These World-renowned Sewing Machines were awarded the Highest Premium at the World's Fair, in London, and six First Premiums at the N. Y. State Fair of 1866, and are celebrated for doing the beat work, using a much smaller needle for the same thread than any other machines, and by the introduction of the most approved machinery, we are now able to supply the very best machines in the world.

These machines are made at our new and spacious Factory at Bridgeport, Conn., under the immediate supervision of the President of the Company, ELIAS HOWE, Jr., the original inventor of the Sewing Machine.

They are adapted to all kinds of Family Sewing, and to the use of Seamstresses, Dress Makers, Tallors, Manufacturers of Shirts, Collars, Skirts, Cloaks, Manufacturers of Swing, Hats, Cape, Corsets, Boots, Shoes, Harness, Saddles, Linen Goods, Umbrellas, Parasols, etc. They work equally well upon silk, linen. cotton or woolen goods with silk, cotton or linen thread. They will seem, quilt, gather, hem, fell, cord, braid, bind and perform every species of sewing, making a beantiful and perfect stitch, alike on both sides of the article sewed.

The Stitch invented by Mr. HOWE, and made on this Machine, is the most popular and durable, and all Sewing Machines are subject to the principle invented by him. Send for Circulars.

Zingari Bitters.

This wonwerful remedy was discovered an introduced about twenty years ago by Dr. S. Cheop sus, an eminent Egyptian physician.

He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all itie remedies then in use. Thus he was led to think and experiment; and after ten years' study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopeus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholers, both as a preventive and curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marrellous force to cholers, and therefore any remedy that will protect us against this terrible disease should be freely and permittently sucd.

All pathologists now agree that the cholers poison acts AT CARLISLE, PENNA. HIGHLY IMPORTANT TO YOUNG MEN CONTEMP-LATING A HUSINESS EDUCATION, All pathologists nowagree that the cholera poison acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert interrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fever.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organise excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbe, so nicely concocted that every organ is acted upon ani put in tone. Its taste is pleasant and its effects prompt and lasting. TO know that this Institution employs none but competent instructors in every department, and a samiciant number to insure individual instruction to all of its students, and being connected with "Dickinson College," enables it to present combined facilities of the highest order, while the current expenses attending a course here, are from 50 to \$100 less than at similar institutions in large cities. We think that when these facts are properly understood by those who contemplate sutering an institution of this order, they will not be long in deciding in favor of Carliale.

The following course of instruction should commend itself to all, who desire that kind of information most requisite to prepare them for any of the buriness pursuits in life.

prompt and lasting.

Numerous cases of the following diseases have been cured by it: Cholera, Diarrhæa, Dysentery, Scrofula, Typhoid and Typhus Fever, Fever, Ague, Nerrous Deblity, Ansemia, Female Irregularities, Dyspepsia, Flatulance College.
