OUR COUNTY TICKET.

The candidates put in nomination by the Republican County Convention, are all so well and favorably known to the public, that it is hardly necessary to speak of them in detail. Dr. JORDY, the nomince for Assembly, is an accomplished young physician, who is making his mark in the eastern section of the county, by reason of his professional skill, general intelligence, and excellent private character. He would make a capital legislator, necessarily commanding influence in a legislative body, and could he of especial service to the county at the present time, in aiding to secure Border

"That the President is hereby authorized at any time hereafter by proclamation to extend to persons who may have perticipated in the existing rebellion in any State or part thereof, pardon and amnesty with such exceptions and at such times and on such conditions as he may deem expedient for the public welfare. This provision was repealed January last. While the bill was in the Senate a long discussion occurred on the question as to whether the repealed section conferred any power upon the President which he did not possess under the Constitution, and the best lawyers in that body maintained that it did, to wit: a power of wholesale amnesty, and that, therefore, the repeal of the section deprived him of that power, and left him nothing but the simple pardoning power expressed in the Constitution. If the President issue a new proclamation in the face of this action, it will be accepted as another indication of his determination to override the will of the people, as expressed through Congress.

The west especially will increase her majorities largely, and the reports from the eastern portion of the State are equal ly favorable. Considerable business was transacted and the work of a thorough organization oes bravely forward.

Upon motion of the Hon. EDWARD Mc-PHERSON, of Adams county, the following resolutions were unanimously adopted: Resolved, That the grateful thanks of the people of this State and nation are due to the Hon. Edwin M. Stanton for his fidelity to Liberty, and for the "zeal, patriotism, firmnes a

and ability" with which he ever discharged the important and onerous duties of Secretary of War, and that we will cordially welcome. from the action of the Senate, his restoration to that high post of responsibility and honor. Resolved, That Major General Philip H. Sheridan and Major General Daniel E. Sickles have endeared themselves to the hearts of all loyal men by their cistinguished gallantry and military services in the recent civil war, and especially to the people of this Commonwealth, by their heroism and success in protecting and defending us from rebel invasion.

Resolved, That the arbitrary and vindictive removal by the President of these illustrious public servants, in this critical juncture of national affairs, and at the dictation of baffled conspirators, evinces, in our judgment, a fixed purpose to nullify the wise and jus measures adopted for the restoration of the Union, and to dely the will of the people, constitutionally expressed, is an insult to the loyal sentiment of the entire nation, and an offense deserving exemplary punishment. Resolved, That Gen. U. S. Grant, by his firm and patriotic protests against the removal and attempted humiliation of his gallant co-laborers, his manifest respect for public sentiment and the laws of the land, has our most hearty and cordial thanks, and by west of Frederick, 160 acres, has been sold for the highest civic virtues has added lusture to the matchless greatness of his military fame. DREADFUL CASUALTY .- On Saturday last, a daughter of Dr. Blakistone, of St. Mary's county, Md., aged 11 years, having occasion to perform some household duty in the kitchen, caught fire and her clothes soon became enveloped in flame. A servant who was present attempted to extinguish the fire, but with out effect, and the child in its agony rushed into the yard where its cries soon arrested the attention of Mrs. Blakistone, Seeing its condition, this lady, with the brave and unselfish instincts of a mother, sought to put the fire out by enveloping the child with her own clothing, but finding this of no avail, she sought the house with a view of obtaining a blanket to smother the flames. Before she had proceeded many steps she discovered her own clothing to be on fire, and all other efforts proving unavailing, she threw herself upon a bed and sought to smother the flames by drawing the covering around her. But this was without effect. The fire still progressed and soon the flames had done their work upon both suffer; ers. Mrs. Blakistone survived but a few nor of Kentucky, died on Sunday.
