANTLY KILLED

George Calvin Stover, a resident of State College, was instantly killed when struck by a Chevrolet sedan operated by Raymond Harper, of Lytle Addition. The accident occurred Friday at dusk, near the intersection of Banard street and College avenue. The man's skull was fractured.

Mr. Harper, an eye witness stated before a coroner's jury, was driving at a gait of about 15 miles on College avenue, when Mr. Stover stepped from the side walk into the street.

Mr. Stover was born at Pleasant Gap, and had attained the age of 71 years, 8 months and 11 days. Funeral services were held on Monday and burial made in the Jacksonville cemetery.

In addition to his wife, the deceased is survived by one daughter, Mrs. Mary Murkhart, of New Castle, and three brothers, William of Boalsburg; Jared of Pleasant Gap; and Samuel of Marstello.

The coroner's jury on Saturday morning rendered a verdict charging both the deceased and the car operator with contributory negligence.

## HOWARD BORO GETS SECOND PWA SCHOOL PROJECT GRANT

G. Douglas Andrews, State PWA Director, announced the payment of \$4,923.99 to the borough of Howard, in Centre county. This amount represents the second of a series of grant payments which are being made by the Public Works Administration in the fulfillment of its promise to contribute \$17,500, or 45 per cent of the total cost of the project which is estimated will amount to approximately \$38,888. This brings the total amount paid thus far by the Public Works Administration to \$13,610.80.

This project, which is practically completed, is making possible the construction of three classrooms and a combination auditorium and gymnasium to the Howard high school building.

## HARRY A. CORMAN ANNOUNCES MEETING OF HOLLIDAYSBURG PRODUCTION CREDIT ASSN

Harry A. Corman, of Spring Mills, director of the Hollidaysburg Production Credit Association, has just announced that the third annual stockholders' meeting of the association will be held on February 12, 10:30 a. m. at the Blair County Court House, Hollidaysburg. Mr. Corman will attend the meeting, and with him will go many farmers of the county who are association stockholders and borrowers.

The Hollidaysburg Production Credit Association is one of 11 co-operative credit associations in the State of Pennsylvania set up under authority of the Farm Credit Administration, through which farmers may obtain short-term credit for production purposes, including the purchase of livestock, seed, fertilizers, equipment, and other legitimate production purposes or to pay indebtedness incurred for production purposes.

Since its organization in 1934, loans aggregating approximately \$270,000 have been made to farmers in Clearfield, Centre, Cambria, Blair, Bedford and Huntingdon counties, the territory served by the Hollidaysburg Association.

Mr. Corman was elected director of the association three years ago, and during his term has seen the Hollidaysburg Association grow until it is now a large factor in the economic life of the counties served by it.

"This association is designed to provide a permanent system of low-cost short-term cooperative credit to farmers and stockmen in this locality," Mr. Corman said, "and day by day more farmers are turning to this method of operating their farms."

An interesting and instructive program has been arranged. A representative of the Production Credit Corporation of Baltimore will also attend the meeting.

Election of two directors for the ensuing year will be held at the afternoon session. This is the best opportunity the members have to take part in the conduct of their association. Mr. Corman said.

Dr. F. P. Linsinger of the Penna. State College will be one of the guest speakers of the occasion. Dr. Linsinger is an authority on Farm Cooperatives and has spent considerable time studying the operation of farmer cooperatives in foreign countries.

## STANLEY KENDIG, STATE S. S. ASSN WORKER, GIVES FINE TALK IN LOCAL REF. CHURCH

Under the auspices of the Centre County Council of Christian Education, R. Hanley Kendig, of Philadelphia, worker in the Penna. State Sabbath School Association, delivered an inspiring address last Wednesday evening in Trinity Reformed church of Centre Hall. Mr. Kendig set forth three challenges to the churches of the valley, and suggested one project for all the churches to carry out.

One, special study classes for parents, in which fathers and mothers will have an opportunity to discover by church and home can work together for a more adequate Christian culture.

Two, workers' conferences in the individual schools—a monthly meeting of officers and teachers for the study of common problems and for the laying of plans around promising opportunities.

Three, training classes in the individual churches to supplement the work of the community training school at Centre Hall.

The fourth project, set forth by Mr. Kendig, was for the churches to work together for a valley-wide religious census looking toward the reaching of those who are un-churched.

At the close of his address, Mr. Kendig shared his convictions regarding the urgency in our day for a progressive, united Christendom in which people will re-think the place and the program of the Christian Church and its educational agencies.

Local pastors, Rev. L. A. Wagner and Rev. D. R. Keener, assisted in the conference. The Rev. Mr. Morris Howard, president of the County Council, presented the other members of his educational staff, which included J. F. Wetzel, vice-president, and adult work; Miss Frances Hoiter, of Howard, secretary; Willis Geisinger, Bellefonte, treasurer; Miss Helen Stever, Zion, Children's Work; the Rev. ## WILL IT REPEAT?

The last Friday-in-the-month rule—will it repeat?

The last Friday in December was an ideal day, if you'll remember. It rained January, "is said, and January was a fine month, with high temperatures. Now, the last Friday in January was a lovely day, with plenty of sunshine. Does this mean February will do likewise? If so, where has been our winter? And, incidentally, who cares?
