You will see more in this attraction than if you had spent the entire day at the Fair. Also, on the same program will be "The Declaration of Independence," in technical color, played by John Little.

TOWNSENDISM "ELECTRIFIES"

G. O. P. GRASS ROOT MEET The only way to find out what happened at the Republican Southern "Grass Root" Convention was to get the local newspapers of Orlando, Florida, where was held this renewal of the Mid-western roots and corn fodder assemblies of '36 and '38. The metropolitan press ignored the gathering.

According to an apparently unbiased news account in the Orlando Sentinel the 139 delegates present seemed to be mostly Floridians. "The GOP's primary object was not to fight the Democratic party," the report states, "but, in the language of former Federal Judge Halsted Ritter to line up solidly to get rid of the Franklin, D. Roosevelt party." Ritter, it adds, was impeached two years ago.

"Tom Swanson, Fort Lauderdale, late Republican candidate for Congress, told the convention that the Townsendsites 'hold the balance of power.' This fact, he contended, was sufficient incentive for Republicanism to 'crawl out from under its shell and recognize conditions as they are.' "A resolution was adopted which endorsed the Republican recovery program as pronounced by Republican House Leader Martin of Massachusetts, first time on record such action has been taken anywhere in the country. "Swanson," the report continues, "electrified the audience, as did also Jack Sparling, who also urged the merits of the Townsend plan as a vote getter. 'The woods are full of Townsend Republicans,' Swanson shouted. 'We must get these men and women back into the Republican ranks. In fact, Republicanism must be known to stand for something more than a mere dollar mark' (sic).

DEMOCRATS RECOMMEND CANDIDATES FOR SUPREME AND SUPERIOR COURTS

Dr. Herbert F. Goodrich, Dean of the University of Pennsylvania Law School, was chosen by the State Democratic Committee to head an all-star judiciary ticket for the Democratic party at the November election. For the Superior Court the committee endorsed: PRESIDENT JUDGE WILLIAM H. KELLER, of Lancaster, a Republican.

FORMER STATE SENATOR EDWARD JACKSON THOMPSON, of Philadelphia, Centre county. CONGRESSMAN J. HAROLD FLANNERY, Pittston, Luzerne county.

Nominations recommended by the state committee must be selected by Democratic voters at the September 12 primaries. Because endorsements of the state committee carry with them organizations backing the candidates thus selected are usually successful at the primaries.

All in all, the meeting wound up as one of the most successful in the history of the party. The committee gave rousing endorsement of the principles and policies of the Roosevelt New Deal and bitterly denounced the legislative record of the James administration.

The F. D. R. endorsement just stopped short of urging him to run for a third term. It sets forth that "a departure from the fundamental policies of the Roosevelt Administration would be a disaster to the Democratic party and a calamity to the nation."

It stressed that "the Democratic candidates for the Presidency and the Vice-Presidency in 1940 should pledge themselves to a sincere and wholehearted furtherance of the Roosevelt policies as the only means of preserving and extending the magnificent social gains won under the inspiring leadership of the present Chief Executive, Franklin Delano Roosevelt." The legislative sins of the James administration were cited in detail as follows: 1. Decreased workmen's compensation benefits. 2. Impinged upon the rights of labor to bargain effectively. 3. Destroyed in part the teacher tenure act. 4. Increased the working hours of women in industry. 5. Expedited the return of the sweat-shop to Pennsylvania. 6. Deprived our public school system of necessary revenue. 7. Refrained from improving and occupying tubercular, penal and welfare institutions. 8. Increased taxation and decreased governmental services. 9. Attempted to sabotage milk control in Pennsylvania. 10. Attempted to place the anthracite coal industry into the hands of a preferred few. 11. Attempted to wreck control of the liquor traffic. (12). Made relief a political pawn. (13). Short-changed the budget. (14). Denied the right of home rule to Philadelphia and other cities. (15). Paralyzed the enforcement of liberal public utility laws. The committee in a resolution denounced "these travesties upon justice, humanity and good government wrought at the hand and under the personal direction of Governor James and his reactionary advisers who command the Republican organization in Pennsylvania."

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 35 to 42), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody moods. Just get more fresh air, 8 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist in eliminating jittery nerves and those disturbing symptoms that often accompany change of life. Pinkham's is WELL WORTH trying.

James Kill, Civil Service

The VanAlstburg bill, opening the back door to political control of the State's direct relief system, was signed by Governor James.

It virtually destroys Civil Service protection for the 6000 public assistance employes, places the major administrative responsibility upon county public assistance boards, turns the glare of publicity upon relief clients themselves.
