THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopeus, an eminent Egyptian physician. He had long seen and felt the want of some romedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

This great question was presented to his mind overy day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was led to think and experiment; and afterion years' study and indown, he presented to his fellow-manthe wonderful Zingari Bitters. The effect of this preparation is the prevention and care of disease, was so mirreflour and astonishing, that the most flattering marks of roysl fixfor were bestowed prom him who discovered it,—it agold modal with the following inscription—Dr. 8.
