LOCAL AND PERSONAL

Edward Durst and assistants are painting a farm house two miles west of State College for Cleveland Snyder.

Mr. and Mrs. James Keller and two sons of Lancaster are vacationing with the parents of the former in Centre Hall.

The former James B. Swabb home near Linden Hall, acquired by C. R. Buller, superintendent of the Pleasant Gap fish hatchery, has been materially improved.

Mrs. E. W. Miller and Miss Ida Frazier motored to Atlantic City on Friday, but only remained for a day or two, coming home before the time scheduled.

Ninety above zero was the highest temperature recorded by the local U. S. Government weather bureau thermometer. That was on Monday, in Philadelphia on the same day the year's high was 93.9.

When driving a motor car you never can tell the danger ahead. Last week as a motorist was driving leisurely up the mountain road from Pleasant Gap he met with a surprise. At the turn on Route 53 at the old watering trough, a stone came tumbling down the mountain a spall from which struck the windshield and badly shattered it.

"Mitze," the toy bull terrier, a constant companion of Jane and Harriet, daughters of Mr. and Mrs. George Vogt, was hit by a motor car and killed. The terrier spied a cat and dashed after it, giving no heed to traffic, and proved his undoing. The family was up in the Wilkes-Barre region when the incident happened. The remains were brought to the Vogt home and interred in the back lot.

Mr. and Mrs. W. W. Kerlin on Monday morning left for Culver, Indiana, where they will be for the week with their son, William H. Kerlin, a student in the Culver Military Academy, Navy Division, for 40 weeks' term. During the week commencement exercises for summer students will be held. These are attended by many notable persons throughout the States, and especially attracts top officials from the U. S. Navy. The couple and their son will return home next week.

Among the Reporter's callers on Tuesday was J. W. Ettinger, of Bleebe, Arizona, long a reader of the Reporter. He was retired but remains on the payroll of the Phelps-Dodd Mining company, one of the most extensive mining corporations in his State. Mr. Ettinger came east by private motor over the Southern route, coming north through Florida. He will remain in Pennsylvania but for a few days. Before going west over a Northern route he will visit Rev. J. M. Kunke in Altoona.

Charles A. Mitterling, accompanied by his son-in-law, William Frankish, and daughter, Mrs. Frankish, all of Chicago, Ill., visited with the former's brother, D. C. Mitterling, and Mrs. Mitterling in Centre Hall for a few days last week. Prior to that they were guests of two sisters of the former, Mrs. William Ashley, and family, in Chattanooga, Tenn., and Mrs. Fred W. Barry, and family, at Highgate, this state. They traveled by motor, expecting to reach Chicago on Sunday and be ready for work on Monday.

An eight days' outing southward as far as Mount Airy, Surry county, N. C., was greatly enjoyed by two young couples, George L. Lutz of Centre Hall, Miss Leona Reed of Millroy; Malvin Stover of Rebersburg, and Miss Bernice Smith, Spring Mills, returning home on Sunday evening. In North Carolina the most extensive open granite quarry in the States was an attraction. Coming north a stop was made at Charlottesville, Va., and a short side trip made to Monticello, the tomb of Thomas Jefferson. The Skyline Drive was entered at its most southern point and continued for the entire distance of sixty-five miles. Of course, there were many other places of interest to attract their attention in the three states entered south of Pennsylvania.

Notice to Subscribers In Arrear Numerous subscribers to the Centre Reporter are in arrears, and this is working a hardship on the publishers, who are compelled to meet current bills regularly.

We urge kindly, but none the less firmly, that some effort be made on the part of those to whom we regularly send the paper, but who for some reason keep us waiting for what is due us, that they either pay at least in part, or do the only other proper thing and ask the paper be stopped after paying all arrearages.

We have neither the inclination nor the time to mail "duns." Every subscriber knows his standing by looking at the label on his paper.

We are looking for a large measure of response from those in arrears, and trust we may not be disappointed.

The Reporter's subscription list will be corrected next week, and those who paid on subscription recently will then find proper credit given on their label.

L. 1225, finds as facts that (1) in order to correct an unbalanced sex ratio which in its opinion now exists in the deer herd of the Commonwealth and (2) to reduce the herd to a size that will assure sufficient food and forage to sustain the herd in good healthy condition, the said Commission does hereby remove protection from and does hereby declare an open season for the hunting, taking and killing of deer without visible antlers or horns, without regard to sex, size, weight, or age, throughout the entire Commonwealth except in the Game Refuges established by the Commission, during the period of six (6) days beginning at 7:00 o'clock A.
