CONGRESS.

The last week has been of unusual in terest in Congress. The SENATE debated the bill to repeal the Cotton tax but reached no conclusion upon it.

The House was the centre of interes An amendatory Reconstruction Act was passed making a majority of the votes cast sufficient for the ratification of the new Constitutions in the Rebellious States, and permitting the election of the legal number of Representatives to Congress at the same time, who may be admitted when the State shall be restored. The bill passed by a party vote and has gone to the SENATE.

One of the financial measures alluded to last week as in preparation, has been reported in the Senate by Mr. SHERMAN of Ohio. It proposes a scheme for funding the National Debt and for the conversion of the notes of the United States. Details are comparatively unimportant as they may be modified; but the general idea is to authorize a new consolidated loan at 6 per cent. interest in coin, to take up the existing securities of the U. S., these loans and the income from them to be exempt from every kind of taxation in consideration of one per cent. of the interest being reserved by the Treasurer of the United States as he pays, onehalf of which sum shall be distributed among the States in proportion to population, and the other half applied to the payment of the National Debt. The 5-20 bonds shall be exchanged for these bonds at the expiration of five years from the date of their issue; and such bonds as are now redeemable shall be presented for exchange by November 1st next.-The new bonds are to be disposed of at not less than par; and foreign holders of Five-Twenties are to receive in exchange a bond with 4½ per cent. interest, in coin, payable in Frankfort or London. Under this bill, Pennsylvania's income, annunually, would be about \$850,000. This subject will be taken up after the Holiday recess, and matured at an early day.

The Clerks in Washington narrowly escaped having voted to them in the House an increase of twenty per cent. on their salaries for the current fiscal year. The proposition was at first put on a deficiency bill, by a vote of yeas 73, nays 70. But the bill was immediately afterwards tabled-yeas 74, nays 67. The bill was then taken up and passed without the amendment. On the 20 per cent. proposition, parties were divided. Of the 24 Democrats who voted, 16 were for the 20 per cent, and 8 against it. 16 of them did not vote. Mr. Koontz of this district voted against it, in all its forms.

Mr. SEWARD has concluded a treaty with Denmark, as is now known, for the purchase of the islands of St. Thomas and St. Johns for \$7,500,000 in gold, with a prospect of adding St. Croix for about \$3,750,000 more. The treaty is now before the Senate for ratification. The Danish Government is willing to sell, because too poor to keep, the islands; and our purchase of them is urged on the ground of their usefulness to our commerce. To this, there are two sides,-Vice Admiral PORTER has written a glowing account of St. Thomas, and the in a description of a terribly destructive hurricane on the 29th of October, and of soldier in the South, since the war." an earthquake on the 18th of November. Of the people, Admiral PORTER remarks: "It may be well to mention that the inhabitants are mostly colored, but they are extremely well educated. Nearly all the clerks

in the stores are colored. Alaska has cost us \$7,000,000 in gold ; these islands will double it, and, with St. Croix, will, if approved, swell the purchases of the Government for this year, to \$20,000,000. Mr. SEWARD has no idea of dying and not leaving monuments to his name—even if they be of debt foolishly and wastefully made. Of course, the jority, the responsibility of extravagant appropriations, claiming for themselves

a spirit of economy! Meanwhile we have a rumor that Spain offered us Cuba and Porto Rico for \$150. 000,000 in gold! Cuba has about 2,000 square miles less than the State of Ohio. Porto Rico contains 3,933 square miles, and the Virgin Islands 89. The total area is 39,779 square miles, and the population 1,511,660.

It is not likely that the Danish purchase will go through. The Senate Committee on Foreign Relations are said to cans the credit of having tried to make the message as indicating the President's a mass of blackened and charred remains. be nearly unanimous against it. Congress adjourned on Friday over the

As President JOHNSON did not send in his veto of the bill striking out the word "white" from the laws of the District of Columbia, the bill fails to become a law, the intervening of an adjournment before the expiration of the ten days in which the President can determine whether to approve or not, defeating an act. A REMARKABLE MESSAGE.

Last Wednesday President Johnson sent to both Houses of Cong ess the following message, applauding Gen. HANcock's course in Louisiana. It created some indignation in the Senate, and was in their enforcement of the Reconstruction acts. The Democracy understand purpose to steal a march on PENDLETON. SEYMOUR & Co., by pushing HANCOCK names. as the Administration candidate for the Presidency. The following is the message:

Gentlemen of the Senate and House of Representatives: An official copy of the order issued by Major General Winfield S. Hancock, Commander of the Fifth Military District, dated Headquarters in New Orleans, La., on the 29th day of November, has reached me through the regular channels of the War Department, and

I herewith communicate it to Congress for such action as may seem to be proper in view of all the circumstances. It will be perceived that General Hancock of their proper duties; and that he will use his military power only to preserve the peace and to enforce the law He declares very explicitly that the sacred right of the trial by pury and the privilege of the writ of habeas which the car was reduced by its terrible de-corpus shall not be crushed out or trodden under foot. I respectfully suggest to Congress that some public recognition of General Hancock's patriotic conduct is due, if not to him, to the
