EXHIBITIONS.—Exhibitions will be given by Center Mills School on Thursday and Friday evenings next, to consist of speeches, music, &c.

REMOVED.—McDonald and Williams, arrested at Fairfield and lodged in jail here, for robbing the store of J. W. Miller, near Mechanicstown, Md., were, last week, removed by the Sheriff of Frederick county, on requisition of the Governor.

PREMIUMS.—The York Springs Building Association is in successful organization, the Stock being all disposed of, some changing hands at a premium. On Saturday evening last, the money on hand was sold at 33½ per cent. premium.

On Saturday evening the Gettysburg Building Association sold its money at 40½ per cent. premium.

EARLY TOMATOES.—To have tomatoes early plant a few seeds in a box or pot.—They will soon germinate and grow very rapidly, and when the plants are two inches high, set one of each in boxes three inches square, or very small flower pots, and give them the same attention the house plants get. As soon as all the danger from frost is over, transfer the tomato plants, which will now be budded and perhaps covered with miniature fruit, to the south side of a high fence or sunny side of a building, into not over rich soil, and you will have ripe tomatoes in July.

LECTURE.—On Friday evening Rev. Dr. McCron, of Baltimore, delivered in Agricultural Hall, in presence of a large audience, the fifth of the series of Lectures arranged by the Literary Societies of the College, his subject being, "Industry, its trials and triumphs." It was a fine effort, abounding in brilliant thoughts, classical allusions, and eloquent vindications of the dignity and nobility of labor. Dr. McCron, at the close of the Lecture, by special request, read Tennyson's "Charge of the Light Brigade," which, as also the Lecture, was rapturously applauded.

LECTURE ON MORMONISM.—We understand that Col. A. K. McClure, of Chambersburg, has accepted the invitation of the Committee of the Literary Societies of the College to deliver one of the course of Lectures now in progress, and will lecture in Agricultural Hall on Monday evening March 23, on "*Mormonism*." Col. McClure spent the greater part of last year in Utah, Montana and other Western territories, and being a shrewd, close observer, with an eminently clear, practical mind, the results of observation and experience must furnish his a Lecture of more than usual interest. His letters to the New York *Tribune*, during his tour in the territories, attracted much attention. Since his return, he has received numerous invitations to lecture, but has been compelled to decline most of them, by reason of pressing engagements, and comes to Gettysburg at the urgent solicitation of the Committee and personal friends. We predict a full house on the evening of the 23d.

SUDDEN DEATH.—Mr. Henry Myers, one of the oldest and most respected citizens of New Chester, died suddenly on Friday night last, of apoplexy. He was in ordinary health on Friday, and in the evening went out into the yard. Not returning for some time, his absence was noted, and search made, when he was found in an out-house, speechless and in a dying condition. He was carried to the house and Dr. Melhorn immediately called in, but without avail, as Mr. Myers expired about 2 o'clock the same night. The deceased was widely known and respected as an upright citizen, enjoying in an usual degree public confidence and esteem. He was in the 77th year of his age.

CONFERENCE.—The Conferees of Fulton, Bedford and Somerset were to meet yesterday to select a delegate to the Republican National Convention. Fulton had instructed for Dr. Duffield, and Bedford for Hon. John Cessna. Somerset presents no name, but would probably vote for Mr. Cessna.

It is understood that the other delegate (each Congressional district being entitled to two) is to be chosen by Franklin and Adams. If our recollection serves us right, four years ago Franklin urged John Stewart, Esq., of Chambersburg, and Adams Dr. Fahnestock of this place, the Conferees deciding in favor of Franklin. Courtesy would therefore give the delegate this year to Adams.

A NUISANCE.—On Saturday evening week, during the Phrenakosmian exercises in Agricultural Hall, many of the audience were annoyed by a number of small boys and girls, who sought admittance evidently for no other purpose than to annoy, by incessant whispering, talking, shuffling of feet, &c. The same thing has been remarked on other occasions, with a growing tendency to mischief. The nuisance should be abated, and we respectfully suggest to the College authorities that in future special police be employed with instructions to eject these youngsters thus misbehaving—or what would probably be better, see that children, unaccompanied by parents or adults, are excluded from these public exercises.

SPRING ELECTIONS.—We hope our Republican friends in the townships will not be caught napping at the elections to take place on the 20th of this month for township officers. These elections are always important—this year especially so, in view of the Presidential contest next fall. Bear in mind the Secret Circular of Wallace, the Chairman of the Copperhead State Committee, which we published a few weeks ago, urging quiet but effective organization in order to secure as many election officers as possible. Give them the control of the election boards and the enormous frauds by which the Copperheads carried the State last fall—by which they elected Judge Woodward in the Luzerne district, where fraudently naturalization papers were manufactured by the thousands—will be repeated *ad libitum* next fall. See to it that this game is blocked by nominating good and true men as candidates for township offices, and then elect them by bringing out a full vote. Forewarned—forearmed.

MORE SNOW.—It has been snowing more or less for several days, and the snow now lies 15 or 18 inches deep, with intensely cold weather—the mercury yesterday morning going down to zero.

LEGISLATIVE.—Last week Mr. McConaughy read in place an act granting a pension to Jacob Comfort, of Adams county, a soldier of the war of 1812, which was referred to the Committee on Pensions and Gratuities.

The supplement to the Act incorporating the Adams County Mutual Fire Insurance Company, reported by Mr. McConaughy, has passed the Senate. It provides for 11 instead of 21 managers, and is asked for by the Company.

The Border Relief Bill, appropriating $500,000 to Adams, Franklin, Fulton, Bedford, York and Cumberland counties, as indemnity for property destroyed, damaged or appropriated for the public service, and in the common defence, in the war to suppress the rebellion, the $500,000 to be divided *pro rata* as a final appropriation (damages for burning of Chambersburg being excluded)—came up the House last week, on the reading of the private calendar, but was objected to by Mr. Mann, of Potter, and went over. It will come up this week, when the calendar of objected bills is reached. We regret to say our information from Harrisburg is not favorable to the passage of the bill. As a measure of fairness and justice to the border counties which suffered so heavily from their exposed condition, growing out of the inability of the Government to protect them, the bill ought to be passed promptly. Upon these counties, as shields for the balance of the State, was inflicted all the damage which Rebel power and malignity could inflict, and it is supremely selfish in the representatives of more favored counties to refuse to contribute towards making good at least a portion of these damages.

The Bill changing the time of holding Courts in Adams county, heretofore noticed, has passed both Houses and been approved by the Governor.

An interesting and lively debate was had in the Senate last week on resolutions approving the impeachment of the President. The resolutions as prepared by Mr. McConaughy and reported by the Committee on Federal Relations were finally adopted by a strict party vote, viz:

Resolved, That the thanks of the people of this Commonwealth are due and are hereby tendered, through their immediate Representatives, to the House of Representatives of the Congress of the United States for its fidelity to the people and its promptness in preferring articles of impeachment against Andrew Johnson for his late acts of usurpation.

That the thanks of the people of Pennsylvania are due and are hereby tendered to Edwin M. Stanton, Secretary of War, for his courage and fidelity in resisting the attempted invasion of his office and violation of the fundamental law, and his resolute resistance to Executive encroachment.

The supplement to York and Gettysburg Turnpike Company, noticed last week as having passed the House, simply legalizes past elections of officers, &c., the second section, which authorized the collection of toll from all persons using the pike whether passing through toll-gates or not, having been struck out by reason of numerous remonstrances being sent in.

GAS COMPANY.—The following gentlemen were unanimously elected officers of the Gettysburg Gas Company, on Monday evening, viz:

President—E. G. Fahnestock.
Managers—A. D. Buehler, H. D. Waitles, J. B. Danner, W. A. Duncan, S. R. Russell, M. Eichelberger.

Rev. Dr. Jacobs, to whom our citizens are largely indebted for the existence of the Company, under whose supervision the Gas Works were erected, and who has acted as President ever since the organization of the Company, declined a re-election by reason of ill-health. The annual statement shows the Company to be in a very prosperous condition. The consumption of gas during the past year, realized $4,426.15, being in excess of any previous year. The statement shows a cash balance in hands of Treasurer of $1,485.46, after payment of dividends and working expenses. It is intended to put up another bench of retorts, the expense of which, with other contemplated improvements, will be about $700.

ADDITIONAL BOUNTY.—Under the act of July 28, 1866, giving additional Bounty to soldiers who served in War to suppress the Rebellion, it was ruled that the Bounty was payable to the soldier himself, but not to his heirs. Hence when the soldier died subsequent to discharge no Bounty could be recovered. This is remedied by a recent Act of Congress, approved Feb. 21, 1868, which we subjoin for the information of persons interested:

Be it enacted, &c., That if any person or persons entitled to the bounty provided by sections 12 and 13 of the act making appropriations for the civil service, approved July 28, 1866, shall have died or shall die before receiving said bounty, it shall be paid to the heirs of the soldiers as designated in said act in the order therein named, and to none other.

MORNING GLORY STOVE.—Great improvements in Stoves have been made within the last few years by scientific men, who have directed their attention to the work of securing the greatest amount of he at from a given quantity of fuel, and it is now admitted on all hands that the base-burn ing stoves are beyond all question the most economical and comfortable. Of the base-burn ing stoves, it is also now admitted by all who have tested them, that the MORNING GLORY is equally beyond question the MOST ECONOMICAL, and most desirable—consuming the least coal, easily managed, free from dust, and producing a uniform heat which is equally diffused throughout the room. Having a mill-grate, they never clog up with cinders, and being once started can be burnt the entire winter without cleaning and without letting the fire go out. They are likewise ornamental, and equally adapted for parlor, chamber, office, hotel and hall. Over FIFTY of these stoves have been sold in Gettysburg and vicinity this winter. They can be seen in daily use at the Eagle Hotel, and the Washington House, and also at the "Star and Sentinel" office.

☞Col. C. H. Buehler, at the corner of Railroad and Carlisle streets, is the sole Agent for the MORNING GLORY, for Adams county.

☞Also, on hand a large variety of COOKING and PARLOR STOVES, COAL, LUMBER, Washing Machines, Tin Ware &c. Call and examine. tf

BITTERS.—In the medical world, now-a-days, Bitters are all the rage. In one form, or another, under one name or another, they and their staring advertisements are to be found, professing to cure all the ills flesh is heir to, from a bump on the head to the small pox. Of their efficacy in general we know nothing, but there is one variety concerning which we hear praise from all.—We refer to Hoofland's German Bitters. This is not a mere preparation of some sort of liquor and bitter herbs and barks, but a Medicine designed for Diseases of the Stomach and Bowels, and of great power and usefulness. We have not made these assertions without consulting those who know, and are competent to judge, and they all fully endorse what we say.

The above remarks are copied from the Editorial columns of the *Eagle*, Poughkeepsie, N. Y. You will recollect that *Hoofland's German Bitters* is entirely free from any alcholic ingredients. HOOFLAND'S GERMAN TONIC is a combination of all the ingredients of the Bitters with *pure* Santa Cruz Rum, orange, anise, &c. It is used for the same diseases as the Bitters, in cases where some Alcoholic Stimulant is necessary, and makes a preparation delightfully pleasant and agreeable. Principal Office, 631 Arch St., Philad'a, Pa. Sold everywhere. tf

BOILS.

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its *Life Element*, IRON.

THE PERUVIAN SYRUP,

(a protected solution of the Protoxide of Iron) will do this effectually, and give *strength*, *vigor* and *new life* to the whole system.

Extract of a letter from Rev. Richard S. Edes, of Boston, Mass.:

"For years I was a sufferer from Boils, so that my life became wearisome through their frequent and persistent recurrence; finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles; since then I have had nothing of the kind. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intuitive reason, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."

NO LOSS CAN BE MORE FATAL TO BEAUTY, ESPECIALLY in the female sex, than the loss of the hair: closely, then rismal look succeeds, like mourning, to the personal charms. When baldness or even a deficiency of hair exists, we naturally look for a dry and wrinkled skin, a faded complexion, and actually age in the face we see them in imagination. Why, then, not cultivate your hair? Rescue rags it and strengthen it; or if your hair is gray or white, the natural color can be restored by a few applications of Mrs. S. A. Allen's Improved (new style) Hair Restorer or Dressing, (in one bottle.) Price One Dollar. Every Druggist sells it. [Mar. 4.-1m

ADDRESS TO THE NERVOUS and debilitated whose sufferings have been protracted from the neglect, or by whose cases require prompt treatment to render existence desirable. If you are suffering or have suffered from involuntary discharges, wet dreams, nervousness, weakness of the general health? Are you weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or stomach organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or flocky, or is it ropy on settling? Or does a sticki sediment settle to the bot. Or is a sediment at the bottom after it has stood awhile? Do you have specks of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, irritable, tired of company? If so do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye not brilliant? The bloom on your cheek so bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to melancholy? If so, do not delay. It is Your body weak, your knees weak, and have but little energy, and you attribute this to dyspepsia or liver complaint?

Now, reader, self-abuse, venereal diseases badly cured, or mercurial practices, are all capable of producing weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those lively, sparkling, energetic, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of nervousness, want of confidence, or palpitation of the heart. They are never afraid they cannot succeed; they are sure they become and can succeed; they are always polite and pleasant in the company of ladies, and look you and them right in the face—many of your doctors and others can not. Some men shun them. I do not mean those who keep the organs inflamed by running to excess. These will not only destroy constitutions, but also those they do beat sons with or for.

How many men from badly-cured diseases, from the effects of self-abuse, and to excesses, have brought about that state of weakness in those organs that has reduced the general system so much so to induce almost every other disease—nervousness, paralysis, spinal affection, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Disease of these organs requires the use of a diuretic.—Helmbold's Extract Buchu is the article. It is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these organs, and if they are not healthy the food part of Posterity, depends upon prompt use of a reliable remedy.

THERE ARE TWO SPECIAL QUALITIES WHICH DETERMINER and fix the superiority of Mrs. S. A. Allen's NEW STYLE IMPROVED HAIR RESTORER or RENEWER, in one bottle, over all other preparations for the HAIR. First, the prompt, quick action, great growth, fine, and vigor that it is sure to give to the Hair, when nothing, but a few applications, to restore Gray or White Hair to its natural color, imparting to the Hair a delightful sense, fresh, delicate, and unchangeable in its freshness. Second, its very application without any previous preparation of the Hair; without that sticky and disagreeable sulphur odor found and complained of in all other preparations. It never soils the skin or Linen. Ladies will find it a standard Toilet luxury to dress their Hair. It restores the Hair in any desired position, and is cooling, healing, and cleansing to the Scalp, removing immediately all scurf, dandruff, and pimples. Price one dollar. Sold by all Druggists.
