Laughing Around the World With IRVIN S. COBB Prospects for Landing Many Suckers By IRVIN S. COBB AN inmate of an English lunatic asylum, equipped with a fishing rod and line, sat in a window of his ward, dangling the unbaited hook over the nodding blossoms of a flowerbed. A visitor of the institution passed. He wished to be affable. So he bowed and said good morning and added: "How many have you caught, my friend?" "Well, you make the ninth," stated the patient with a gratified (American News Features, Inc.) THE FIRST NATIONAL BANK CENTRE HALL, PA.

When the World's Fair opens in New York in the spring of 1939, the dairy industry will be well repre-sented. Five breeds of dairy cattle -Aryshire, Brown-Swiss, Holstein, Guernsey and Jersey-will each have thirty outstanding cows in the "Dairy World of Tomorrow." These 150 cows will be milked in the Borden Building on the Central Mall, using a rotolactor equipped with magnetic milkers to do the job. Calves

for a number of chums and associates in and about Centre Hall and neighboring towns and villages on Saturday evening at the home of her parents, Mr. and Mrs. C. E. Blazer. The young group enjoyed the evening greatly. Miss Blazer is employed in one of the state offices in Harrisburg.

William J. Emerick, proprietor of the Penn-Belle hotel, Bellefonte, on concluding a pleasure trip to Mlami, Fa., boarded a plane for Washington, D. C., and from there came to his home by rail. Mrs. Emerick, Frank M. Crawford and the latter's daughter, Mrs. Horace Hartranft, who accompanied Mr. Emerick to the South, are continuing their stay on the Florida playground.

William Linn was accompanied to Philadelphia where he is employed by Eugene Burkholder where the latter will remain for the week with his sister, Mrs. David Raub. Mr. Linn is employed with the Suburban Construction company, Philadelphia, and built the amiesite plant at Pleasant Gap for them. Mr. Burkholder was also employed by the same company during its operations at Pleasant Gap.

W. C. Witmer of Spring township is the first aspirant for county office to announce his candidacy in the Reporter. Mr. Witmer is a Democrat and is asking his party to nominate him for sheriff to make amends for the defeat suffered four years ago at the primary election. Mr. Witmer typifies the best in citizenship, and the Democratic Party has no apologies to offer for his kind seeking office.

Mr. and Mrs. Raymond Walker will locate in part of the Mrs. Elizabeth Mitterling home in Centre Hall shortly after their farm stock and implement sale on Friday. The Dutrow farm will be cultivated by the owner's sons, John and Claude Dutrow, until the spring of 1940, when the elders on will discontinue as tenant on the Spayd farm at Earlystown and at that time take over the Dutrow farm and move onto it. The dwelling house on the Dutrow farm, near Pine Stump school house site, will be occupied by a Mr. Ishler, now living at Zioni and employed by the Titan Metal company.

George Reish, aged seven years, son of Mr. and Mrs. James S. Reish, at the Old Fort hotel, continues to be a hospital patient but is much improved from his condition when taken there on Wednesday of last week at which time he was unconscious and remained so for two days and two nights. Physicians are making a desperate effort to ascertain the cause of the trouble. Two years ago the boy had similar but much lighter attacks, lasting but an hour or two. The severity of the last attack caused much alarm to his parents. The lad became | ill while at school, the Earlystown school, to which he had been taken in apparent good physical condition.

e of each breed Utensils, by E. C. Ensminger, will also be on exhibit. The animals are chosen by a spe-

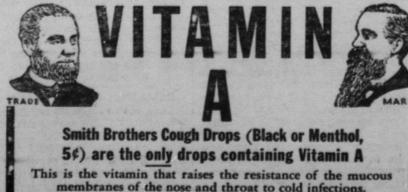

cial committee from each Breed Association, and will come from all parts of the United States and Canada as representatives of the best that the breed can produce. The Aryshire cow shown above is one of the animals chosen

In this exhibit not only the production of milk will be demonstrated, but the handling, bottling and sale of it will go forward under the eyes of the public. About onethird of the milk produced by the cows of this country is used as fluid milk. The rest is sold as butter, cheese, ice-cream, casein for paint, billiard balls, paper sizing, milk sugar for medicines, and in literally hundreds of other forms. The Borden exhibit will tell much of this story and give a better under-standing of the place the dairy cow, as 'exemplified by these pure-breds, and the milk distributor play in the
