EWING MACHINES

THE GROVER & BAKER. THE BEST IN USE—Thes Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acanowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine.—They are the only Machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be 13. Needles and Throad will also be supplied.

Mother! I love thy grave!

'Tis a sweet flower; yet must

And I could love to die-

And I must linger here

Aye. I must linger here,

And share thy dreams.

Dear Mother, 'tis thine emblem-dust

By thee, as first in childhood, lie,

To stain the plumage of my sinless years.

A lonely branch upon a withered tree,

Whose last frail leaf, untimely sere,

And muse on thee, the only flower

I stray to hear the night winds wail

Oft from life's withered bower,

And when the evening pale,

Where is thy spirit flown?

I listen, and thy gentle tone

> TREE PLANTING .- In planting trees this fall, all should remember that it is requisite to set the tree only just so deep as to enable it to stand, for we can earth to protect it from heaving off the winter's frost; and as soon as spring opens and the ground is leveled down, the roots will start and seek their appropriate depths. If we dig a deep hole, especially in hard clay soil, and fill it with good loam and set our tree therein, we first invite the water, there as into a cistern—and second, we cause a vigorous growth of roots, until they reach the undisturbed clay when a check is at once perceptible; and often an orchard stands from five to seven years without apparently making any progress.
