

ITEMS OF LOCAL INTEREST

Earl Ross has completed a new silo on his farm west of Old Fort on the Earlstown road.

The Women's Christian Temperance Union will meet in State convention in Williamsport, October 6 to 10. Mrs. Ella Black, State president, will preside.

Mr. and Mrs. S. T. Kiegle on Sunday entertained Mrs. Avin Miller and young daughter, Tatiana of State College, daughter and granddaughter of the latter.

Mrs. Clara Lester is with her daughter, Mrs. Adam Smith, and family at Tusseyville. Mr. Smith is employed at present as a carpenter at State College.

Vernon Garbrick was called to Rebersburg on Tuesday morning to repair a boiler at the Bierly saw mill. The electric welding outfit was put into use by Mr. Garbrick.

Mrs. Clyde Bradford, Mrs. James Williams and young daughter, Helen Jane, were guests for a few days of Mr. and Mrs. C. A. Bauer, in Huntingdon, during last week.

Two Shetland ponies sold to a Lock Haven party were delivered on Saturday by Frank Lester of Lewistown, R. D. On returning home from the delivery, Mr. Lester called on his brother, Blaine, in Centre Hall.

Road construction between Reedsville and Kishacoquillas creek bridge has as yet not begun. To date nothing further than a ditch for a water line at the Reedsville end has been accomplished.

It was learned here recently by relatives that Ralph C. Boozler of Chicago has recovered from a severe attack of pneumonia. He became ill during July and it is only of late that his condition has become normal.

Up at Hughesville a litter of thirteen pigs was born March 26, which increased in weight at an average of 1-1/2 pounds a day. At the end of 180 days the combined weight was 3,435 pounds, almost a ton and three-quarters. This is believed to top the ton-litter class in Pennsylvania.

Mr. and Mrs. Edgar Sommers of Pleasant Gap, with Mrs. Catharine Sommers, mother of the former, and Samuel Gingersh of Centre Hall as guests, motored into Millin county by way of Pine Grove Mills and down through Kishacoquillas valley, on Sunday.

Andrew Zettle, living with his son, Archey Zettle, at Berwick, is recovering from severe lvy poisoning on one of his hands. On Sunday he was visited by Mr. and Mrs. Paul Fetterolf and son, Mrs. F. K. Frank of town and Mrs. Ernest Benner and son of Bellefonte.

Mr. and Mrs. Ernest Auman of Newark, N. J., are at the home of Mrs. Auman's parents, Mr. and Mrs. J. C. Goodhart, for a week. Mr. Auman, employed by the Commercial Body company, is off on a vacation granted by the company. He has been continuously employed and assured the writer that his present vacation was not a layoff.

Miss Madaline Johnson of Bellefonte was a week-end guest of Miss Roberta Smith in Centre Hall. Both young ladies are employed in the office of the Whiterock Quarries company. A gentleman with the young people was Paul Breen of Rebersburg, employed in the Relief Office, Bellefonte.

Mr. and Mrs. A. H. Spayd, Mr. and Mrs. Roy Dutrow and son Albert, on Sunday, motored over the newly improved road between Bellefonte and Jacksonville, which section was explored many times by Mr. Spayd when a younger man. The return was made over the Bald Eagle road, reaching it through Flemington.

Latest reports from the Lewistown hospital as to the condition of Mrs. Treasle McClellan continue to be favorable. Dr. Cassidy on leaving the hospital for a short vacation assured Mrs. McClellan that the bowel, where a separation was made, is making progress in healing. The wound is dressed several times each day.

John Hettinger, injured in Centre Hall in a motor collision, continues a Centre County hospital patient, and is improving in a general way. The badly injured left eye was removed. The skull fracture it is thought will gradually improve. The frontal bone over the eye was crushed and the nose and face of the young man flattened. Although the injuries are serious there is hope for recovery.

Miss Sara L. Kocher, new member of the Centre Hall-Potter high school faculty, is replacing Mrs. Roy S. Jamison as dodge ball coach this season. This change was occasioned by the fact that one of Miss Kocher's courses, second-year Latin, was eliminated when only a few pupils enrolled. This lightened scholastic schedule makes it possible for her to direct more extra-curricular activities.

Corp. William R. Confer, who served for two years in the Coast Battery, Fort Kamehameha, Honolulu, Philippine Islands, reached the west coast of the U. S. A., early in September and is now located at Fort Logan, Colorado, where he re-enlisted in the service of the U. S. A. He was advanced from a private to a corporal. It is not certain whether he will reach his home here. The young corporal is a son of Mrs. J. W. Whitman by a former marriage, Donald Bloom, son of Mrs. Robert Bloom, of near town, serving as a private in the same organization as Confer in Hawaii is expected to arrive in the States within a few weeks. He also served for two years.

LOCALS.

The freshman beauty queen of the Pennsylvania State College, selected by the Perij State Collegian, student newspaper, will be crowned at the annual Collegian dance, which opens the fall social season on October 7.

A supper will be served to the public in the social room of the local Evangelical church by the Ladies Aid Society of the church, Saturday, October 8. The menu will be given in next week's issue of this paper.

Mrs. James Searson visited with her parents, Mr. and Mrs. Frank P. Ishler, in Lock Haven, for a week. The senior Mr. Ishler had not been in the best of health and the daughter came to her aid in taking care of the home.

Mr. and Mrs. Ernest Frank conveyed Mrs. J. M. Tazgert to Northumberland on Saturday. She had been a guest of Miss Sarah McConahan since August. She is visiting a sister at Northumberland and from there will go to her home in Philadelphia.

Prof. and Mrs. John R. Bracken of State College spent a few hours recently at the Kerlin home in town. Prof. Bracken is a landscape architect and planned and superintended the construction of the spacious lawn and elaborate plantings at the Kerlin place.

Visitors at the home of Mrs. Zora Rines on Sunday were her daughter, Helen, from State College, Mr. and Mrs. Dwight Stover and sons of Millersburg, Mr. and Mrs. Nevin Lutz and family of Yarnell, Mrs. Miller and sons Paul and Thomas, Miss Eleanor Blake of Altoona.

The lowest bidder for the mail messenger service between Centre Hall post office and the railway mail car on the L. & T. at Centre Hall station was Newton D. Rossman, son-in-law of F. P. Floray, Centre Hall, R. D. He will begin the service on Saturday, October 1st.

On their return from Central Oak Heights, near Milton, Mr. and Mrs. Irvin Stover called on the George Searson family on Sunday. While at Central Oak Heights, Mr. and Mrs. Stover were guests of Mr. and Mrs. George Hosterman. The latter is an all-year employe at the camp as a general caretaker.

R. M. Smith was accompanied on a trip over the week-end to Pittsburgh by Miss Estella Hosterman, a member of the household, Miss Margaret Miller, Millheim; Norman Hazet, Aaronsburg, and Albert Hazel, Flemington. They were guests of Clyde Kling and family and also visited Mrs. Kate Kling, sister of the Hazels, who is ill in a hospital. While at the Kling home they met Mrs. William L. Kurtz formerly of Centre Hall, one of whose sons is married to a sister of Mrs. Kling, their hostess. Mrs. Kurtz was much interested in Centre Hall residents and asked to be kindly remembered to them. The Kurtz family set up housekeeping about fifty years ago in the home built by them and now occupied by J. Wm. Bradford.

Luck Helps

"De man dat trusts to Luck," said Uncle Eben, "is always so ungrateful as to give his own smartness all de credit when Luck helps him out."

Dealing With Evil

It is apparently an insurable instinct of human nature to avoid root causes and deal only with the surface symptoms of an evil.

South Africa's Great Spectacle

The Victoria falls on the Zambesi river in Southern Rhodesia, are said to be the greatest natural spectacle in South Africa.

Epizootic, Disease Among Animals

Epizootic means an outbreak of disease among animals, just as epidemic means an outbreak of disease among people.

Columbus Parked in Jamaica

When Christopher Columbus discovered the tropical island of Jamaica on May 3, 1494, he christened it "Santiago." Later it was called "Yamaya." On his second voyage on June 24, 1503, he was forced to beach his ships, which had been bored full of holes by mutinous crews. The explorer had to remain over a year in the cove where he had sought shelter and which has since been known as Don Christopher's cove. He had to depend upon the generosity of the natives for food until aid arrived from Spain on June 23, 1504.

Always 54 Degrees

It can be truthfully said that Mammoth cave in Kentucky breathes only once a year. In the summer the air outside the cave is warmer than the air within. These conditions are reversed in the winter months. Cool air rushes out of the cave in the summer and into it in the winter. It matters not what the temperature is outside the cave, the temperature inside always remains at 54 degrees.

Diet Cures Red Noses

Red noses can be cured by dieting, declares Dr. M. Juvenal of Vienna, Austria. He prescribes vegetables and fruits, with a minimum of fats and albumin, during the first two months. He advises the same diet, plus milk and a little curds, for the following two months. After that the patient should continue with the same, plus 11 ounces of meat and two eggs a week.

Loftiest Large Plateau

Tibet is the loftiest large plateau in the world, a vast tableland, with an average elevation of 16,500 feet. Tibet is a strange place, inhabited by strange people, with strange customs and habits. It is a province in central Asia, west and southwest of China, and north of India. The population is largely a mixture of Chinese and East Indians.

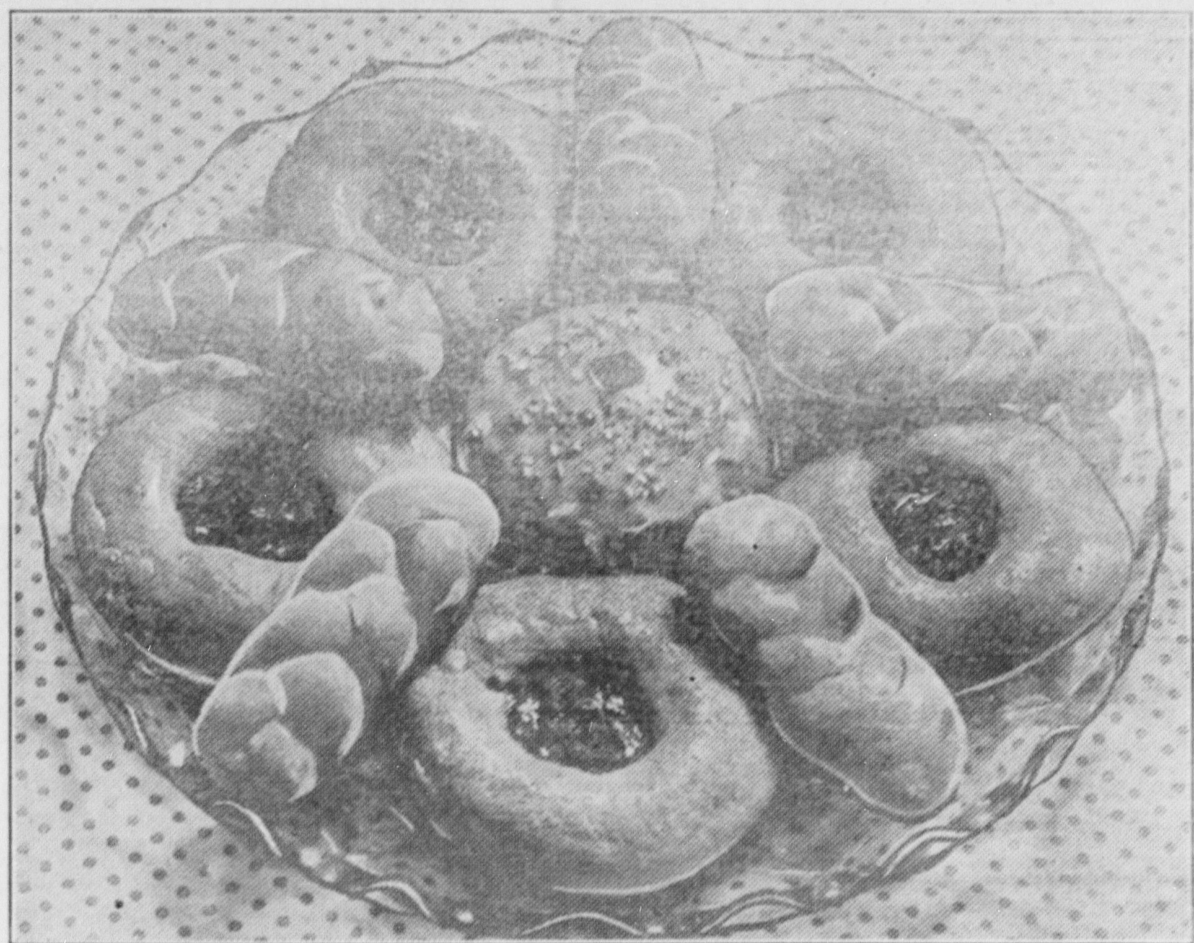

Switzerland of America

Glacier park is often referred to by world travelers as the Switzerland of America. The Indians' name for this portion of the Rocky mountains is even more descriptive. Long before its sawtoothed ridges were first beheld by a white man the Blackfeet knew this country as the Land of the Shining Mountains.

Measuring Time on Earth

In measuring time on earth, we have several natural units. One is the time required by the earth to turn on its axis, or the day. Another is the time the earth takes to travel around the sun, or the year, and a third is the time between successive appearances of the moon in the same phase, or the month.

Sweet Rolls with Variations

Fresh homemade rolls are a treat and easy to make with the electric mixer to beat the dough and an electric range for dependable baking results.

By Louise Brown Soon the weather will be cooler... there's a hint of autumn in the air... and we'll turn with relief to some of our favorite cold weather menus and recipes.

Sweet Rolls 1 pint scalded milk 1/2 cup butter 1/2 cup sugar 1 teaspoon salt 2 cakes yeast 2 tablespoons warm water 6 cups flour 1 egg Grated rind of 1 lemon Sift flour before measuring and assemble all ingredients. Scald milk. Add butter, sugar and salt. Cool to lukewarm. Soften yeast in warm water. Pour milk mixture and softened yeast into a large bowl and beat mixture for one minute, using High speed of the electric mixer. Add 3 cups

flour and unbeaten egg. Beat until mixture is blended, then add grated rind of lemon and remaining flour. Using High speed of the electric mixer, beat dough for 5 minutes. Toss out on floured canvas or board, shape as desired. Place shaped pieces on greased baking sheet.

Baking Directions If you are baking the rolls in an electric range, turn the oven switch to Bake for 1 minute. Then turn the heat Off and place the rolls in the oven. In this way, the oven acts as a "proofing box" and you allow the rolls to rise for 15 minutes without opening the oven door. At the end of this time, turn the oven switch to Bake and bake at 375° F. for 25 to 40 minutes, depending on the size and shape of the dough. The rolls may be baked in the electric roaster by the same method, setting the heat control to 375° F. and allowing the roaster to heat 1 minute. Then turn the current Off, place the shaped dough on the rack in the roaster and allow to rise for 15 minutes without removing the cover. Then

set the heat control to 375° F., turn the current On and bake the rolls for 25 to 40 minutes.

Fruit Buns Roll the dough to one-half inch thickness. Using a three-inch round cookie cutter, cut as many circles as desired. Place on oiled baking sheet, pressing down the center so as to raise a ridge around the edge. Place 1 teaspoon of apricot puree or prune puree in center or use halves of cooked apricots or plums. Sprinkle dough with granulated sugar. Upon removing from the oven, brush with icing made from 4 tablespoons powdered sugar and 2 tablespoons of water.

Frosted Braids Roll the dough one-fourth inch thick. Cut into three-eighth inch strips about eight inches long. Braid three of these pieces of dough together, cut braid in half to make two rolls. Place on oiled baking sheet. Upon removing from the oven brush with powdered sugar icing and sprinkle with very finely ground blanched almonds.

Laughing Around the World With IRVIN S. COBB

"But the Telephone Is Quicker"

By IRVIN S. COBB

OWING to the introduction of the telephone throughout the civilized world, mankind has benefited in the rapidity with which an interchange of human thought is accomplished. Distance and time are annihilated and a conversation can take place as though the two speakers

were face to face. The surest thing you know. For instance, get this one from Scotland: "Are you McDonald?" asked the first voice traveling over the wire.

"Aye." "Sandy McDonald?" "Aye, Sandy McDonald." "Sandy McDonald of Glenkirk?" "The same." "The mon wi' the gude thirist?" "Aye. All of that." "This is McTavish." "Well?" "Sandy McDonald, you owe me eight shillings!" "... All right, I weel tell McDonald when he cooms hame." (American News Features, Inc.)
