Rev. L. A. Wagner of the local Lutheran church was nearly an hour late on his Farmers' Milk appointment, Sunday morning, due to the heavy snow which forced his car into a ditch off the main highway not far from his church. However, good Samaritans came along and pulled the auto from its helpless position.

A valuable horse, belonging to Earl Grove, tenant on the Wells farm, west of Centre Hall, died within a few hours after frisking about. The animal was found sitting on its haunches. Thompson Henry, county surveyor in Centre.

INTERESTING NEWS NOTES FROM PRESBYTERIAN MANSE

Miss Grace Wible, who is now calling Centre Hall her abiding place, became aunt last Thursday when there appeared one called Kermit Leon Wible at the home of his parents, Mr. and Mrs. Kermit Wible of Three Springs. The husky young Wible weighed 8 1/2 lbs.

Mrs. L. M. Marker, from Titusville, N. J., who was lecturing in this section of the Huntingdon Presbytery, gave a very interesting talk about the work which she and her husband had done in Hamdan, Persia, in the local Presbyterian church Thursday night. The Markers are extending their furlough on account of the illness of their youngest child. Rev. Marker is supplying a church in New Jersey.

The I. O. O. F. organization with the Rebekahs of the Pine Grove Mills district, held a banquet in the Odd Fellows hall at Pine Grove Mills on Friday night. They served a chicken dinner with all the fixings. The entertainment was made up of recitations, songs, music by the Kapp Brothers on their mouth organs and stringed instruments. Remarks were presented by Lawyer Taylor of State College, Rev. Grundyke of Graysville, Rev. Illingsworth of Pine Grove Mills and Rev. J. M. Kirkpatrick of Centre Hall.

The Presbyterian ladies met at the home of Mrs. John Heckman last week and besides their regular business and missionary program they enjoyed a very choice serving of cats. Those present were Mrs. C. One of the Lewistown physicians and surgeons is quoted as having said a larger number of persons who came to the Lewistown hospital with ear trouble necessitating the puncturing of the drums, and other treatment, come from Penns Valley than from all other localities. It would appear there must be some definite reason for this malady being so general here, and that an effort should be made to discover it. Probably reporting of the condition to the State Health Department might result in an investigation. The patients receiving hospital treatment are only a portion—a relatively small portion—of all afflicted.

Mr. and Mrs. Cleveland Brungard, on Sunday motored to Newport where they were guests of Mr. and Mrs. H. L. Ebricht. They found them comfortably located in an apartment, expecting to find better quarters in the near future. East of Lewistown, Mr. Brungard stated, there was little snow, not enough to interfere with travel.

Although weather conditions on Saturday evening were indicative of a change, many were surprised to find several inches of snow had fallen during the time they slept. The snow clung in great clusters to trees and shrubbery, presenting a beautiful sight. By noon there was a fall of about six inches of the beautiful, travel.

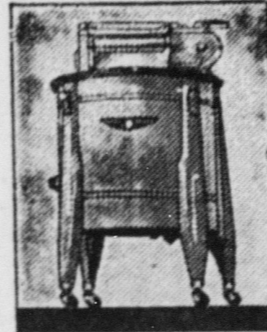

SPEED QUEEN REDUCES PRICES FOR 1938

Factory announces reduction of \$5.00 on all washer and ironer models. Also new improvements in beauty and design—faster washing speed—and a new Super-Duty Wringer. Greatest values in washer history.

In the face of a market with prices in an upward trend rather than downward, Speed Queen announces a clean sweep price reduction of \$5.00 on all Speed Queen electric

washer models and all gas-engine models. This should be good news to every one who is in the market for a new washer. It means extra value for your money. It means an additional saving of \$5.00 over and above the savings which Speed Queen has offered heretofore. (Prices on ironers have also been reduced \$5.00 on each model.)

In addition to the price reduction, new improvements have been made in beauty and design. Washing speed has been increased so that the Speed Queen easily washes more clothes per hour than any other washer. The new

Super-Duty, Safety-Roll Wringer introduces a perfect combination of all the desirable and proven features of wringer construction and performance. It is the wringer you will want on your washer if you see how strong it is built and what a thorough job of wringing it does. Come in and let us show you some things you never have seen a wringer do before.
