They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most polatable. The atomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathising as closely as itdoes with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases: Constipation, Flatulence, Inward Piles, Fullness
plood to the Head, Acidity of the Stomach, Nausea,
Ileart-burn, Disgust for Food, Fulness
or Weight in the Stomach; Sour

The sufferer from these diseases should exercise th

Dr. Jackson—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for one from my usual course, to express my full conviction that for general debtility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but neatly, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,
