THERE are now strong indications that the

union of the different branches or "schools" of

the Presbyterian church, which has been

mooted for several years past, will soon be

accomplished. A convention of representa-

tives from the separate associations was held

in Philadelphia recently, for the purpos of de-

veloping a feasible plan of union. George

II. Stuart was the presiding officer. A plan

was adopted, which provides for the recogni-

tion of the Westminster Confession of Faith,

the toleration of Heidelberg Confession, makes

the Divine authority of the Bible an indispen-

sable principle, and while recommending the

use of the Psalms provides for the toleration

of the ordinary hymns. The action of this

convention has no binding effect, of course,

but is likely to have a great influence in bring-

IRON IN THE BLOOD.

The necessity of a due proportion of iron in the blo

duced from any cause whatever, the whole system suffers

the weakest part being first attacked, and a feeling of

languor, lassitude, and "all goneness" pervades the sys

tem. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead

of oats. The true remedy is to supply the blood with the

necessary quantity of iron. This can be done by using the

a protected solution of the protoxide of Iron, which is prepared that it assimilates at once with the blood, giv-

ing strength, vigor and new life to the whole system.

To take medicine to cure diseases occasioned by a defi iency of IRON IN THE 18 00D, without restoring it to

foundation is gone.

An eminent divine says: "I have been using the PERU

VIAN SYXUP for some time past; it gives me new vigo buoyancy or spirits, elasticity of muscle."

Pamphiets containing certificates of cures, and recor

mendations from some of the most eminent physician clergymen and others, will be sent tree to any address. The genuine has "PERUVIAN SYRUP" blown in the g. ass J. P. DINSMORE, Proprietor.

Two Tablespoonfulls of the Extract of Sarsaparilla,

of Sarsaparilla, or the decoctions as usually made.
An Interesting Letter is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla, in certain effections by Benjuamin Travers, P. B. O.
etc., Speaking of those diseases, and diseases arising
from the excess of murcury, he states that no remedy is
equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug 1 am acquainted with. It is, in the strictest, sense, a tonic with this
invaluable attribute, that it is applicable to a state o
the system so sunken, and yet so irritable as renders
other substances of the tonic class unavailable or injurous.
