## LETTER FROM MISSOURI,

Cleveland, Mo., Aug. 29, 1938. The Centre Reporter:

You will find enclosed a check for \$15.00 to renew my subscription for another year.

It has been very warm and dry here for eight weeks. The corn crop has been hurt badly; too late now should rains come soon. Wheat and oats were fair this year. This being a farming community and the eighth year of drought, is getting quite discouraging to the farmer.

We returned from our Eastern and Southern trip last February and this no doubt will be our home for awhile.

Respectfully,  
MRS. MABEL SANKEY WORRELL

## BAD FLYING CONDITIONS KEPT GOVERNOR EARLE FROM GRANGE FAIR

Governor George Earle's failure to put in his appearance at the meeting of Democrats on Grange Park Wednesday evening of last week was a keen disappointment to thousands of people. However, when the circumstances, stances surrounding his non-appearance are fully understood, no just censure can be placed upon the Governor. The State's chief executive flew his plane to Black Moshannon Park in the afternoon of that day, where he spoke to a large gathering on the occasion of the annual Democratic picnic. Following his speech, black clouds threatened a heavy storm which caused him to make a hasty return to Harrisburg. However, the appearance on the platform of Charles Alvin Jones, candidate for lieutenant-governor, Congressman Don Gingery, Senator "Jack" Thompson and Assemblyman John W. Decker, made a lively meeting.

The much objected to and finally abandoned wall was planned by the engineer for the sole benefit of adjoining property owners. The walks will be elevated considerably above the natural levels and to hold the necessary fill under the walks in place the proposed substantial retaining wall was conceived. The only support the fill will now have is a bank of earth. In reality nothing was gained by the complaining property owners. The borough gains by omitting the construction of an expensive wall. The loss is the loss of time in which all residents and school pupils share.

To further clarify the situation, it may be said that the property owners say for the construction of the walks.

## Wesley J. Hackenberg Wins Baseball Radio; Takes Cash Instead.

Wesley J. Hackenberg of Rebersburg held the lucky ticket for the radio run off conducted by the local baseball club, the Senators. He had the offer of \$50.00 in cash or the radio. He took the cash.

## 276 ENROLLES IN BORO SCHOOLS—LARGEST IN HISTORY

The enrollment of 276 pupils in the Centre Hall borough grade schools and Centre Hall-Potter high school is making history, being the largest number ever enrolled.

The high school enrollment is 125, divided thus: Seniors, 24; Juniors, 28; Sophomores, 34; Freshmen, 39.

In the four grade schools there is an enrollment of 151:

7th and 8th grades, Russell Bohn, teacher—32.

5th and 6th grades, Ernest Wagner, teacher—36.

3rd and 4th grades, Martha Yearick, teacher—30.

1st and 2nd grades, Helen White, teacher—46.

The enumeration of children 7 of school age, in the borough, as made by Miss Grace Smith, reveals 71 boys and 79 girls; total, 150.

## LABOR DAY NO. 49.

We have just passed the forty-ninth Labor Day as a legal holiday. But in all these years Labor was favored more by National and State laws during the past four years than during all of the preceding time. While much has been won by labor, it is possible to lose it, as indicated in an address by Charles Alvin Jones in Pittsburgh on Monday, when he said in part:

"My Republican opponent (Mr. James) told where he stands. He would destroy all the laws passed at the 1937 session. He has said that a bonfire should be made of them—compensation for the injured workman; the unified system for relief of the unemployed, and assistance to the blind, to mothers with dependent children, and to the aged; the laws restricting child labor, regulating the hours and pay of women in industry; the State Labor Act, protecting the right of collective bargaining. Every one of these, and more, he would consign to flames. He would burn them all."

"Do you want to place in the Capitol to administer these laws, men who are not only opposed to the principles embodied in those statutes but who fought their enactment tooth and nail?"

"The progress thus far made by the people of this State was over a road rough with obstacles interposed by these same leaders of the same Republican Party."

The Republican party "is the real party of progress," to hear John D. M. Hamilton, chairman of the Republican National Committee tell it. But judge for yourself if it is from the following utterance of this particular Hamilton: "I do say that if we had 40 more seats in the House we would have defeated every piece of legislation of the last two years, or forced amendments that would have made them innocuous."

The language and manner of Mr. Livengood, Republican candidate for Secretary of Internal Affairs, while speaking on Grange Park, indicated insincerity. The power of a speaker to convince his audience of his own belief in what he says is the first requisite for effectiveness. Falling in that he fails in all.

## TOWN AND COUNTY NEWS

### HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

A hint of the nearness of frost was evidenced by a 48-degree coolness Friday night.

Bruce D. Rowe, of Bloomfield, N. J., spent the Labor Day holiday with relatives in Centre Hall.

Mr. and Mrs. Charles Weiser were in Centre Hall for a day during last week. Mr. Weiser, when quite a young man, was employed by W. W. Boob, in the wheel works, prior to 1900. He has long been located in Sharon and employed by the Westinghouse company. The Reporter is pleased to note he is looking fine and in high spirits.

Mr. and Mrs. W. A. Wagner, their daughter, Mrs. Frank Brumbaugh, and granddaughter, Cora Jean, were a part of the representatives of Juniata to attend the Grange Fair. Mr. Wagner is a former Potter township resident and took up railroad office work at the Centre Hall station. He is now an executive of the Shaffer Stores Company.

His companion to his home is from New Hampshire and is also a student in Dairy Husbandry.

As a result of the unanimous actions of four Union county township and two borough school boards taken this week, voters of these six districts will be asked to approve sweeping school consolidation plans at the fall election. Proposed merger plans would call for the consolidation of two townships with Mifflinburg borough and two other townships with Hartleton borough, resulting in two of the county's largest single districts.

Mr. and Mrs. George Condo of Greensburg, their son-in-law and daughter, Mr. and Mrs. W. E. McQuillan of East Pittsburgh, were guests of Mrs. Condo's brother and sister, Charles W. and Miss Mary Durst, at the Philip Durst homestead east of town. Mr. Condo is employed as a meat cutter in the Quilt Market in Greensburg, and Mr. McQuillan is an express agent in East Pittsburgh. They continued their visit here until Wednesday when they went to Lewis-ton to spend a short time with Mr. and Mrs. N. E. Yarnell and Mr. and Mrs. Andrew Gregg, all of whom were former residents of this community.
