LOCAL HIGH SOCCER TEAM TURNS BACK STRONG "STATE" TEAM; SCORE IS 0 TO 0

Displaying an excellent passing attack for an early season game, the Centre Hall-Potter soccer eleven held a heavier and more experienced State College high team to a nothing-to-nothing score on Friday afternoon.

The Little Lions, although boasting of a squad consisting of fourteen seniors, were turned back on many occasions and were forced to resort to a strong defensive game in order to ward off the well-executed passing attack of the "Tigers." The deadlock on Friday was a repetition of the game played between the two teams last year when the contest ended 2 to 2, at State College.

For the most part of the game the Centre Hall booters dominated the playing, but they were thwarted in scoring territory by the superior kicking of the visiting full-backs.

Outstanding for the orange and black were acting co-captain Don McCormick on defensive play, and George Martz on offensive situations. Bob Faust, the other acting co-captain for the day, was invaluable for his aggressiveness.

This coming Friday, October 6, the Centre Hall-Potter team will meet a strong Hubersburg club on the local field for the second home game of the year. The game is scheduled to begin at 3 o'clock.

The lineups:

Centre Hall	Position	State College
Smith	goal	Struck
Delaney	inside full	L. White
Treaster	outside full	Miller
Knarr	left half	Garner
McCormick	center half	Warner
Brooks	right half	K. White
Martz	outside left	Hosterman
Ralston	inside left	Hartman
Bradford	center fwd.	Bender
Faust	inside right	Beckel
Harter	outside right	Stanley

Referee, Russel Bohn, Centre Hall. Centre Hall substitutes—Frank, Homan, Goodhart, Moyer. State College substitutes—Weiser Spotts, Fisher.

FARM CALENDAR

Timely Reminders from The Penn'a State College School of Agriculture

Using Unmarketable Apples—Otherwise unmarketable apples can be made into sweet cider for which a ready sale usually exists, claim fruit specialists at the Pennsylvania State College. Only sound fruit, uninjured by insects, should be used if a high-quality product is desired.

Controlling Grain Weevils—Grain weevils which cause considerable damage to stored grain can be controlled by fumigating with carbon bisulfide, say extension entomologists at Penn State. It must be applied when the temperature in the bin is at or above 70 degrees F. Carbon bisulfide is explosive and must be kept from open lights.

Watch Heifers on Pasture—The feeding of hay, grain or other supplemental feeds may be necessary now for heifers on pasture, remind dairy extension specialists at Penn State. Otherwise they may lose weight. Heifers make the cheapest gains on pasture and supplemental feeds will prevent their losing it.

Growing Grass in Shade—The use of a mixture consisting of 50 per cent chewing fescue, 29 per cent perennial regrass, and 20 per cent poa trivialis will simplify the problem of growing lawn grasses in the shade, say extension agronomists at Penn State. Ample fertilization of the soil also helps. Fall seeding and fertilization is best.

Leaving Feed for Wildlife—If a few rows of corn are left standing alongside the woodlot or brushy fence row, feed and cover will be provided for wildlife this fall and winter, wildlife specialists at Penn State remind. Only the nibbles need be left hanging on the stalks.

Standardized Wheat Varieties—A survey by extension agronomists at Penn State shows that Pennsylvania farmers are now growing a relatively small number of varieties of winter wheat. Standardization is desirable they believe.

HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts. The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried or sleepless—your stomach often pours out too much acid. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say there's a laxative for stomach pain. It is dangerous and foolish. It takes those little black tablets called Bell-u-ans for indigestion to make the stomach digest, harmonize, relieve distress in no time and put you back on your feet. Bell-u-ans is so quick it is amazing and one 25c package proves it. Ask for Bell-u-ans for indigestion.
