It reaches around the world

... but it's part of your own home town

Almost anyone you know, anywhere in the world, is within reach of your telephone voice. Telephone service is state-wide, nation-wide, world-wide.

Yet your telephone service is largely a home-town service. Most of the calls you make are to people nearby. And most of the telephone people who serve you live in or near your own home town. Some of them are your friends and neighbors.

This company must be big to serve 1,220,000 Pennsylvania telephones. But after all it is simply a large number of home-town people, working together to give all the people the finest telephone service in the world at the lowest possible cost.

Is your home or office equipped to take full advantage of modern telephone service? An extension telephone saves time and steps; affords extra protection, privacy and convenience. Ask the Business Office or any telephone employee for further information. The Bell Telephone Company of Pennsylvania.
