AN INQUIRY. MR. EDITOR :-Will some of your correspondents have the kindness to inform me who first introduced among us the use of Plaster of Paris as a fertilizer? The story is often told of Dr. FRANKLIN writing in plaster, on the grass, the, "This is Plaster of Paris," and thus introducing it, by the superior growth of the herbage on which it had been placed, to the notice of farmers. This anecdote has been so frequently repeated, and believed by its numerous hearers, that it was painful to

see it contradicted in a late number of a Southern paper. Can you, Mr. Editor, or any of your friends throw any light on this point? Did Dr. Franklin do this thing or in any way promote the use of plaster, or write

Reapers and Mowers. A careful examination of these machines will commence any one of their, superior merits over all others, in atrongth, durability, case of draft, and ratiability for work, on all kinds of ground, and in every variety of grass and grain. Confident of this we invite those in want of a good machine to examine for themselves before purchasing elsewhere.

These machines can be said as Naket Nowara. These machines can be sold as Naked Mowers—
REAPERS as Hand Rake, Self-Rake, or Dropper.—
Two different sizes: No. 1 Machine, with two cuttor

we have that confidence in these machines that we are willing to let these wanting a machine test them with any other they may wish, and keep the one that gives most satisfaction. DODGE'S AUTOMAN SELF. KAKE has given such general satisfaction that we consider it the best Siel-Rake out, and is attached to no other machine except the Bodge Machine, the Ohio and Backeye patent.

For the benefit of those wanting machines we would refer them to a few of those to whom we have sold the last season, viz: John Deardorff, Sen., Ephraim Lady, George Lady, Jonathan Wisler, James Mickley, Henry Culp,
