Agricultural Implements. BRINKERHOEF'S CORN SHELLER, SEPARATOR

AND CLEANER. The underigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland. Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And in proof, it may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Ex-

position in Paris, in 1867, have selected this Shaller as the best in America," and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition. One important feature in this machine is that it will shell ears large, small or crooked. perfectly clean, and separates the cob and chaff from the Corn ready The fact may also be stated that at the great

trial of Agricultural Implements, at Auburn, N. Y., in July last, under the suspices of the New Tork State Agricultural Seciety, the Brinkerhoff
Corn Sheller, Separator and Cleaner was reported
by one of the most competent Committees as the
best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it

SALE & EXCHANGE STABLE. EWING MACHINES! THE GROVER & BAKER.

THE BEST IN USE.—These Machines have become so well known that little need be said by way of recommendation. They have taken the drest premium at all the late State Fairs, and are universally acanowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been satiained by no other Machine.—They are the only Machines that see and embroider with perfection: These Machines are peculiarly adapted to Family use. They are almost noiseless, saw directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. They savelabor, they savetime, and they save money, and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams co, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves. THE BEST IN USE .- These Machines have become 153. Needles and Phread will also be supplied.

THE BEST IN MARKET. READ THE FOLLOWING HOME TESTIMONY. GETTTSBURG, Pa., Jan. 8, 1866.

Having used DOTY'S CLTOHRE WASHER, and theroughly tested it, we have no estation endorsing it as the best Washing Machine yet produced. It is simple in construction—is easily worked, and does its work well, without injury to cluthing. An ordinary washing, requiring usually 8 to 10 hours labor as the wash-tub, can readily be done with the aid of Dety's Washer and the Universal Clothes' Wringer, in one-third the time—economizing time, labor, soap, fuel, &c.,—avoiding the necessity of wash-tubs, and enabling the person working to go through with a washing without wotting themselves or the floor. It really morits silthe good that can be said of it. We do not think that any family, after fairly testing it, would dispense with it.

A. M. HUNTER, W. C. STALLSMITH, R. D ARMOR, H. J. FAHNESTOCK. FROM REV. L. SCOTT. BISHOP OF THE M. E.

The undersigned having remodeled and improved his mills near New Chester, (formerly called "Walnut Grove," but now "dreat Coswago Mills") is prepared to do all kinds of work in his time with unusual dispatch. Constantly on hand, for sale or exchange, the very best qualities of Super, Extra, and Family FLOUR, also Rye, Corn and Backwheat Flour, with every variety of Chop and offall of wheat.

Having a SAW MILL attached, he is prepared to saw all kinds of lumber, at the shortest notice. A farmer in need of lumber and flour, can put a log upon his wagos, throw a few bushels of wheat on the top, have the wheat exchanged for fi.er, and the log sawed, thus saving a double trip—and all because of the new and perfect machinery now employed in these mills.

Having the best of workmen, he will be able to please every body. Thankful for past favors he hopes for a coatinuance of the same.

New Chester, A pril 23d, 1867,—1y. R.C. BROWNING.—Dear Sir;—We like our Machine much: could not be persuaded to do without it, and with the aid of Doty we feel that we are masters of the positions. "EMAIL DE PARIS." THE NEW BEAUTIFIER OF THE SKIN. Testimonials from Celebrated Ladies: The secret of beautifying the skin being known only to Messra. Jared & Rene, they honorably state that it differs from all other preparations. It gives to the most hard and freekled skin both the texture and color of polished and treating and obstained and color of potential force, removing all discolorations whether appearing as freekles, tan, morphew, moth, or blackworm specks, and is especially successful in smoothing out the marks left by Small Pox.

The agents of 'L'Email de Paris' most confidently submit to the public the earnest endorsements of such distinguished ladies as MIGNORA RISTORY, MIIO FELICITA VESTVALL, MIMS MAGGIE MITCHELL, Mrs. D. P. BOWERS, LU-CILLE WESTERN, Mad. PONISI, Mrs. EMMA WALLER, EUCY RUSHTON, NORMIE DE MARGUERITTES, Miss AG-

and many others, whose high standing in the profi-gives the stamp of truthfulness to their intelligent genuise approval. The Beautiful Lucille Western says:-I find that the "Email" produces all the brilliancy o rouge and illy-white, with the great and peculiar advantage of total harmlessness. It really adda to the softness and beauty of the skin. FRESCO PAINTERS. The Magnificent Vestvali says:-RESPECTFULLY inform the public lic that they are prepared to FRESCO CHURCHES, HALLS, PRIVATE RESIDENCES, &c., in the most approved styles, modern or ancient. All work warranted to give entifaction as to taste, durability and cheapness. April 25, 1867.—6m

I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use, that I consider it a perfect beneficion to find a preparation which gives the necessary whiteness to the akin, and leaves the skin cool and smooth.

Miss Maggie Mitchell says:— I have tried the skin beautifier, "L'Enseil de Paris," and found that it instantly imparts a natural bloom and reshness to the complexion. "Jared Esmil de Paris," is used as a delicate beautifie: of the skin for Theatre, Saloon, or Bail Boom, by the most refined and serupulous ladies; producing all the beanti-fying effects of rouge and lilly white, without their vulgar glare or inquiry to the skin.

He indicate seen and Dr the want of some remedy the want of some remeds. which would strike at this loot of discusses, and so prevent much of the sinfering which the human family was then compelled to endured?

This great question was presented to his mind every day in vivide of or as he maybed among the sick andifying and observed the insufficie 1; of nearly all the remedies then in new. Thus he was, led to think and experiment; and afterten years study had labor, he presented to his fellow-man the wonderful Zogoni Bitters. The effect of this preparation in the prevention and cure of discase, was so increation and astodishing, that the mass distance ing marks of royal favor tyre bestowed upon him who discovered to this name was placed upon the Roll of Nobles, and a gold medit will; the following inscription—Dr. S.Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventiviand curative messate, and with such great success, that it has token includeed into nearly all the general hospitals of the of a world.

The old saying that no obne of prevention is worth a pound of over, applyse with marvelions force to cholera, and therefore any remedy that will protect as against this terrible disease should be freely and persistently used. sued.

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on the excretesy organic and keeps them in working order, must prevent a sufficient a commulation of the poison to exert itaterrible effects on the organism. This is true not only of choicea, but of nearly all other maladies, especially the different torus of fever.

The Zingarl Bitters by just such a remedy as the above conditions require. It acts on the organism fexcretion and securious keeping up a perfect indiance between them.
