

## Celebrate 59 Years of Wedded Life

One of the oldest marital unions in this section reached its 59th anniversary on Monday of last week when Mr. and Mrs. Charles W. Weaver, aged Lewisburg rural couple, held a quiet celebration at their home. The celebration served a double purpose, Mrs. Weaver having passed her 80th birthday on Sunday.

The aged couple are well known in Centre Hall, having been residents of Penns Valley where they engaged in farming on various farms in Harris,

Potter and Gregg townships. From here they went to East Buffalo township, Union county, 17 years ago.

They are the parents of 11 children, ten boys and one girl, of which number six are still living. Four children died in infancy while Edward Weaver passed away last winter. Surviving children and a host of friends and acquaintances joined in marking the occasion. Children presented Mr. and Mrs. Weaver with a large birthday cake.

Mrs. Weaver is the former Miss Elizabeth Bowersox, a sister of Commissioner Bowersox, of State College. Mr. Weaver was 85 in July. They are both active members of the Evangelical church. Children of this aged couple include: Mrs. Reno Moyer and Simon Weaver, of Lewisburg; Oscar Weaver, Williamsport; Clarence A. Weaver, Fort Matilda; Boyd Weaver, Cincinnati. There are also twenty-seven grandchildren and 5 great-grandchildren.

Both Mr. and Mrs. Weaver are enjoying good health despite their advanced years.

## THE DANCE RECITAL

The recital put on in the high school auditorium on Thursday evening by pupils of Frances L. Burns School of Dancing was well patronized, most of the audience being adults. The students from the school came from all parts of the county and included beginners up to those well finished in the art.

This community was represented by Jean Bartholomew, Betty Johnson, Georgetta Johnson, Marlene Coldron, Jane Vogt, June Vogt, Lena Meyers, Annetta Young, David Booser.

## \$5,000,000 CONTRIBUTED BY TOWNSEND CLUBS CAUSES SUIT FOR "HOME RULE"

Dr. Francis E. Townsend's old-age pension group leader, was served at the organization's national convention held in Indianapolis, Indiana, with a summons to defend himself in Circuit Court in that city September 5th against an injunction suit filed by the Covington (Ky.) Club.

The suit asked that Townsend and other national organization officers be restrained from interfering with the Covington club's activities during the convention, which opened on Friday. The committee said national officers were seeking to block a Covington club resolution providing for "home rule" in order to "perpetuate their control over collection of money from all of the clubs in the United States."

The suit charged that the Townsend plan has collected \$3,000,000 from supporters during the last five years, that Dr. Townsend and his son Robert, own all the stock in the national organization and that Townsend and his son have collected as much as \$6250 a share in dividends on the \$100 par value stock.

Earlier, a perspiring multitude of graying delegates overflowed flag-decked Cadie Tabernacle to give Dr. Townsend a tumultuous vote of confidence at the opening of the fourth annual convention of the Townsend organization.

Women in light summer dresses and countless men cheered wildly again as Senator Sheridan Downey, D. Cal., keynoting the convention, proclaimed the pension plan "the only way to recapture business."

The delegates chorused a lusty "No, no!" when Dr. Townsend offered to relinquish his leadership "when you find a superman to take over the work."

## TONSILS OUT—NOTHING TO IT!

Our friend Paul Dubbs, associate editor of The Centre Democrat, makes a tonsillectomy seem such a pleasant thing to "take," that he has almost succeeded in removing the fear of one we have held to be necessary for some time. Paul has just returned to the editor's desk after placing himself in the surgeon's hands, and he would have us believe he enjoyed the experience. He explains it all by saying "Operating technicians have moved forward in the past 15 years."

## FLOWER SHOW AT GRANGE FAIR TO BE ENLARGED

The Flower Show at the 1939 Grange Fair has been enlarged to include many more classes, both for specimen blooms and arrangements than were displayed in 1938. Competition in all classes is open to any individual in Centre county. Another sweepstakes prize will go to the Centre county individual who amasses the greatest number of points in the specimen and arrangement classes.

Complete specifications and classifications for this show have been sent to the Granges and Garden Clubs in the county, and will also be printed in the premium book. Anyone desiring this information, but not receiving it through the above mentioned channels, may secure it through the Fair secretary at Centre Hall.

## TWO BELLEFONTE BOYS, 8, MEET HORRIBLE DEATH IN GAMBLE MILL RACE

Bobbie Lenker and Bobbie Quici, both eight years old, of Bellefonte, lost their lives on Friday evening when they supposedly fell into the Gamble mill race and later were drawn into the mill turbine where the body of the Lenker boy was literally torn to shreds, and the other, less bruised, killed by contact with the wheel.

When the boys, sons of Emerson Lenker and Joseph Quici, did not appear at their respective homes in the evening, the parents presumed they had been attracted to a carnival operating in Bellefonte, but later notified the police. A search was made by the police, Pvt. Finkbeiner and Pvt. Beam of the Rockview detail, assisted by members of the fire companies and citizens.

The boys had last been seen near the pool which leads into the turbine room, raising the suspicion that the youths might have fallen into the race. With this belief, the race was drained. The result was fruitless. Efforts were then directed to other points, but no evidence of their having been at either of a number of places was found.

Early in the morning Rockview hounds were given scent of the Quici boys clothing. The dogs picked up the trail and led the searchers to the concrete pool.

For the second time the race was drained, and an employe of the water works went into the pool, the water in which slopes in depth from six to sixteen feet.

The Quici boy was found in the turbine at 6:30 Saturday morning. He had been sucked into the wheel up to the waist, and badly mangled.

His companion's body was discovered soon after wrapped around the turbine shaft, completely inside the fins which surround the revolving part of the turbine. His body was dismembered.

A coroner's jury viewed the bodies after having first viewed the site of the race, pool and turbine wheel.

Robert Lenker, son of Emerson and the late Matilda Lenker, was born at Milton April 10, 1931. He is survived by the following brothers and sisters: Lester, Russell, Helen, and Mary, all at home. The Lenker home is on N. Spring street.

Robert Quici, son of Joseph and Rose Quici, was born in Bellefonte eight years ago. He is survived by his parents and the following brother and sisters: Mrs. Andrew Thal, Mrs. Elwood Swann, Charles, all of Bellefonte; Mary, Madeline, Julia, Joseph, James and Anthony, all at home. The Quici home is just off N. Spring street.

## LETTER FROM NORTH DAKOTA

Antler, N. D., June 22, 1939 Editor, Centre Reporter—

In looking over my label on The Reporter I find I am due for another year's subscription, so please find this best office money order.

I am always glad to receive the paper and find out the changes that have been going on in the East by keeping in touch with the paper. I find that many of my old friends have passed from time to eternity in the last year and soon they will be all gone, and the rest of us will follow them sooner or later.

North Dakota had a very dry spring up to the 14th of June when we had five days of good rain, so everything has been slow in growing and we have had so much high wind that the ground dries out so quickly so that we really need more rain.

For a cool, dry spring crops so far are looking good, but we can't tell what may happen to destroy them yet before they are ready to harvest. There are some grasshoppers now and perhaps by harvest time they may be rather plentiful. Last year they ate up most of the oats, barley and flax, so there was very little of it to harvest. Corn was a very good crop last year and all hot ripe. There is lots of corn planted this year in hopes of having another good crop if we have rain enough and no early frost.

Garden truck is very slow in coming because it was too dry for so long and the month of June so far has been rather cool—very few days of pleasant weather.

This week is the big Fair and races at Minot and as a rule that draws a big crowd; most of our folks are here today. Then next the crowds will drift to the Peace Garden which is a place that draws a crowd most all summer and it is worth a trip there and I think you Eastern people should take an interest in that place and come to see it, for the peace of all U. S. and Canada.

When any of you Eastern people do come to see it be sure to come all the way up here, as we would be very glad to see anyone from good old Centre county.

With best wishes, I am,  
Sincerely yours,  
MRS. MARY H. PRICE

## CENTRE COUNTY GETS \$21,292.77 ON LIQUID FUEL TAX; IS FOR 6 MO. PERIOD

Warren R. Roberts, State Auditor General, a few days ago approved the payment of \$23,289.51, representing Liquid Fuel Tax moneys payable to sixty-four of the sixty-seven counties of the Commonwealth for the six month period ended May 31, 1939.

Under the Liquid Fuels Tax Act of 1931, automobile users pay a State tax of 4 cents on each gallon of gasoline purchased. Of this tax the State returns 1.2 cent per gallon to each county on June 1 and December 1 of each year, at the ratio that the average return made during the three preceding years to each county bears to the average amount returned to all counties for the three preceding years. Two and one-half cents per gallon of the 4 cents is available for State road functions and 1 cent for general State purposes.

The moneys allocated to the counties "can be used only for the purposes of construction, reconstruction, maintenance and repair of roads, highways, and bridges, including the payment of property damage, and for the payment of interest on bonds issued for highways and bridge purposes."

The amount approved for payment to the Commissioners of Centre county is \$21,292.77, and represents .526 per cent of the total collected throughout the Commonwealth during the past six months.

## MORE THAN 1200 ATTEND KIWANIS-FARMER PICNIC

The "all-day suckers" played an important part among the children, who managed to store away more than 1000 of them.

The second of the two high prizes, 10 turkey poulters, for the second time was won by Louise Rudy of Pine Grove Mills. The poulters and a Jersey calf were the two leading prizes and were given by the College. The calf was won by Robert C. Harpster of Penna. Furnace.

## FARLEY'S WORDS OF WISDOM TO YOUTH OF TODAY

Postmaster General Farley told the Chevy Chase-Bethesda high school graduating class the other night, "This troubled times are a challenge that this generation throws at the feet of the young men and women who will be the leaders of tomorrow."

Farley remarked "if there were no problems to be solved, what would life hold for you or me? If there were no defeats there would be no joy in victory."

Shades of earlier-day Fourth of July! Young America in Centre Hall boomed the big Civil War cannon on Grange Park, and the homely anvil when fired expertly could send forth a noise simulating a salvo of naval guns. The above memories stand out vividly, and as we contemplate next Tuesday, we "sot of," feel sorry for today's Young America. There will be no explosive, noise-making devices, all in the interest of safety and by virtue of a new State law. We are not here to argue for or against. But we repeat: we are sort of sorry for Young America.

At the naturalization court held by Judge Ivan Walker, thirty-one aliens became citizens of the U. S. A.
