SCHOOL GIRLS KNOW

IS A BEAUTY TREATMENT

READING OR STUDYING under poor light is no beauty treatment! It can cause squinting, which often results in wrinkles—and can lead to serious eye defects. Be on the safe side—use ONLY I. E. S. lamps for seeing tasks. Good light acts as a tonic—seeing is easy, squinting's a thing of the past. I. E. S. lamps are a beauty treatment for the home, too—and reasonably priced.
