### HOUSEHOLD QUESTIONS

**Mending Pillow Slips.**—Hem-stitched pillow slips that are too badly torn to mend neatly can have the hem cut away and a picot edge crocheted on.

**Browned Potatoes.**—Before frying cold potatoes slice them and well dredge with flour. This not only causes the potatoes to brown more quickly but improves flavor.

**Biscuit Pans.**—A shallow pan about one inch deep is the best to use in baking biscuits; otherwise the biscuits will not brown evenly on all sides.

**Electric Bulbs.**—Clean electric bulbs by covering with a paste made from cold water and carbonate of soda. Leave on for a time, then sponge with soapy water, rinse, and dry carefully.

**Laying Linoleum.**—Never try to lay linoleum when it is cold. It should be left for at least 24 hours in a warm room, so that the heat may penetrate to the center of the roll, otherwise it will crack and peel off when unrolled.

**Save the floors.**—Wax the bottom of glass or wooden cups placed under furniture. Furniture may then be moved more easily and in moving it will not scratch the floors.

### Buckram and Tacks To Stiffen Valance

By RUTH WYETH SPEARS  
"DEAR MRS. SPEARS: A friend gave me a copy of your Book 3 and I can't tell you what a transformation is taking place in my home, because of it. For a long time I have wanted living room curtains with smoothly fitted valances stiffened with buckram. Could you give me step-by-step directions for making them?"  
A four-inch valance shelf; buckram and thumbtacks are the only "extras" needed. 1: Cut the buck-

ram the exact size of the finished valance—no seam allowances. The chintz for the valance and the facing material are cut larger as indicated. 2: Outline the scallops by drawing around the buckram. 3: Stitch the chintz and facing with right sides together. Steps 4, 5, and 6: Trim the scallops; clip between them; then turn and press. 7: Insert the buckram; fitting it smoothly into the scallops. Turn in and stitch the top; allowing 1/2 inch to extend above the buckram. 8: Tack this soft edge to the shelf.
