Go Electric!

KITCHEN AFTER KITCHEN
"SWINGS OVER" AS ELECTRIC RANGE STORY SPREADS

Proud Owners Tell Friends of Clean, Automatic Cooking and Better Flavors
—Local Dealers Now Displaying the Newest Electric Range Models.

ELECTRIC range owners . . . particularly those who have purchased but recently . . . are astonished at the *cleanliness, low operating cost and assurance of best results* that they enjoy with this modern cooking device.

Pleased and proud, they tell their friends. From home to home, kitchen to kitchen, the electric range story spreads. Women who are still cooking by old-style methods become interested. They can hardly believe the good news. But they, too, buy electric ranges . . . and also have new freedom from kitchen cares, just because automatic electric cooking is easier, certain and clean!

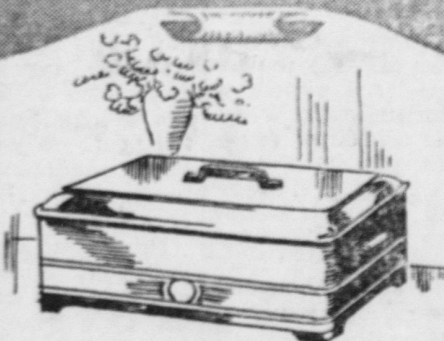

Decide that you will investigate—then visit the local electric range dealers and see the fine new models that are now being shown.

A LITTLE DOWN AND A LITTLE EACH MONTH BUYS AN ELECTRIC RANGE!

MRS. DAVID B. ECKMAN
APOLLO, PA.

"SINCE I HAVE USED AN ELECTRIC RANGE, I HAVE PROVED TO MYSELF THAT IT IS ECONOMICAL TO OPERATE. IT HAS ALSO SAVED MUCH TIME FOR ME. THE ELECTRIC RANGE IS REALLY SPEEDY IN COOKING."

Cook Your Holiday Turkey with an Electric Roaster

WHETHER you're planning "turkey and trimmin's," or just "plain meat"—get an electric roaster to help you cook your Thanksgiving dinner!

Here's what an electric roaster can mean to you on that busy day: If it's to be a big dinner you can cook the turkey . . . even a big one! . . . or two chickens or a large piece of meat . . . in the roaster. That will leave you free to do the remainder of your cooking . . . the vegetables and the dessert . . . on your range. The roaster will require no watching . . . which will give you the time to go to church on Thanksgiving morning, if you wish . . . and all the time you need to have dinner ready to serve on schedule.

Or, if you prefer, put the turkey in the oven of your range . . . and cook the vegetables and bake a pie (or some other dessert) in the roaster. In either case you'll save time, work and trouble.

Most important to you, every bite turned out by the roaster will be delightfully done, deliciously tasty!

(YOUR ELECTRICITY IS CHEAPER THAN EVER NOW—ENJOY ITS BENEFITS—CHANGE TO ELECTRIC COOKING!)
