OMPONITION THE COCKLES OF Sitting in a station the other day, I had a Hitle sermon preached to me in the way I like; and I'll report it for your benefit, because it taught one of the beautiful lessons which we all should learn, and taught it in such a natural, simple way, that no one could forget it. It was a bleak snowy day ; the train was late; the fadles'-room dark and smoky; and the dozen women, old and young, who sat waiting impatiently, all looked cross, low-spirited, or stupid. I felt Il three; and thought, as I looked round, that my fellow-beings were a very unamiable and uninteresting set.

what a sweet face she had, though I'd conaidered her rather plain before. I felt dreadfully ashamed of myself, that I had grimly shaken my head when the basket was offered to me; and, as I saw a look of interest, sympathy, and kindliness come into the dismal faces all round me, I did wish that I had been the magician to call it out. It was only a kind word and a friendly act; but somehow, it brightened that dingy room wonderfully. It changed the faces of a dozen women; and, I think it touched a dozen hearts, for I saw many eyes follow the plain, pale lady with sudden respect; and when the old woman, with many thanks, got up to go, several persons
