SHIREMAN'S NATIONAL SELF-DISCHARGING STEEL SPRING TOOTH Horse Rake!

Patented Sept. 9th, 1882, and Revissued Dec. 6th, 1864 THIS Rake is an Independent Steel THIS Rake is an Independent Steel Spring Tooth Rake, and has proven itself to be the most perfect HORES, RAKE now in nse. With this Rake the Horse does all the work, both the Raking and bischarging, by the Hriver moving a lever a few inches, which throws it into gear, and as the horse moves forward it raises the teeth and discharges its load, and then shifts out of gear itself, the teeth dropping down ready to rake again. By this operation it is so easily uncerstood that the Raker has hardly any work to do.

Important improvements have been made of late, making it very simple and durable in its construction. Thousands of them have been sold in the few last years and given the best kind of satisfaction.

as easily and conveniently as a Silk or Muslin Derss, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A LADY having enjoyed the PLEASTER, COMFORT, and great CONVENIENCE Of Wearing the DUPLEX ELLIPTIC STEEL PRENG SKIRT for a SINGLE DAT, will never afterwards willingly dispense with their use. For CRILDARN, MISSES and YOUNG LADIES they are superior to all others.

They will not bend or sheak like the Single Spring, but will presserve their PERFERT and GRACFFUL SHAPE when three or four ordinary Skirts will have been thrown and as useless. The Hoops are covered with DOUBLE AND TWISTED THERAD, and the BOTTOR EODS are not only double springs, but twice (or double) covered preenting them from wearing out when dragging down stoops, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONA-BLE WORLD. ELLIPTIC, or Double Spring Skirt, and beaure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE that skirts offered as "DUPI.EX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their full that and strength, and a combination not to be found in any other Skirt.

Having used DOTY'S CLTOHES' WASHER, and theroughly tested it, we have no estitation endorsing it as the bezt Washing Machine yet produced. It is simple in construction—is easily worked, and does its work well, without injury to cluthing. An ordinary washing, requiring usually 8 to 10 hours labor at the Wash-tub, can readily be done with the sid of Doty's Washer and the Uninarcal Clothes' Wringer, in one-third the time—economising time, labor, soap, fuel, &c.,—avoiding the necessity of wash-tubs, and enabling the person working to go through with a washing without wetting themselves or the floor. It really merits all the good that can be said of it. We do not think that any family, after fairly testing it, would dispense with it.

Pulmonary Diseases, Nervous Debility, Femal Weaknesses, or Chronic Disorders of any na-ture, and all Whose Vital Porces are depressed, rendering necessary

THIS WONWERFUL REMEDY was discovered an introduced about twenty years ago by Dr. S. Cheopesus, an eminent Egyptian physician:

He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of usarly all the remedies then in use. Thus he was led to think and experiment; and afterten years study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and care of disease, was so marvellours and satonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopeus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholors, both as a preventive and curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an outpee of prevention is worth a pound of cure, applies with marvellous force to cholors, and therefore any remedy that will protect un against this terrible disease should; be freely and persistently sued.

All pathologists now agress that the cholors poison acts he Highest Premium at the New Hampehire State W ORIGINAL COLOR. CLIMAX! CLIMAX!! PAGE'S CLIMAX SALVE,

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must present a sufficient accumulation of the poison to exert listerible effects on the organism. This is true not only of chairs, but of nearly all other maladies, especially the different forms of fever.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organism exercition and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herts, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting. REPARATOR CAPILLI

For restoring hair upon baid heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon baid heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or board. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given.
