On Many Application Forms for Employment

IS THIS QUESTION:

Do You SAVE MONEY?

Importance of this question to the employer is that if you have not learned to manage your own affairs, it is not likely you will be wanted to manage his.

It seems to be the feeling of all employers that if a man cannot save for himself, it is hardly probable he can save for them.

NEW YORK FAIR MALL TO COST \$60,000,000

NEW YORK--Sixty million dollars will be spent to make the mile-long Central Mall of the New York World's Fair 1939 the greatest artistic project in the history of expositions. The middle section of the mall is shown above in a scale model. The tree-lined esplanade will contain (left to right) the largest ball and tallest triangular spire ever built by mankind, the highest sundial, the biggest portrait statue of modern times, honoring George Washington, and four statues dedicated to freedom of press, religion, speech and assembly. Literally scores of fountains, five waterfalls, hundreds of trees and more than a million plants will add to its dignified beauty.
