Mrs. Cummings, wife of Dr. M. P. Cummings of Reidsville, North Carolina, was a guest of friends in Spring Mills and Centre Hall. Mrs. Cummings is a daughter of the late W. M. Grove, is a native of Potter township and also lived at Spring Mills prior to her marriage.

Passing of a Former Resident.—John David Horner, a native of Penns Valley, and long a resident of Spring Mills died at the home of his only surviving child, Mrs. Theresa Gordon, in Everett, Bedford county, Friday morning, from complications. Although not in good health for several years, he had been confined to bed only a few days. He was a laborer. Mr. Horner was born in Haines township 83 years ago last August 18, a son of Charles and Mary Ann Haines Horner. His wife was the former Louise Corman. One brother William Horner, of Anna, Ill., and the following sisters also survive: Mrs. Emma Auman and Mrs. Susan Burrell, both of Millheim, and Mrs. Joanna Bartges, of New Jersey. He was a member of the Reformed church of Spring Mills.

The body was brought to the home of A. J. Burrell near Millheim, from where funeral services were held on Tuesday morning at 9:30 o'clock with the Rev. D. R. Keener officiating. Burial was made in Fairview cemetery, Millheim.

Mrs. Robert Brock of Jersey Shore spent the week-end with her step-mother, Mrs. Bodorf. Mr. and Mrs. Mark Williams, Mrs. Kate Miller and Mrs. Spangler of Bellefonte were recent visitors at the S. T. Swartz home.

John Stoner and family of Georges Valley were Sunday visitors at the Kline home. Boyd Jordan of Jersey Shore visited at the Bodorf home on Sunday. Beerydine and Celesta Bryan of Bellefonte are spending some time with their grandmother, Mrs. Detwiler.

HOW MUCH WOULD IT COST ME TO COOK ELECTRICALLY?

IN THE CRYSTAL BALL, I SEE 10,000 ELECTRIC RANGE USERS ON WEST PENN LINES WHO PAY, ON THE AVERAGE, ONLY \$2.00 PER MONTH.

Cook Electrically... IT'S CHEAP

NOT only are West Penn's electric rates among the very lowest in the United States, but the 1938 electric ranges operate with the very minimum amount of electricity. Ask your dealer for the details.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College

Prune Christmas Trees—It is important to supply the market with compact and symmetrical Christmas trees. Shaping of pines, spruces and other evergreens can be carried on by pruning them in mid-summer, say Penn State foresters.

Improve Dairy Herd—The herd sire plays an important role in increasing the inherent producing ability of his offspring, according to Penn State dairymen. The herd sire should come from a high producing family.

Keep Eggs Cool—Heat destroys egg quality. It is desirable to gather eggs frequently and remove the animal heat as soon as possible, say Penn State poultrymen. It is also essential to remove broody hens from the nests as soon as they are detected.

Control the Insects—A thorough spraying with 4 pounds of arsenate of lead in 100 gallons of water as soon as the first webs are formed will kill web worms and protect the foliage of ornamental, shade and apple trees. Individual webs on young trees may be removed and destroyed, explain Penn State entomologists.

Sow Fall Vegetables—August is the time for sowing fall lettuce, spinach, and radishes, according to Penn State vegetable gardeners.

The sixteenth annual George Horner reunion will be held Saturday, July 30, at Centre Hall Grange Park. All relatives and friends are urged to attend.

The 18th annual reunion of the Von Niede clan will be held at Hairy John's Park, east of Woodward, August 13th.

The Centre Reporter, \$1.50 a year.

STATE WHEAT ALLOTMENT REDUCED TO 772,659 A.

Pennsylvania has been allotted 772,659 acres as its proportionate share of the 55 million-acre National wheat allotment for 1939, according to advice received by the State Agricultural Conservation Committee. This is approximately 74.56 per cent of the 1938 acreage. The conservation committee will apportion the State allotment to counties and the county committee will then make an allotment for each wheat farm.

Wheat growers who comply with their 1939 allotments will be qualified for advantages that other phases of the farm program offer such as price adjustment payments, 1939 conservation payments, 1939 wheat loans if in effect next year and renewal of crop insurance program policies next year.

Wheat farmers are not compelled to reduce their wheat acreage, but the future advantages offered are ample to warrant them entering into the movement.
