THE RESULT. We give this morning the result of the Election in the County and State yesterday, so far as indicated by the returns that have come in. The Election passed off quietly in this county, the vote being light, and in consequence of the apathy in the Republican ranks, the Democrats carry the county-electing their entire ticket by majorities ranging from 300 to 400. Mr. SHIVELY, our candidate for Commissioner, made a handsome run in

his own district, leading the ticket 72. The Liquor and Sunday law questions with other local issues, have swent Philadelphia, for the time, from its Republican moorings, and the heavy Democratic gain there endangers the State ticket .-There has evidently been a very light vote in the State, with a corresponding diminution of the Republican vote. The following despatch from Col. JORDAN, Chairman of the Republican State Committee, is the latest we have !

FR. JORDAN. Concerning the question of impeaching President Johnson, it will be interesting to know that several prominent Republican members of Congress have advanced the opinion that immediately following the presentation to the Senate of articles of impeachment by the House, the President would be placed in the same condition as a man indicted by a grand jury for any crime or misdemeanor, and 233. as a natural sequence would be virtually under arrest or in the custody of the officers of the House. They claim that the passage of a bill of the nature above mentioned is not necessary, as the logical result of impeachment would be the suspension of the officer impeached pending his trial by the Senate.-They also argue that the President in suspending Secretary Stanton, although he acted ostensibly under the provisions of the Tenure of Office Bill, has established a precedent which the House can consistently follow, as they insist that if the Senate refuses to sustain the Democratic majority of 700— Republican removal of Stanton he will be restored to the War Office, and that if the Senate refuse to loss of 198. find Mr. Johnson guilty of high crimes and misdemeanors under the articles of impeachment presented by the House, if they are presented, he would be restored to his office.this subject will be submitted early during the coming session, and may exert considerable influence on the passage of the bill providing Mississippi, 17,865; South Carolina, 24,845; for such suspensions.
