That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizzinezs, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are some-times burning, scanty or too frequent urination.

- DOLLAR MAKERS-

One Method Of Advancing Is to Retreat

By GEORGE T. EAGER

ONS of rock and dirt must be excavated before a diamond is found. It is just as unusual to find among thousands of salesmen that rarity among those who sell—the man who believes in the selling power of understatement.

A coffee salesman startled the retail grocers of a large city by beginning his sales talk with the statement, "This is the second best brand of coffee on the market." Grocers

naturally asked, "Who makes the best brand of coffee?" to which the salesman would reply, "Each of my many competitors makes the best brand and they all will tell you so." Admitting having the second best brand

evidently placed him in a position where he was without competition and his sales results proved it.

A large baking company has successfully marketed a brand of bread in markets long held by established competitors. The new bread was well advertised in local newspapers. But under instructions from a president who knew the power of underselling, salesmen sold each grocer one or two loaves less than the store's normal demand. Grocers were soon telling late afternoon customers, "I'm sorry we are all sold out of that bread." It was not very long before storekeepers as well as customers unconsciously thought of it as the fastest selling brand and therefore the best bread. Grocers unconsciously recommended it to customers and customers soon began demanding it of grocers and its success was assured.

UP-TO-DATE 'REVOLUTION'

THERE could be no more I convincing way for the historian of the future to point out the high standards of living prevailing in this country than to contrast today's demands of those who want to overthrow our institutions with the demands of the revolutionists of other eras in the world's history. The French masses cried for bread and failing to get it brought on the French revolution. But when a present day advocate of revolution in this country recently made a speech he said: "Why should the citizensat least 90 per cent of them-be imprisoned behind the cruel bars of want when within

their grasp there are plenty of shoes, of clothes, of motor cars, of refrigerators to which they are

entitled?" From this point of view it is the salesmen who sell modern conven-

iences who are our most important national asset for the prevention of revolutions. We have 7 per cent of the world's population and starting with a wilderness have created and own today more than half of the world's wealth. Intelligent salesmanship and mass production have distributed this wealth so widely that stringent immigration laws are required.

The new industries created and developed in this country in the past 50 years now give employment to 10,000,000 men and women. Each new industry, whether it be automobiles, radio or rayon represents a new idea that has had to be first sold to the American people. It is significant that in this same period foreign countries, that have not developed their newspapers and publications as advertising vehicles for the dissemination of new ideas about things to buy, have not developed a single great new industry. If the United States has reached the point when revolutionists must cry for motor cars and refrigerators to get attention, it would seem that we are well on our way to prosperity.

Chemist Devises Method

For Hunting Submarines VINEYARD HAVEN, MASS .-- A chemical process by which the course and position of submarines could be checked is being considered by the war department, according to Dr. Max Trumper, Phila-

delphia bio-chemist. He said that certain gases discharged by a submarine when it rises to the surface to obtain fresh supplies of oxygen and recharge its batteries mingle with the water. A surface ship, by dropping certain chemicals which cause the water to change color on mixing with the gases could check the submarine's

SATURDAY NIGHT MEAT PIE

Hurry-Up Meals

What a feeling of satisfaction it creates to be able to confront the family with an attractive and substantial meal, even after a long afternoon of shopping or of bridge. It takes a bit of planning to accomplish that!

A selection of "Hurry-Up-Menus," planned to economize on time, without sacrificing quality, is the answer to that problem. Choose foods which can be prepared for cooking several hours in advance. A casserole dish requiring little cooking is a wise selection for the main dish of your meal; or, if you like, plan a broiler dinner or "grill" which can be cooked in little more

time than it takes to set the table. Appetite teasing meals, and meals that can be put together in only a few minutes' time, can be built around these popular and satisfying main dishes. In most instances all that's required to complete them is bread, a beverage, and a simple fresh fruit dessert.

Hasty Oven Baked Beans.

(Serves 6) 1 large can baked beans 1/4 pound bacon 1/4 cup light brown sugar

2 tablespoons tomato catsup Pour 1/2 can of baked beans in greased baking casserole. Dice 3/3 slices bacon and sprinkle over the beans. Add catsup, and then cover with remainder of baked beans. Sprinkle with brown sugar.

and top with bacon strips. Bake in hot oven (400 degrees) for 30 minutes. Serve at once.

Hasty Noodles. (Serves 6) 1 package noodles 8 slices bacon 2 eggs (well beaten) 1/2 teaspoon salt

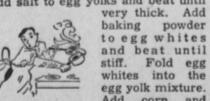

1/2 teaspoon pepper Cook the noodles in boiling, salted water until tender. Drain, and place in a slow oven to keep warm. Pan fry the bacon until crisp, and remove from drippings, and cut into small pieces. Drain off all but two tablespoons of the bacon fat, then place the bacon and noodles in the frying pan. Add well-beaten eggs and seasoning, and cook, folding gently, over a low fire for about five minutes, or until the eggs are set. Serve very hot. A crisp salad makes an excellent accompaniment for this meal.

Corn and Mushroom Omelet. (Serves 6)

2 tablespoons butter Drain the corn. Separate eggs. Add salt to egg yolks and beat until very thick. Add baking powder

whites into the egg yolk mixture. Add corn and green pepper and mix lightly. Pour into a hot buttered frying pan and cook slowly until omelet is browned and thoroughly cooked through. Dry lightly in warm oven (300 degrees). Drain mushrooms and dredge with flour. Saute in melted butter. Pour mushrooms over the omelet, fold, and place on

hot platter. Serve immediately. Mixed Grill. (Serves 5)

1 can condensed tomato soup 1/2 teaspoon salt 1/2 teaspoon pepper Pastry for 2-crust pie Butter (melted)

Mr. A., who discovered two mice in a trap, addressed the lady of the house in the following brief language: "Estimable madam, immediately disengage these obnoxious rodents from the shackles which have environed them and promptly convey their pestiferous carcasses across the street where the neighbor's happy feline may indulge in their luscious substance and partake of their most delightful and stimulating qualities which appeal to his marvelous appetite and enrich his inner propensities for the devouring of these detestable and troublesome creatures which inhabit our domicile."
